

## ***PART I: LOWER EXTREMITY***

### **Section 1: Pelvis**

**Chapter 1: General Considerations**

**Chapter 2: Iliofemoral Pseudarthrosis and Arthrodesis**

**Chapter 3: Allograft Prosthetic Composite**

**Chapter 4: Prosthesis**

**Chapter 5: Saddle Prosthesis**

**Chapter 6: Anterior Flap Extended Hemipelvectomy and Spinopelvic Arthrodesis**

**Chapter 7: Periacetabular Metastasis**

### **Section II: Sacrum**

**Chapter 8: Sacrectomy**

### **Section III: Proximal Femur**

**Chapter 9: General Considerations**

**Chapter 10: Megaprosthesis for Non-Neoplastic Conditions of the Proximal Femur**

**Chapter 11: Megaprosthesis**

**Chapter 12: Allograft Prosthesis Composite Replacement for Bone Tumors of the Proximal Femur**

**Chapter 13: Internal Fixation/Metastatic Bone Disease**

### **Section IV: Distal Femur**

**Chapter 14: General Considerations**

**Chapter 15: Megaprosthesis of the Knee for Non-Neoplastic Conditions**

**Chapter 16: Megaprosthesis**

**Chapter 17: Distal Femur Osteoarticular Allograft**

**Chapter 18: Distal Femur Allograft Prosthetic Composite**

**Chapter 19: Arthrodesis of the Knee**

**Chapter 20: Proximal Tibia/Megaprosthesis**

**Chapter 21: Transepiphyseal Intercalary Resection and Reconstruction**

**Chapter 22: Internal Fixation/Metastatic Bone Disease**

### **Section V: Ankle**

**Chapter 23: General Considerations**

**Chapter 24: Arthrodesis**

**Chapter 25: Surgical Technique of Prosthetic Replacement Around the Distal Tibia for Tumor**

## ***PART II: UPPER EXTREMITY***

### **Section VI: Shoulder**

**Chapter 26: General Considerations**

**Chapter 27: Anterior Flap Extended Hemipelvectomy and Spinopelvic Arthrodesis**

**Chapter 28: Distal Radius Osteoarticular Composite**

**Chapter 29: Allograft Prosthetic Composite**

**Chapter 30: Arthrodesis**

**Chapter 31: Megaprosthesis (Total Humerus)**

**Chapter 32: Intercalary Prosthesis in Reconstruction of Humeral Defects**

**Chapter 33: Internal Fixation/Metastatic Bone Disease**

### **Section VII: Elbow**

**Chapter 34: General Considerations**

**Chapter 35: Massive Bone Loss About the Elbow**

**Chapter 36: Proximal Humerus Osteoarticular Allograft**
