|--|----|----------|--|-----|
| Section I Principles | 1 | 4.3 | Pruritus | 45 |
| | | 4.4 | Pain | 46 |
| 1 Anorectal and Colonic Anatomy .. | 3 | 4.5 | Discharge | 47 |
| <i>Felix Aigner and Helga Fritsch</i> | | 4.6 | Fecal Incontinence | 48 |
| 1.1 Introduction | 3 | 4.7 | Diarrhea | 49 |
| 1.2 Basics of Embryological Gut Development | 3 | 4.8 | Constipation | 50 |
| 1.3 Anatomy of the Colon and Anorectum | 5 | 4.9 | False Need to Defecate | 50 |
| 1.4 Pelvic Floor Topography | 11 | 4.10 | Conclusion | 51 |
| 1.5 Conclusion | 14 | | | |
| 2 Anorectal and Pelvic Floor Physiology .. | 19 | 5 | Proctological Examination | 55 |
| <i>Søren Laurberg and Klaus Krogh</i> | | 5.1 | <i>Jean-Claude R. Givel</i> | |
| 2.1 Introduction | 19 | 5.2 | Introduction | 55 |
| 2.2 General Aspects of Colorectal Motility | 19 | 5.3 | Medical History | 55 |
| 2.3 Generation and Control of Colorectal Motility | 20 | 5.4 | General Examination | 55 |
| 2.4 The Anal Canal | 21 | 5.5 | Local Examination | 56 |
| 2.5 Defecation | 22 | 5.6 | Endoscopy | 59 |
| 2.6 Methods to Study Anal, Rectal, and Colonic Function | 23 | 5.7 | Complementary Examinations | 61 |
| 2.7 Anal Continence and Normal Bowel Movements | 27 | | Specific Conditions | 61 |
| 2.8 Practical Guidelines for Use of Tests of Incontinence and Constipation | 27 | 6 | Lower Gastrointestinal Endoscopy: Diagnosis and Treatment | 65 |
| | | 6.1 | <i>Philippa L. Youd and Brian P. Saunders</i> | |
| 3 Colonic Motility and Physiology .. | 31 | 6.2 | Introduction | 65 |
| <i>Kumaran Thiruppatty and Anton Emmanuel</i> | | 6.3 | When to Perform a Colonoscopy ... | 65 |
| 3.1 Introduction | 31 | 6.4 | The Fundamentals of Diagnosis | 66 |
| 3.2 Colonic Physiology | 31 | 6.5 | Characterising the Lesion | 67 |
| 3.3 The Rectum as Storage Conduit | 35 | 6.6 | Newer Optical Techniques for the Improvement | |
| 3.4 Physiological Variability in Disease States | 35 | 6.7 | of Adenoma Detection | 67 |
| 3.5 Conclusion | 37 | 6.8 | Colonoscopic Management | 69 |
| | | | Colonoscopy Training – in Brief | 74 |
| | | | Conclusion | 75 |
| 4 History-Taking and Symptoms .. | 43 | 7 | Pathology of Anorectal and Colonic Specimens | 81 |
| <i>Jean-Claude R. Givel</i> | | 7.1 | <i>Daniel J. Royston and Bryan F. Warren</i> | |
| 4.1 Introduction | 43 | 7.2 | Introduction | 82 |
| 4.2 Bleeding | 43 | 7.3 | Practical Interpretation | |
| | | 7.4 | of Large-Bowel Mucosal Biopsies ... | 82 |
| | | 7.5 | Non-neoplastic Colorectal Diseases | 95 |
| | | 7.6 | Neoplastic Colorectal Diseases | 100 |
| | | | Anal Pathology | 106 |
| | | | Summary | 108 |

| | | | | | |
|-----------|--|-----|-----------|---|-----|
| 8 | Anorectal, Pelvic and Colonic Imaging | 117 | 12.5 | Nutritional Requirements | 194 |
| | <i>Simon A. Jackson and Bruce M. Fox</i> | | 12.6 | Gastrointestinal Disease and High Risk of PCM | 194 |
| 8.1 | Introduction | 117 | 12.7 | Nutritional Problems | |
| 8.2 | Plain Radiographs | 117 | 12.8 | in Specific Colorectal Pathologies ... | 194 |
| 8.3 | Contrast Imaging | 118 | 12.9 | Crohn's Disease | 195 |
| 8.4 | Cross-Sectional Imaging | 121 | 12.10 | Ulcerative Colitis | 196 |
| 8.5 | Positron Emission Tomography/CT | 126 | 12.11 | Fistulas and Ileostomies | 196 |
| 8.6 | Conclusion | 127 | 12.12 | Diverticulitis | 196 |
| 9 | Endorectal and Anal Sonography | 133 | 12.13 | Nutritional Management of Colorectal Disease | 197 |
| | <i>Bruno Roche, Joan Robert-Yap and Nicolas C. Buchs</i> | | 12.14 | Dietary Management | 197 |
| 9.1 | Introduction | 133 | 12.15 | Enteral and Parenteral Nutrition Support | 198 |
| 9.2 | General Overview | 133 | | Conclusion | 198 |
| 9.4 | Endoanal Ultrasonography Technique | 136 | 13 | Preparation and Positioning for Surgery | 201 |
| 9.5 | Image Interpretation | 136 | | <i>Julien Vaucher and Jean-Claude R. Givel</i> | |
| 10 | Anorectal Manometry | 155 | 13.1 | Introduction | 201 |
| | <i>Graeme S. Duthie and Angela B. Gardiner</i> | | 13.2 | Bowel Preparation | 201 |
| 10.1 | Introduction | 155 | 13.3 | Antibiotic Prophylaxis | 204 |
| 10.2 | Manometry Techniques | 155 | 13.4 | Thromboembolic Prophylaxis | 205 |
| 10.3 | Anal Canal Manometry | 156 | 13.5 | Positioning | 206 |
| 10.4 | Use of Anal Manometry | 156 | 13.6 | Conclusion | 208 |
| 10.5 | Assessment of Anorectal Reflex | 157 | 14 | Anaesthesia and Perioperative Management for Anorectal and Colonic Surgery | 215 |
| 10.6 | Prolonged and Ambulatory Manometry | 157 | | <i>Patrick Yves Wüthrich and Jean-Patrice Gardaz</i> | |
| 10.7 | Assessment of Rectal Function | 158 | 14.1 | Introduction | 215 |
| 10.8 | Summary | 159 | 14.2 | Specific Aspects of Pathophysiology Applied to Anaesthesia | |
| 11 | Microbiology of the Lower Digestive Tract | 163 | | and Colonic Surgery | 215 |
| | <i>Guy Prod'hom and Jacques Bille</i> | | 14.3 | Anaesthesia for Laparoscopic Surgery | 220 |
| 11.1 | Introduction | 163 | 14.4 | Anaesthesia for Anorectal Surgery .. | 223 |
| 11.2 | Abscess and Fistula | 168 | 14.5 | Anaesthesia for Colorectal Surgery .. | 225 |
| 11.3 | Perianal Disease | 169 | 14.6 | Post-operative Anaesthesia-Related Complications | 229 |
| 11.4 | Proctitis | 172 | 14.7 | Conclusion | 231 |
| 11.5 | Proctocolitis | 176 | 15 | Transanal Endoscopic Microsurgical Excision | 237 |
| 11.6 | Lower Digestive Tract Infections in Immunocompetent Patients | 181 | | <i>Nicolas Demartines</i> | |
| 11.7 | Concluding Remarks | 184 | 15.1 | Introduction | 237 |
| 12 | Nutritional Evaluation and Care in Coloproctology | 191 | 15.2 | Indications and Work-up | 238 |
| | <i>Laurence Genton and Claude Pichard</i> | | 15.3 | TEM Technique | 239 |
| 12.1 | Introduction | 191 | 15.4 | Operative Results | 243 |
| 12.2 | Pathophysiology | 191 | | | |
| 12.3 | PCM: Consequences | 192 | | | |
| 12.4 | Evaluation of Patients | 192 | | | |

| | | | | |
