

Περιεχόμενα:

Preface

Part I. Genetics and Antenatal Screening:

1. Genetics of fetal anomalies Alan Fryer
2. Antenatal counselling Bid Kumar and Alan Fryer
3. Antenatal screening for fetal anomalies Manju Nair and Bid Kumar

Part II. Embryology, Fetal Physiology and Fetal Anatomy:

4. Embryology for fetal medicine Manju Nair and Bid Kumar
5. Ultrasound assessment of normal fetal anatomy Manju Nair and Bid Kumar

Part III. Fetal Anomalies:

6. Fetal central nervous system anomalies Gianluigi Pilu and Zarko T. Alfirevic
7. Fetal face and neck anomalies Manish Gupta
8. Congenital heart disease Orhan Uzun
9. Fetal thoracic anomalies R. Bryan Beattie
10. Fetal abdomen and abdominal wall anomalies Manish Gupta
11. Sonographic diagnosis of fetal skeletal anomalies Lyn S. Chitty, Thomas R. Everett and Fred Usakov
12. Fetal genitourinary anomalies Ashis Sau
13. Fetal tumours Andrew Sharp and Zarko T. Alfirevic

Part IV. Fetal Disease:

14. Fetal infections Amarnath Bhide
15. Red blood cell alloimmunization Bid Kumar and Zarko T. Alfirevic
16. Fetal and neonatal alloimmune thrombocytopenia Bid Kumar and Zarko T. Alfirevic
17. Prescribing and teratogenesis in pregnancy Geeta Kumar

Part V. Termination of Pregnancy:

18. The law and epidemiology of induced abortion Kristina Naidoo
19. Methods of abortion Kristina Naidoo
20. Post-abortion care Kristina Naidoo

Part VI. Fetal Growth and Well-Being:

21. Fetal growth disorders Ai-Wei Tang and Umber Agarwal
22. Assessment of fetal well-being Ai-Wei Tang and Umber Agarwal

Part VII. Multiple Pregnancy:

23. Multiple pregnancy: pathology and epidemiology Leanne Bricker
24. Multiple pregnancy: diagnosis and screening Leanne Bricker
25. Multiple pregnancy: management and outcomes Leanne Bricker

Part VIII. Placenta, Amniotic Membrane and Amniotic Fluid:

26. Placenta, amniotic fluid and amniotic membrane Bid Kumar and Ezechi Cally Nwosu

Part IX. Diagnostic and Therapeutic Invasive Procedures:

27. Ultrasound-guided diagnostic procedures Kate Navaratnam and Zarko T. Alfirevic

28. Fetal therapy R. Katie Morris and Mark D. Kilby

29. The perinatal postmortem examination Neil J. Sebire

Index.
