

## ***Section I: Basic Science***

- 1 Anatomy**
- 2 Anatomic Aberrations**
- 3 Clinical Examination of the Knee**
- 4 Gene Therapy in the Treatment of Knee Disorders**

## ***Section II: Imaging of the Knee***

- 5 Knee Imaging Techniques and Normal Anatomy**
- 6 Fractures**
- 7 Imaging of the Meniscus**
- 8 Cruciate Ligaments**
- 9 Imaging of Synovium and Cartilage of the Knee**
- 10 Lateral Supporting Structures: Posterolateral Corner Structures and Iliotibial Band**
- 11 Medial Supporting Structures: MCL and Posteromedial Corner**
- 12 Imaging of the Extensor Mechanism**
- 13 Imaging of Total Knee Arthroplasty**
- 14 Tumors in the Knee**
- 15 Ultrasound-Guided Procedures**

## ***Section III: Biomechanics***

- 16 Three-Dimensional Morphology of the Knee**
- 17 Fluoroscopic Analysis of Total Knee Replacement**
- 18 In Vivo Kinematics of the Patellofemoral Joint**
- 19 Forward Solution Modeling: An In Vivo Theoretical Simulator of the Knee**
- 20 Contact Mechanics of the Human Knee**
- 21 In Vivo Mechanics, Vibration and Sound of the Knee Joint**
- 22 Does Strain in the Patella Change After TKA? A Finite Element Investigation of Natural and Implanted Patellae**
- 23 Wear Simulation of Knee Implants**
- 24 Knee Wear**

**25 The Asian Knee**

**26 Mobile Fluoroscopy: Determination of Natural, Unrestricted Knee Motion**

***Section IV: Sports Medicine: Articular Cartilage and Meniscus***

**27 Articular Cartilage: Biology, Biomechanics, and Healing Response**

**28 Articular Cartilage Injury and Adult OCD: Treatment Options and Decision Making**

**29 International Experience with Autologous Chondrocyte Implantation With Periosteum (Autologous Chondrocyte Implantation), Including Scaffold Guided Techniques and Tissue Engineered Matrix Support**

**30 Osteochondral Autograft Transplantation**

**31 Osteochondral Allograft Transplantation**

**32 Articular Cartilage Repair with Bioscaffolds**

**33 Management of Failed Cartilage Repair**

**34 Osteochondritis Dissecans of the Knee in the Young Patient**

**35 Secondary, Spontaneous and Postarthroscopy Osteonecrosis of the Knee: Diagnosis and Management**

**36 Healing of Knee Ligaments and Menisci**

**37 Arthroscopic Meniscal Resection**

**38 Arthroscopy-Assisted Inside-Out and Outside-In Meniscus Repair**

**39 All Inside Arthroscopy Meniscal Repair**

**40 Meniscal Allograft Transplantation**

**41 Synthetic Meniscal Substitutes and Collagen Meniscal Implantation**

***Section V: Sports Medicine: Ligament Injuries***

**42 Classification of Knee Ligament Injuries**

**43 Sports Knee Rating Systems and Related Statistics**

**44 Medial Ligamentous Injuries of the Knee: Acute and Chronic**

**45 Fibular Collateral Ligament and the Posterolateral Corner**

**46 Anterior Cruciate Ligament Injuries and Reconstruction: Indications, Principles and Outcomes**

**47 Bone-Patellar Tendon-Bone Autograft Anterior Cruciate Ligament Reconstruction**

**48 Anterior Cruciate Ligament Reconstruction with Hamstring Tendons**

**49 Anterior Cruciate Ligament Reconstruction with Central Quadriceps Free Tendon Graft**

**50 Allograft Anterior Cruciate Ligament Reconstruction**

**51 Double-Bundle Anterior Cruciate Ligament Reconstruction**

**52 Anterior Cruciate Ligament Reconstruction via the Anteromedial Portal and Single-Tunnel, Double-Bundle Technique**

**53 Complications of Anterior Cruciate Ligament Reconstruction**

**54 Revision Anterior Cruciate Ligament Reconstruction**

**55 Revision Anterior Cruciate Ligament Surgery: One-Stage versus Two-Stage Technique**

**56 Osteotomy and the Cruciate-Deficient Knee**

**57 Rehabilitation of the Surgically Reconstructed and Nonsurgically Treated Anterior Cruciate**

**58 Knee Bracing for Athletic Injuries**

**59 Decision Making and Surgical Treatment of Posterior Cruciate Ligament Ruptures**

**60 Posterior Cruciate Ligament Reconstruction: Posterior Inlay Technique**

**61 Posterior Cruciate Ligament Reconstruction: Transtibial Double Bundle Technique**

**62 Posterior Cruciate Ligament Reconstruction: Remnant-Preserving Technique Through the Posteromedial Portal**

**63 The Dislocated Knee**

**64 Dislocation of the Proximal Tibiofibular Joint**

***Section VI: Sports Medicine: Patellar and Extensor Mechanism Disorders***

**65 Disorders of the Patellofemoral Joint**

**66 Distal Realignment of the Patellofemoral Joint: Indications, Effects, Results and Recommendations**

**67 Surgery of the Patellofemoral Joint: Proximal Realignment**

**68 Repair and Reconstruction of the Medial Patellofemoral Ligament for Treatment of Lateral Patellar Dislocations: Surgical Techniques and Clinical Results**

**69 Sulcus-Deepening Trochleoplasty**

**70 Quadriceps and Patellar Tendon Disruption**

## ***Section VII: Knee Arthritis***

**71 Gout and Other Crystalline Arthropathies**

**72 Knee Osteoarthritis**

**73 Overview of Psoriatic Arthritis**

**74 Systemic Allergic Dermatitis in Total Knee Arthroplasty**

**75 Rheumatoid Arthritis of the Knee: Current Medical Management**

**76 Hemophilia and Pigmented Villonodular Synovitis Hemophilia and the Knee**

**76B HIV Infection and Its Relationship to Knee Disorders**

## ***Section VIII: Anesthesia for Knee Surgery***

### **Part I. Preoperative Evaluation**

**77 Basics, Preoperative Assessment and Medical Optimization**

**78 Patient with Stents**

**79 Diabetes Mellitus and the Knee**

**80 Rheumatoid Arthritis**

**81 Bilateral Total Knee Replacement: Indications for Sequential and Simultaneous Surgery**

### **Part II. Perioperative Management of Inpatient Procedures**

**82 Monitoring During Total Knee Arthroplasty**

**83 Spinal or General Anesthesia?**

**84 Revision Total Knee Arthroplasties**

**85 Pneumatic Tourniquet**

**86 Cement Embolism**

**87 Tranexamic Acid**

**88 Blood Loss and Fluid Management**

**89 Anesthesia for Knee Surgery**

**90 Specific Considerations for Fractures and Dislocations**

### **Part III. Preoperative Analgesia: Peripheral Nerve Blocks**

**91 Femoral Nerve Block**

- 92 Adductor Canal Block
- 93 Fascia Iliaca Compartment Block
- 94 Psoas Compartment Block
- 95 Sciatic Nerve Block
- 96 Obturator Nerve Block
- 97 Continuous Perineural Analgesia for Knee Surgery
- 98 Local Anesthetic Infiltration
- 99 Epidural Analgesia
- 100 Neuraxial Opioids
- 101 Systemic Opioids; PONV Prophylaxis
- 102 Multimodal Pharmacological Analgesia
- 103 Chronic Pain After Total Knee Arthroplasty

#### **Part IV. Ambulatory Procedures**

- 104 Knee Arthroscopy

#### **Part V. Thromboprophylaxis**

- 105 Thromboprophylaxis and Neuraxial Anesthesia

#### ***Section IX: Plastic Surgery***

- 106 Soft Tissue Healing
- 107 The Problem Wound: Coverage Options

#### ***Section X: Fractures about the Knee***

- 108 Distal Femur Fractures
- 109 Tibial Plateau Fractures
- 110 Fractures of the Patella
- 111 Treatment of Periprosthetic Fractures Around a Total Knee Arthroplasty

#### ***Section XI: Pediatric Knee***

- 112 Normal Knee Embryology and Development
- 113 Congenital Deformities of the Knee

**114 Meniscal Disorders**

**115 Osteochondritis Dissecans**

**116 Reconstructing the Anterior Cruciate Ligament in Pediatric Patients**

**117 Tibial Spine Fractures**

**118 Physeal Fractures about the Knee**

**119 Patellar Instability**

***Section XII: Joint Replacement and Its Alternatives***

**120 Nonoperative Treatment of Knee Arthritis**

**121 Osteotomy about the Knee: American Perspective**

**122 Osteotomy for the Arthritic Knee: A European Perspective**

**123 Scoring Systems and Their Validation for the Arthritic Knee**

**124 Historic Development, Classification, and Characteristics of Knee Prostheses**

**125 Unicompartmental, Bicompartamental or Tricompartamental Arthritis of the Knee: Algorithm for Surgical Management**

**126 Patellofemoral Arthroplasty**

**127 Unicompartmental Knee Arthroplasty: A European Perspective**

**128 Unicompartmental Replacement with ACL Reconstruction**

**129 Medial UKA Fixed**

**130 Medial UKA Mobile Bearing**

**131 Bicompartamental Knee Arthroplasty**

**132 Bicondylar Unicompartmental Replacement**

**133 Bicruciate TKA**

**134 Bicruciate TKA: An Alternate View**

**135 European Analysis and Results of Partial Knee Replacement**

**136 Posterior Cruciate Ligament Retention in Total Knee Arthroplasty**

**137 Preserving the PCL**

**138 Custom Made Knee Replacements**

**139 Posterior Cruciate Sacrificing Total Knee Arthroplasty**

- 140 Posterior Cruciate Ligament-Substituting Total Knee Arthroplasty**
- 141 Posterior Cruciate Ligament Substituting Total Knee Arthroplasty: Considerations in the Middle East**
- 142 Mobile-Bearing Total Knee Arthroplasty**
- 143 Cemented Total Knee Arthroplasty: The Gold Standard**
- 144 Cementless Total Knee Arthroplasty**
- 145 Patellar Resurfacing in Total Knee Arthroplasty**
- 146 Patella Resurfacing - Never**
- 147 Patella Resurfacing - Always**
- 148 Alignment in TKA**
- 149 Surgical Approaches in Total Knee Arthroplasty: Standard and MIS Techniques**
- 150 Surgical Techniques and Instrumentation in Total Knee Arthroplasty**
- 151 Gap Balancing Techniques**
- 152 Measured ReSection Technique**
- 153 Is the Understanding of Gap Balancing and Measured ReSection Techniques Necessary to Understand Imaging Surgical Techniques for Knee Arthroplasty**
- 154 Mid Flexion Instability**
- 155 Correction of Deformities with Total Knee Arthroplasty: A European Approach:**
- 156 Correction of Deformities with Total Knee Arthroplasty: An Asian Approach**
- 157 Pressure Sensors and Soft Tissue Balancing**
- 158 Clinical Effectiveness of Custom Made Guides**
- 159 Computer Navigation in Primary Total Knee Arthroplasty**
- 160 Kinematic Alignment in Total Knee Arthroplasty**
- 161 Computer-Assisted Navigation: Minimally Invasive Surgery for Total Knee Replacement**
- 162 Robotics in TKA: Development, Outcomes and Current Techniques:**
- 163 Robotic UKA**
- 164 Management of Extra-articular Deformity in Total Knee Arthroplasty with Navigation**
- 165 Computer Assisted TKA for Extra Medullary Deformity**

166 The Impact of the Cavus Foot and Ankle on the Painful Knee

167 The Impact of the Pesplanovalgus Foot and Ankle on the Painful Knee

168 The Impact of Foot and Ankle Deformity on a Total Knee Replacement

***Section XII: Revision and Complex Knee Arthroplasty***

169 Complications of Total Knee Arthroplasty

170 Extensile Surgical Exposures for Revision Total Knee Replacement

171 Revision of Aseptic Failed Total Knee Arthroplasty

172 The Infected Total Kne Replacement

173 Instability in Total Knee Arthroplasty

174 Management of Bone Defects in Revision Total Knee Arthroplasty: Augments, Structural and Impaction Graft, and Cones

175 Patellar Revision

176 Patellar Fractures in Total Knee Arthroplasty

177 Extensor Mechanism Disruption After TKR

***Section XIII: Total Knee Arthroplasty Perioperative Management Issues***

178 Obesity: Risks of Intervention, Benefits of Optimization

179 Catastrophizers: A Subgroup with Risk for Suboptimal Results After TKA

180 Optimization of Coronary Artery Disease, Diabetes Mellitus and Stroke

181 Infection Prevention Measures

182 Pre-Rehabilitation and Fall Risk Prevention, Orthopedic and Neuromuscular Comorbidities and Their Effect on TKA Outcome

183 Intra and Periarticular Injections

184 Techniques and Eligibility for Same day/ Next day Discharge of TKA

185 Pain Management after TKA Patients Leave the Hospital

***Section XIV: Hospital Management of TKA Patients***

186 CPM: Pros and Cons

187 Cold Therapy

188 Immediate Motion vs. Splinting after TKA Operation

189 Internet Based vs. In Person Physical Therapy After TKA

**190 Etiology and Risk Factors for VTED after TKA**

**191 ACCP, SCIP and AAOS Guidelines for Thromboembolism Prophylaxis after Total Knee Arthroplasty.**

**192 ASA and Sequential Pneumatic Compression Devices, Strengths and Limitations**

**193 VTED Stratification of Risk, Who Needs Aggressive Anticoagulation**

**194 Bleeding and Infection Risk with Aggressive Anticoagulation: How to Minimize Suboptimal Outcomes**

***Section XV Economics, Quality and Payment Paradigms for Total Knee Arthroplasty***

**195 Historical Perspective: Declining, Reimbursement, Rising Costs**

**196 New Payment Paradigms**

**197 Physician, Hospital Partnerships**

**198 Value Based Purchasing**

**199 Quality Measures Effecting Payment after TKA**

***Section XVI Tumors about the Knee***

**200 Evaluation of the Patient with a Bone Lesion about the Knee**

**201 Surgical Treatment of Benign Bone Lesions**

**202 Surgical Management of Malignant Bone Tumors around the Knee**

**203 Allograft Prosthetic Composite Reconstruction of the Knee**

**204 Megaprotheses for Reconstruction Following Tumor ReSection about the Knee**

**205 Metastatic Disease about the Knee: Evaluation and Surgical Treatment**

**206 Soft Tissue Tumors of the Knee**

**207 Common Pitfalls in Tumors about the Knee: How to Recognize and Avoid**
