

**Key Features:**

- *Addresses all pertinent topics in one volume*
- *Includes the contributions of world-class researchers and practitioners in a number of different fields*
- *Focuses on a topic of national and international importance that will gain in relevancy over time*
- *Looks at the needs of an aging population that is increasingly at risk for a number of different diseases and disabilities*
- *Contains extensive references at the end of each chapter to enhance further study*

## Περιεχόμενα:

**Section I: Basics of Aging** 1. *Demographics, Biology & Physiology* K. Rao. Poduri, M.D., FAAPMR 2. *Physical Examination & Health Assessment* Ahmed Bilal, M.D. and Yvonne Braver, M.D. 3. *Psychosocial Assessment* Jennifer Fleeman, Psy.D. 4. *Functional Assessment & Measures* Deepthi Saxena, M.D., FAAPMR 5. *Pharmacology in Geriatrics* Kristin Meyer, Pharm. D., CGP, CACP, FASCP, Tina H. Thornhill, Pharm.D., FASCP, CGP and Lindsey Garner, PharmD/MBA 6. *Exercise in the Older Adults* Susan Garstang, M.D.

**Section II: Geriatric Syndromes** 7. *Frailty* Egan Allen, M.D. 8. *Delirium* Corey Romesser, M.D. 9. *Incontinence in Older Adults* Nicole Strong, D.O., Jean Nickels, M.D., and Sara Salim, M.D. and K.Rao Poduri, M.D., FAAPMR 10. *Falls & Gait Disorders* Thomas Caprio, M.D., and Kristen Thornton, M.D. 11. *Pressure Ulcers* Huma Naqvi, M.D. 12. *Pain in the Older Adult* Annie Philip M.B.B.S., Diya Goorah, M.D. and Rajbala Thakur M.B.B.S. 13. *Polypharmacy and Rational Prescribing: Finding the "Golden Mean" for the "Silver Tsunami"* Dale Strasser, M.D., Mikhail A. Zhukalin, D.O., Christopher, Williams, M.D, and Mike Reed, Pharm. D. 14. *Sleep Disorders* Armondo Miciano, M.D. and David Berbrayer, M. D.

**Section III: Systemic Disorders in Geriatric Rehabilitation** 15. *Dysphagia in Older Adults* Sndhya Seshadri, Ph.D. 16. *Vision Impairment* Rajeev Ramachandran, M.D., MBA, Silvia Sörensen, M.D., and Holly Hindman, M.D. 17. *Arthritis and Common Musculoskeletal Conditions* Jennifer Paul, M.D., Claudia Ramirez, M.D., and Katarzyna Iwan, M.D. 18. *Osteoporosis & Exercise in Older Adults* Sarah Cuccurello, M.D., Roger P. Rossi D.O., Krishna J. Urs, M.D., and Talya K. Fleming, M.D. 19. *Diabetes Mellitus* Steven Wittlin, M.D., and Susanne U. Miedlich, M.D. 20. *Cardiovascular Diseases* Matthew Dounel, M.D. 21. *Pulmonary Diseases* Mary Anne, Morgan, M.D. 22. *Cerebrovascular Diseases* Jean Nickels, M.D. and Maya Modzelewska M.D. 23. *Cancer* Susan Maltser, M.D. and B. Allyn Behling-Rosa, D.O. 24. *Spinal Cord Injury* Jeffrey B. Palmer, M.D., Philippines G. Cabahug, M.D., and Albert Recio, M.D. 25. *Parkinson's Disease* Irene Richard, M.D. and Rachel Biemiller, M.D. 26. *Aging with Developmental Disabilities* Kathleen Bishop, Ph.D.

**Section IV: Health maintenance, Care giving & Post-acute Rehabilitation - Bed-side to Curb-side** 27. *Rehabilitation Settings* Deepthi Saxena, M.D. 28. *Complimentary & Alternative Approaches to Geriatric Rehabilitation* B. Allyn Behling-Rosa, D.O. 29. *Assistive Technology* Marcia Scherer, Ph.D., MPH, FACRM 30. *Ethical Issues in Older Adults* Richard Demme, M.D., Bernard Sussman, M.D., and Margie Shaw J.D., Ph.D. 31. *Palliative Care & End of Life Issues* Rashmi Khadilkar, M.D., Hilary Yehling, M.D., and Timothy Quill, M.D. 32. *Economics & Resources in Geriatric Rehabilitation* K. Rao Poduri, M.D., FAAPMR 33. *Aging Gracefully: A Global Perspective* Brian Tucker, M.B.B.S. and K. Rao Poduri, M.D. FAAPMR
