

*Part I: Relevance and Implications of HIV Psychiatry as a Paradigm for Integrated Care*

**Chapter 1: HIV Psychiatry - A Paradigm for Integrated Care**

**Mary Ann Cohen, MD, Michael Mugavero, MD, MHSC, and Elise Hall, MD**

**Chapter 2: HIV/AIDS in the Fourth Decade: Origins, Epidemiology, Clinical Manifestations, and Treatment**

**Michael Mugavero, MD, MHSC and J. Michael Kilby, MD**

**Chapter 3: Epidemiology and Prevalence of Psychiatric Disorders Associated with HIV and AIDS**

**Francine Cournos, MD, Karen McKinnon, MA, and Milton Wainberg, MD**

**Chapter 4: Global Aspects of the HIV Pandemic**

**Julia del Amo, MD, PhD, Jordi Blanch, MD, PhD, Francine Cournos, MD, Emilio Letang, MD, MPH, PhD, Esteban Martinez, MD, PhD, Dimitri Prybylski, PhD, MPH, Donn Colby, MD, MPH, E. Kainne Dokubo, MD, MPH, Gaddy Noy, DO, Farah Ahmad-Stout, MD, Marshall Forstein, MD Chuan-Mei Lee, MD, and Sara Gorman, PhD, MPH**

**Introduction**

**Sara Gorman, PhD, MPH**

**HIV and AIDS in Africa**

**Emilio Letang, MD, MPH, PhD and Francine Cournos, MD**

**HIV and AIDS in Asia**

**Dimitri Prybylski, PhD, MPH, Donn Colby, MD, MPH, E. Kainne Dokubo, MD, MPH, and Chuan-Mei Lee, MD**

**HIV and AIDS in Europe**

**Julia del Amo, MD, PhD, Esteban Martinez, MD, PhD, and Jordi Blanch, MD, PhD**

**HIV and AIDS in the Americas**

**Gaddy Noy, DO, Farah Ahmad-Stout, MD, and Marshall Forstein, MD**

**Chapter 5: AIDS Orphans and Other Children Affected by HIV**

**Getrude Makurumidze, BA, Anna Gamell, MD, and Emilio Letang, MD, MPH, PhD**

**Chapter 6: HIV Discrimination, Stigma, and Gender-Based Violence**

**Antoine Douaihy, MD, Neeta Shenai, MD, Kimberly Clinebell, MD, and Mary Ann Cohen, MD**

*Part II: Integrated Care and Advocacy for Persons with HIV*

**Chapter 7: Models of Care for Persons with HIV**

**James Bourgeois, MD, Mary Ann Cohen, MD, John Grimaldi, MD, Jon A. Levenson, MD, Yavar Moghimi, MD, Weston Fisher, MD, and David Tran, MD**

**Chapter 8: How to Establish an Integrated Ambulatory Care Program Co-located in an HIV Clinic**

**Mary Ann Cohen, MD, James Bourgeois, MD, Weston Fisher, MD, and David Tran, MD**

**Chapter 9: Sociocultural Factors Influencing the Transmission of HIV/AIDS in the United States: AIDS and the Nation's Prisons**

**Robert E. Fullilove, EdD**

**Chapter 10: HIV Advocacy**

**Simon Collins, Tim Horn, Loon Gangte, Emmanuel Trenad, and Vuyiseka Dubula**

***Part III: Comprehensive HIV Psychiatric Assessment, Education and Training***

**Chapter 11: A Biopsychosocial Approach to Psychiatric Consultation in Persons with HIV and AIDS**

**Kenneth Ashley, MD, Daniel Safin, MD, and Mary Ann Cohen, MD**

**Chapter 12: Neuropsychological Evaluation for Persons with HIV and AIDS**

**Bibilola D. Oladeji, MD and Kevin R. Robertson, PhD**

**Chapter 13: Training in HIV Psychiatry**

**David M. Stoff, PhD, Mary Ann Cohen, MD, Marshall Forstein, MD, Anna L. Dickerman, MD, and Daena L. Petersen, MD, MPH, MA**

***Part IV: Psychiatric Disorders and HIV Infection***

**Chapter 14: Substance-Related and Addictive Disorders - The Special Role in HIV Transmission**

**Philip Bialer, MD, Kenneth Ashley, MD, and John Grimaldi MD**

**Chapter 15: Mood Disorders**

**Antoine Douaihy, MD, Matthew Conlon, MD, and Maria Ferrara, MD**

**Chapter 16: HIV-Associated Neurocognitive Disorders**

**Scott Letendre, MD, Jennifer Iudicello, PhD, Beau Ances, MD, Thomas D.**

**Marcotte, PhD, MSc, Serena Spudich, MD, and Mary Ann Cohen, MD**

**Chapter 17: Trauma and Posttraumatic Stress Disorder - The Special Role in HIV Transmission**

**Antoine Douaihy, MD, Melanie Grubisha MD, PhD, Maureen Lyon, PhD, and Mary Ann Cohen, MD,**

**Chapter 18: Anxiety Disorders**

**Antoine Douaihy, MD, Meredith Spada, MD, Nicole Bates, MD, Julia Macedo, MD, and Jack M. Gorman, MD**

**Chapter 19: Psychotic Disorders and Serious Mental Illness**

**Alexander Thompson, MD, Daniel Williams, MD, Andrew Angelino, MD, Oliver Freudenreich, MD, and Glenn J. Treisman, MD, PhD**

**Chapter 20: The Role of Personality in HIV Risk Behaviors: Implications for Treatment**

**Heidi E. Hutton, PhD and Glenn J. Treisman, MD, PhD**

***Part V: Unique Psychiatric Manifestations of HIV Infection***

**Chapter 21: Psychoneuroimmunology and HIV**

**Adam W. Carrico, MS, PhD and Michael H. Antoni, PhD**

**Chapter 22: Distress in Persons with HIV and AIDS**

**Mary Ann Cohen, MD, Anna L. Dickerman, MD, and Harold W. Goforth, MD**

**Chapter 23: Insomnia and HIV - A Biopsychosocial Approach**

**Mary Alice O'Dowd, MD and Maria F. Gomez, MD**

**Chapter 24: Fatigue and HIV**

**Anna L. Dickerman, MD and William Breitbart, MD**

**Chapter 25: Suicide and HIV**

**Cesar A. Alfonso, MD, Eva Stern-Rodríguez, and Mary Ann Cohen, MD**

***Part VI: Neuropathologic Manifestations of HIV Infection***

**Chapter 26: Neurological Complications of HIV in the Central Nervous System**

**Christopher Woldstad, BS, Michael Boska, PhD, and Howard E. Gendelman, MD**

**Chapter 27: Neurological Complications of HIV in the Peripheral Nervous**

## System

John Keltner, MD, PhD, Cherine Akkari, MD, and Ronald Ellis, MD

### *Part VII: Psychiatric Aspects of Risk Behaviors, Prevention of HIV Transmission and Adherence to Medical Care*

#### **Chapter 28: The Role of Psychiatric Disorders in HIV Transmission and Prevention**

Andréa L. Hobkirk, PhD, Seth C. Kalichman, PhD, David M. Stoff, PhD, and Christina S. Meade, PhD

#### **Chapter 29: Psychiatric Aspects of Care Engagement and Medication Adherence in Antiretroviral-Based HIV Treatment and Prevention**

Jeffrey J. Weiss, PhD, MS and Michael J. Stirratt, PhD

#### **Chapter 30: Homelessness and HIV Transmission**

Kimberly Livingstone, MSW, Daniel B. Herman, MSW, PhD, Naomi Adler, MD, and Ezra S. Susser, MD, DrPH

#### **Chapter 31: Routine Testing for HIV Infection, Pre-Exposure and Post-Exposure Prophylaxis**

Bisrat K. Abraham, MD, MPH, Inti Flores, MD, and Roy M. Gulick, MD, MPH

#### **Chapter 32: Vaccines for the Treatment and Prevention of HIV Infection**

Josephine H. Cox, PhD, Stuart Z. Shapiro, MD, PhD, Liza Dawson, PhD, Cynthia Geppert, MD, MA, MPH, MSBE, DP, Andrew M. Siegel, MD, MA, and M. Patricia D'Souza, PhD

### *Part VIII: HIV Psychiatry through the Life Cycle*

#### **Chapter 33: Childhood and Adolescence**

Suad Kapetanovic, MD, Lori Wiener, PhD, Lisa K. Kessler Tuchman, MD, and Maryland Pao, MD

#### **Chapter 34: Young Adulthood and Serodiscordant Couples**

Marshall Forstein, MD, Farah Ahmad-Stout, MD, MPH, and Gaddy Noy, DO

#### **Chapter 35: Women's Issues**

Sara Gorman, PhD, MPH, Judith Currier, MD, Julia del Amo, MD, PhD, and Elise Hall, MD

#### **Chapter 36: Older Age and HIV**

Karl Goodkin, MD, PhD, David M. Stoff, PhD, Dilip V. Jeste, MD, and Maria Marquine, PhD

### *Part IX: HIV Psychiatric Treatment and Psychotherapeutic Modalities*

#### **Chapter 37: Psychotherapeutic Interventions**

Jocelyn Soffer, MD, Cesar A. Alfonso, MD, John Grimaldi, MD, and Jack M. Gorman, MD

#### **Chapter 38: Integrative Treatments**

Cheryl Gore-Felton, PhD, Lawrence McGlynn, MD, Andrei Kreutzberg MD, and David Spiegel, MD

#### **Chapter 39: Social Service Interventions**

Mary Ann Malone, LCSW

#### **Chapter 40: Nursing Support**

Carl Kirton, DNP, RN, MBA

#### **Chapter 41: Palliative and Spiritual Care of Persons with HIV and AIDS**

Anna L. Dickerman, MD, Yesne Alici, MD, William Breitbart, MD, and Harvey Max Chochinov, MD, PhD

**Chapter 42: Psychopharmacologic Treatment Issues in HIV/AIDS Psychiatry**  
Kelly L. Cozza, MD, Gary H. Wynn, MD, Glenn W. Wortmann, MD, Scott G. Williams, MD, and Rita Rein, MD

***Part X: HIV Psychiatry and Multimorbid Medical Conditions***

**Chapter 43: Hepatitis C and HIV Coinfection**

Jennifer Cohen Price, MD, PhD, Priyanka Amin, MD, and Antoine Douaihy, MD

**Chapter 44: HIV-Associated Nephropathy, End-Stage Renal Disease, Dialysis, and Kidney Transplant**

Jonathan Winston, MD, Etti Zeldis, MD, John Grimaldi, MD, and Esteban Martinez, MD, PhD

**Chapter 45: Endocrine Comorbidities in Persons with HIV**

Jocelyn Soffer, MD and Harold W. Goforth, MD

**Chapter 46: Cardiovascular Disease, Metabolic Disorders, and Lipodystrophy in Persons with HIV**

Luis F. Pereira, MD, Harold W. Goforth, MD, Esteban Martinez, MD, PhD, Joseph Z. Lux, MD, Maria Ferrara, MD, and Michael P. Mullen, MD

**Chapter 47: Overview of HIV-Associated Multimorbidities**

Luis F. Pereira, MD, Mark Bradley, MD, Harold W. Goforth, MD, César A. Alfonso, MD, Joseph Z. Lux, MD, Esteban Martinez, MD, PhD, and Michael P. Mullen, MD

***Part XI: Ethical and Health Policy Aspects of AIDS Psychiatry***

**Chapter 48: Clinician Burnout in HIV/AIDS Health Care**

Asher D. Aladjem, MD and Mary Ann Cohen, MD

**Chapter 49: End-of-Life Issues, Ethical Issues, Advance Directives, and Surrogate Decision-Making in the Care of Persons with HIV**

Cynthia Geppert, MD, MA, MPH, MSBE, DPS, Mary Ann Cohen, MD, and Rebecca Weintraub Brendel, MD, JD

**Chapter 50: Health Services and Policy Issues in AIDS Psychiatry**

James Walkup, PhD and Stephen Crystal, PhD

**Resource Appendix for Persons with HIV and AIDS, Their Families, Caregivers, Clinicians, Educators, and Researchers**

Getrude Makurumidze, BA
