*Preface* ix

- 
- |    |   |  |
|----|---|--|
| 1  | <b>Instrumentation – CT</b> 1                             |  |
|    | Andrew Maidment and Drew A. Torigian                      |  |
| 2  | <b>MRI/MRS Instrumentation and Physics</b> 11             |  |
|    | Hee Kwon Song and Drew A. Torigian                        |  |
| 3  | <b>Optical and Ultrasound Imaging</b> 16                  |  |
|    | Michael Graham and Hossein Jadvar                         |  |
| 4  | <b>Instrumentation-Nuclear Medicine and PET</b> 19        |  |
|    | Michael Graham  |  |
| 5  | <b>Quantitation-Nuclear Medicine</b> 23                   |  |
|    | Michael Graham  |  |
| 6  | <b>Perfusion</b> 28                                       |  |
|    | Michael Graham  |  |
| 7  | <b>Metabolism</b> 32                                      |  |
|    | Hossein Jadvar  |  |
| 8  | <b>Cellular Proliferation</b> 36                          |  |
|    | Hossein Jadvar  |  |
| 9  | <b>Hypoxia</b> 39   |  |
|    | Michael Graham  |  |
| 10 | <b>Receptor Imaging</b> 43                                |  |
|    | Michael Graham  |  |
| 11 | <b>Apoptosis</b> 47                                       |  |
|    | Heather Jacene  |  |
| 12 | <b>Angiogenesis</b> 52                                    |  |
|    | Hossein Jadvar  |  |
| 13 | <b>Reporter Genes</b> 55                                  |  |
|    | Amer M. Najjar, Laura J. Fromme, and<br>Shahriar Yaghoubi |  |
| 14 | <b>Stem Cell Tracking</b> 65                              |  |
|    | Daniel Golovko, Ramsha Khan, and Heike<br>Daldrup-Link    |  |
| 15 | <b>Amyloid Imaging</b> 76                                 |  |
|    | Heather Jacene  |  |
