

## **PART I: SHOULDER**

### **A: Rotator Cuff**

- Acromioplasty
- Rotator Cuff Repair: Open Technique for Partial-Thickness or Small or Medium Full-Thickness Tears
- Rotator Cuff Repair: Arthroscopic Technique for Partial-Thickness or Small or Medium Full-Thickness Tears
- Open Repair of Rotator Cuff Tears
- Arthroscopic Repair of Massive Rotator Cuff Tears
- Operative Fixation of Symptomatic Os Acromiale

### **B: Arthritic Shoulder**

- 7. Humeral Head Resurfacing Arthroplasty
- 8. Humeral Hemiarthroplasty with Biologic Glenoid Resurfacing
- 9. Total Shoulder Arthroplasty
- 10. Rotator Cuff Tear Arthroplasty: Open Surgical Treatment
- 11. Open Unconstrained Revision Shoulder Arthroplasty

### **C: Instability**

- 12. Closed Treatment of Shoulder Dislocations
- 13. Arthroscopic Treatment of Traumatic Anterior Instability of the Shoulder
- 14. Open Treatment of Anterior-Inferior Multidirectional Instability of the Shoulder
- 15. Arthroscopic Treatment of Anterior-Inferior Multidirectional Instability of the Shoulder
- 16. Anterior Glenohumeral Instability Associated with Glenoid or Humeral Bone Deficiency: The Latarjet Procedure
- 17. Open Treatment of Posterior-Inferior Shoulder Instability
- 18. Arthroscopic Treatment of Posterior-Inferior Multidirectional Instability of the Shoulder
- 19. Open Bankart Procedure for Recurrent Anterior Shoulder Dislocation

### **D: Biceps Tendon**

- 20. Mini-Open Biceps Tenodesis
- 21. Arthroscopic Biceps Tenodesis
- 22. SLAP Lesion: Arthroscopic Reconstruction of the Labrum and Biceps Anchor
- 23. Treatment of the Unstable Shoulder with Humeral Head Bone Loss

### **E: Clavicle**

- 24. Open Distal Clavicle Excision
- 25. Arthroscopic Distal Clavicle Resection
- 26. Open Treatment of Acute and Chronic Acromioclavicular Dislocations
- 27. Sternoclavicular Joint Reconstruction Using Semitendinosus Graft

### **F: Trauma**

- 28. Open Reduction and Internal Fixation of Acute Midshaft Clavicular Fractures
- 29. Intramedullary Fixation of Clavicle Fractures
- 30. Operative Treatment of Two-Part Proximal Humerus Fractures
- 31. Open Reduction and Internal Fixation of Three- and Four-Part Proximal Humerus Fractures
- 32. Percutaneous Fixation of Proximal Humerus Fractures
- 33. Proximal Humerus Fractures: Hemiarthroplasty
- 34. Operative Management of Scapular Fractures

## **G: Miscellaneous**

- 35. Surgical Approaches to the Shoulder
- 36. Arthrodesis of the Shoulder
- 37. Open and Arthroscopic Suprascapular Nerve Decompression
- 38. Scapular Surgery
- 39. Adhesive Capsulitis
- 40. Arthroscopic Treatment of Calcific Tendinitis in the Shoulder
- 41. Nerve Transfers for Shoulder and Elbow Restoration after Upper Trunk Brachial Plexus Injuries
- 42. Thoracic Outlet Syndrome
- 43. Suprascapular Nerve Neuropathy

## **PART II: ELBOW**

### **A: Introduction**

- 44. Surgical Approaches for Open Treatment of the Elbow

### **B: Elbow Arthroscopy**

- 45. Arthroscopy of the Elbow: Setup and Portals
- 46. Elbow Arthritis and Stiffness: Open Treatment
- 47. Elbow Arthritis and Stiffness: Arthroscopic Treatment

### **C: Arthroplasty**

- 48. Radial Head Fractures: Radial Head Replacement
- 49. Total Elbow Arthroplasty
- 50. Total Elbow Arthroplasty for the Treatment of Complex Distal Humerus Fractures
- 51. Radiocapitellar Replacement
- 52. Revision Total Elbow Arthroplasty

### **D: Soft Tissue Pathology**

- 53. Medial Epicondylitis: Open Treatment
- 54. Lateral Epicondylitis: Arthroscopic and Open Treatment
- 55. Repair of Distal Biceps Tendon Ruptures
- 56. Repair and Reconstruction of the Ruptured Triceps

### **E: Nerves**

- 57. Endoscopic Cubital Tunnel Release
- 58. Submuscular Ulnar Nerve Transposition
- 59. Surgical Decompression for Radial Tunnel Syndrome

### **F: Trauma**

- 60. Distal Humerus Fractures, Including Isolated Distal Lateral Column and Capitellar Fractures
- 61. Radial Head Fractures: Open Reduction and Internal Fixation
- 62. Open Treatment of Complex Traumatic Elbow Instability
- 63. Surgical Reconstruction of Longitudinal Radioulnar Dissociation (Essex-Lopresti Injury)
- 64. Ulnar Collateral Ligament Reconstruction Using the Modified Jobe Technique
- 65. Lateral Ulnar Collateral Ligament Reconstruction

**G: Miscellaneous**

- **66. Soft Tissue Coverage**
- **67. Operative Management of Olecranon Bursitis**
- **68. Elbow Arthroscopic Débridement for Osteochondritis Dissecans**
