

I. Introduction

II. General Principles

- Chapter 1. Principles of Patient Selection
- Chapter 2. Principles of Evaluation
- Chapter 3. Principles of Glenohumeral Radiology
- Chapter 4. Principles of Surgical Preparation
- Chapter 5. Principles of Post Surgical Rehabilitation

III. Mobility

- Chapter 6. Principles of Glenohumeral Mobility
- Chapter 7. Procedure: Surgical Release of the Stiff Shoulder

IV. Stability

- Chapter 8. Principles of Glenohumeral Stability
- Chapter 9. Principles of the Glenoid Concavity
- Chapter 10. Principles of the Glenohumeral Ligaments and Capsule
- Chapter 11. Procedure: Repair of the Avulsed Labrum in Traumatic Instability
- Chapter 12. Procedure: Reconstruction of a Deficient Anterior Glenoid Lip using an Extra Capsular Anatomically Contoured Iliac Crest Graft
- Chapter 13. Procedure: Reconstruction of a Deficient Posterior Glenoid Lip using an Extra Capsular Anatomically Contoured Iliac Crest Graft
- Chapter 14. Procedure: Augmentation of an Excessively Compliant Glenoid Labrum
- Chapter 15. Procedure: Augmentation of a Flat Glenoid Lip by Posterior Glenoid Osteoplasty
- Chapter 16. Procedure: Hamstring Autograft to the Anterior Glenohumeral Joint Capsule
- Chapter 17. Procedure: Glenohumeral Arthrodesis with an Autogenous Iliac Crest Graft

V. Strength

- Chapter 18. Principles of Glenohumeral Strength
- Chapter 19. Procedure: Cuff Curettage
- Chapter 20. Procedure: Smooth and Move – Cuff Intact
- Chapter 21. Procedure: Rotator Cuff Repair
- Chapter 22. Procedure: Smooth and Move - Irreparable Cuff
- Chapter 23. Procedure: Repair of a Ruptured Pectoralis Major Tendon
- Chapter 24. Procedure: Tenodesis of the Long Head of the Biceps

VI. Smoothness

- Chapter 25. Principles of Humeroscapular Smoothness
- Chapter 26. Principles of Glenohumeral Smoothness
- Chapter 27. Principles of Humeral Arthroplasty
- Chapter 28. Principles of Glenoid Arthroplasty
- Chapter 29. Procedure: Humeral Arthroplasty
- Chapter 30. Procedure: Reconstruction of the Glenoid Surface using a Non-Prosthetic Glenoid Arthroplasty
- Chapter 31. Procedure: Reconstruction of the Glenoid Surface Using a Prosthetic Glenoid Arthroplasty
- Chapter 32. Procedure: Humeral Hemiarthroplasty for Cuff Tear Arthropathy

VII. Fractures

- Chapter 33. Principle of Proximal Humeral Fracture Management
- Chapter 34. Procedure: Pinning of an Unstable Subtuberosus Fracture
- Chapter 35. Procedure: Triangle Plate Fixation of a Subtuberosus Fracture
- Chapter 36. Procedure: Prosthetic Reconstruction for Proximal Humeral Fracture

VIII. Revision Surgery

Chapter 37. Principles of Revision Surgery
