

PART I. PATIENT ASSESSMENT

1. History and Physical Diagnosis
2. Urinalysis
3. Measurement of GFR
4. Imaging Techniques
5. Renal Biopsy

PART II. ACUTE KIDNEY INJURY

6. Epidemiology, Etiology, Pathophysiology and Diagnosis
7. Management Options: CRRT
8. Hepatorenal Syndrome
9. Cardiorenal Syndrome
10. Medications
11. Sepsis
12. Rhabdomyolysis
13. Tumor Lysis Syndrome
14. Contrast-induced Nephropathy
15. Acute Glomerulonephritis and RPGN
16. Nephrotic Syndrome
17. Obstructive Uropathy
18. Nephrolithiasis

PART III. CHRONIC KIDNEY DISEASE

19. Epidemiology, Etiology, Pathophysiology and Staging
20. Anemia in Chronic Kidney Disease
21. Renal Osteodystrophy
22. Cardiovascular Disease
23. Hyperlipidemia

- 24. Nutrition
- 25. Management of the Patient with Progressive Renal Failure
- 26. Drug Dosing in patients with CKD

PART IV. PRIMARY GLOMERULAR DISORDERS

- 27. Minimal Change Disease
- 28. Focal Segmental Glomerulosclerosis
- 29. Membranous Nephropathy
- 30. IgA Nephropathy and Henoch Schonlein Disease
- 31. Membranoproliferative Glomerulonephritis

PART V. SECONDARY GLOMERULAR DISORDERS

- 32. Diabetic Nephropathy
- 33. Lupus Nephritis
- 34. Dysproteinemias or Light Chain Diseases
- 35. Vasculitides
- 36. Thrombotic Microangiopathies

PART VI. INFECTION ASSOCIATED GLOMERULONEPHRITIDES

- 37. Post-infectious Glomerulonephritis
- 38. Viral Hepatitis-Associated Glomerulonephritis
- 39. HIV-Associated Renal Disorders

PART VII. OTHER RENAL PARENCHYMAL DISEASES

- 40. Fabry Disease
- 41. Cystic Diseases of the Kidneys
- 42. Other Hereditary Renal Disorders
- 43. Tubulointerstitial Diseases
- 44. Urinary Tract Infections
- 45. Renal Neoplasias

VIII. RENAL DISEASES IN SPECIAL POPULATIONS

46. Renal Disease and Hypertension in Pregnancy

47. Sickle Cell Nephropathy

48. Renal Disease in the Elderly

PART IX. TREATMENT OPTIONS

49. Hemodialysis

50. Home Dialysis

51. Peritoneal Dialysis

52. Therapeutic Plasma Exchange (Plasmapheresis)

PART X. TRANSPLANTATION

53. Epidemiology and Outcomes

54. Donor and Recipient Evaluation

55. Immunosuppression

56. Rejection of the Renal Transplant

57. Post-Transplant Malignancies

58. Post-Transplant Infections

59. Primary Care of the Renal Transplant Patient

PART XI. HYPERTENSION

60. Primary Hypertension

61. Renal Parenchymal Hypertension

62. Renovascular Disease

63. Endocrine Hypertension

64. Other Forms of Secondary Hypertension

65. Renal Diseases in African-Americans

66. Resistant Hypertension

67. Hypertensive Emergencies

68. Pharmacologic Treatment of Hypertension

69. Non-pharmacologic Treatment of Hypertension

PART XII. ACID-BASE AND ELECTROLYTE DISORDERS

70. Volume Disorders

71. Genetic Disorders of Na Transport

72. Hyponatremia and Hypernatremia

73. Hypokalemia and Hyperkalemia

74. Hypocalcemia and Hypercalcemia

75. Disorders of Phosphorus Metabolism

76. Disorders of Magnesium Metabolism

77. Metabolic Acidosis

78. Metabolic Alkalosis

PART XIII. ONCONEPHROLOGY

79. Onconephrology

PART XIV. PALLIATIVE CARE NEPHROLOGY

80. Palliative Care Nephrology

PART XV. NEPHROLOGY BEGINNINGS

81. Nephrology Beginnings

PART XVI. NEPHROLOGY TRIVIA

82. Nephrology Trivia
