

Contents

List of Contributors vii
Preface ix

Section 1 Introduction

- 1 **Normal Development** 1
 Mana Parast

Section 2 Early Pregnancy Pathology

- 2 **Early Pregnancy Loss with Normal Karyotype** 9
 Raymond W. Redline
- 3 **Early Pregnancy Loss with Abnormal Karyotype** 16
 Raymond W. Redline
- 4 **Gestational Trophoblastic Disease** 21
 Bradley J. Quade

Section 3 Maternal Uteroplacental-Vascular Pathology

- 5 **Maternal Vascular / Trophoblastic Developmental Abnormalities** 49
 Raymond W. Redline
- 6 **Distal Villous Hypoplasia, Focal and Diffuse** 58
 Brendan Fitzgerald and Sarah Keating
- 7 **Maternal Vascular Malperfusion** 62
 Raymond W. Redline
- 8 **Loss of Maternal Vascular Integrity** 70
 Drucilla J. Roberts

Section 4 Fetal Stromal-Vascular Pathology

- 9 **Fetal Stromal-Vascular Developmental Abnormalities** 79
 Raymond W. Redline
- 10 **Fetal Vascular Malperfusion** 93
 Theonia K. Boyd
- 11 **Loss of Fetal Vascular Integrity** 104
 Drucilla J. Roberts

Section 5 Inflammatory Processes

- 12 **Placental Infections** 115
 Drucilla J. Roberts
- 13 **Chronic Villitis / Villitis of Unknown Etiology (VUE)** 137
 Mana Parast
- 14 **Chronic Inflammatory Lesions Sometimes Associated with Villitis of Unknown Etiology (VUE)** 145
 Suzanne M. Jacques and Faisal Qureshi
- 15 **Chronic Histiocytic Intervillositis** 152
 Raymond W. Redline

Section 6 Other Pathologic Processes

- 16 **Placental Size, Shape, and Umbilical Cord Abnormalities** 157
 Raymond W. Redline
- 17 **Perivillous Fibrin Deposition** 181
 Drucilla J. Roberts

Contents

- 18 **Atypical Intraplacental Hemorrhages / Thrombi** 188
 Brendan Fitzgerald and Sarah Keating
- 19 **Meconium Effects** 199
 Theonia K. Boyd
- 20 **Increased Circulating Fetal Nucleated Red Blood Cells** 206
 Theonia K. Boyd
- 21 **Early and Late Membrane / Amnion Rupture and Amnion Nodosum** 214
 Suzanne M. Jacques and Faisal Qureshi
- 22 **Metastatic Tumors** 220
 Drucilla J. Roberts
- 23 **Heterotopias and Germ Cell Tumors** 230
 Suzanne M. Jacques and Faisal Qureshi
- 24 **Lysosomal Storage Disease, Bartter Syndrome, and Mimics** 235
 Raymond W. Redline

Section 7 Pathology of Multiple Gestations

- 25 **The Pathology of Monochorionic Placentation** 241
 Monique E. De Paepe
- 26 **Dichorionic and Higher Order Multiple Gestations** 262
 Monique E. De Paepe

Section 8 Uteroplacental Pathology

- 27 **Abnormal Placental Location** 275
 Kelly Devereaux and Ann Folkins
- 28 **Morbidly Adherent Placenta** 283
 Linda M. Ernst
- 29 **Uterine Rupture/Dehiscence** 296
 Sydney Card and Ann Folkins
- 30 **Postpartum Hemorrhage** 299
 Koah Vierkoetter and Ann Folkins

Section 9 Clinicopathologic Correlations: Placental Pathology and Adverse Pregnancy Outcomes

- 31 **Spontaneous Preterm Delivery (Premature Labor, Premature Rupture of Membranes, Vaginal Bleeding, Cervical Insufficiency)** 307
 Raymond W. Redline
- 32 **Fetal Growth Restriction** 312
 Ann Folkins
- 33 **Fetal Death** 316
 Theonia K. Boyd
- 34 **Central Nervous System Injury** 322
 Raymond W. Redline
- 35 **Recurrent Pregnancy Loss** 327
 Theonia K. Boyd

Appendix 1: Common Clinical and Biologic Abbreviations 331

Appendix 2: Gross Examination 333

Appendix 3: Placental Weights: Means, Standard Deviations, and Percentiles by Gestational Age 336

Appendix 4: Fetal-Placental Weight Ratios, Means, Standard Deviations, and Percentiles by Gestational Age 337

Appendix 5: Mean Weights and Percentiles for Twin Placentas 338

Appendix 6: Umbilical Cord Length by Gestational Age 339

Appendix 7: Umbilical Cord Coiling Index 340

Appendix 8: Placental Histologic Features in Stillbirth by Time Interval before Delivery 341

Appendix 9: Means and Standard Deviations for Placental Weights and Dimensions, Birth Weights, and Fetoplacental Weight Ratios by Gestational Age 342

Index 344
