Human Respiratory System and Disease Management

- **Overview on Anatomy of Human Respiratory System:** ***Anoop Kumar Sinha and Sunit K. Singh***
- **Lung Defenses: An Overview,** ***Laurent P. Nicod***
- **Airway Epithelial and Early Innate Immune Responses to Virus Infections:** ***Alan Chen-Yu Hsu, Su-Ling Loo, Faezeh Fathi Aghdam, Kristy Parsons, Philip M. Hansbro and Peter A. B. Wark***
- **Pulmonary Endothelium in Health and Viral Infections:** ***Nikolaos Manitsopoulos, Frantzeska Frantzeskaki, Anastasia Kotanidou and Stylianos E. Orfanos***
- **Cough Formation in Viral Infections in Children:** ***Kerry-Ann F. O'Grady, Ian M. Mackay and Anne B. Chang***
- **Aerosol Spread and Communicability of Respiratory Viruses:** ***Samira Mubareka, Thomas G. Voss, Daniel Verreault and Chad J. Roy***
- **Environmental Variables in the Transmission of Respiratory Viruses:** ***Nicole M. Bouvier***
- **Animal Models of Human Respiratory Viral Infections:** ***Kayla A. Weiss, Cory J. Knudson, Allison F. Christiaansen and Steven M. Varga***
- **Clinical and Laboratory Diagnosis of Human Respiratory Viral Infections:** ***Cristina Costa, Francesca Sidoti and Rossana Cavallo***
- **Potential of Antibody Therapy for Respiratory Virus Infections:** ***Tze-Minn Mak, Ruisi Hazel Lin and Yee-Joo Tan***
- **Measures for Infection Control in Respiratory Viral Infections:** ***W. H. Seto***
- **Controlling Epidemic of Human Respiratory Viral Infections:** ***Grant Waterer and Sheree Smith***

Common Viral Infections of Human Respiratory System

- **Overview of Human Upper and Lower Respiratory Tract Viral Infections:** ***Fleur M. Moesker, Pieter L.A. Fraaij and Ab D.M.E. Osterhaus***
- **Viral-Induced Asthma and Chronic Obstructive Pulmonary Disease:** ***Lena Uller and Carl Persson***
- **Pediatric Viral Pneumonia:** ***Matti Korppi***
- **Pulmonary Bacterial Coinfection with Viral Respiratory Infection in Children:** ***Kentigern Thorburn and Andrew Riordan***
- **Mixed Respiratory Viral Infections:** ***Jonathan Hoffmann and Gláucia Paranhos-Baccalà***
- **Respiratory Viral Infections in Immunocompromised Patients:** ***Ellie Walker and Michael G. Ison***
- **Human Adenovirus: A Respiratory Virus Causing Systemic Disease,** ***Joseph P. Lynch, III, Adriana E. Kajon and Marcela Echavarria***
- **Human Rhinovirus Infections:** ***Stephen B. Greenberg***
- **Human Respiratory Syncytial Virus Infections:** ***Marcello Lanari, Silvia Vandini and Giacomo Faldella***
- **Contents Human Influenza Virus Infections:** ***Judith M. Fontana, Daniel P. Eiras and Mirella Salvatore***

- **Human Parainfluenza Virus Infections:** ***Eric T. Beck and Kelly J. Henrickson***
- **Emergence and Pathogenesis of Avian Influenza in Humans:** ***Jennifer R. Plourde and Kevin S. Harrod***
- **Emergence and Pathogenesis of Swine Influenza Viruses in Humans:** ***Jennifer L. Smith, Frederick T. Koster and Robert J. Hogan***
- **Measles Virus: A Respiratory Virus Causing Systemic Disease,** ***Rory D. de Vries and Rik L. de Swart***
- **Human Coronavirus Respiratory Infections:** ***Thomas Edward Cecere, Stephanie Michelle Todd*** **and Owen Benjamin Richmond**

- **SARS-CoV Infections in Humans:** ***K. F. To and Anthony W. I. Lo***
- **Human Bocavirus Infections:** ***Verena Schildgen and Oliver Schildgen***
- **Human Metapneumovirus Infections:** ***Jennifer Elana Schuster and John V. Williams***
- **Enterovirus 68 and Human Respiratory Infections:** ***Janette C. Rahamat-Langendoen and Hubert G.M. Niesters***
- **Henipaviruses: Emerging Zoonotic Respiratory Viral Infections,** ***Olivier Escaffre, Viktoriya Borisevich and Barry Rockx***
