

Περιεχόμενα:

I. Modes of therapy

1. Molecular and Cellular Targets in Therapy of Acid-related Diseases
2. Pharmacology and Therapeutics for Motor and Sensory Disorders of the Gut
3. Probiotics
4. Nutrition Support in the Patient with Gastrointestinal Disease
5. Nutrition and Malnutrition in Liver Disease

II. Special considerations in dosing/Considerations in special populations: The Immunocompromised host

6. Esophageal Infections
7. Enteric Infections in Immunocompromised Hosts
8. Biliary Infections in the Immunocompromised Patient
9. Gastrointestinal and Hepatobiliary Complications of Bone Marrow Transplantation
10. Pregnancy
11. Treatment of the Elderly Patient
12. Children

III. Management of ESOPHAGEAL DISORDERS

13. Gastroesophageal Reflux Disease
14. Barrett's Esophagus
15. Management of Achalasia
16. Treatment of Esophageal Disorders caused by Medications, Caustic Ingestion, Foreign Bodies and Trauma
17. Approach to the Patient with Esophageal Cancer

IV. Management of GASTRODUODENAL DISORDERS

18. Treatment of Helicobacter pylori Infection
19. Therapy and Prevention of NSAID-related Gastrointestinal Disorders
20. Treatment of Non-NSAID and Non-H. Pylori Gastroduodenal Ulcers and Hypersecretory States
21. Upper Gastrointestinal Bleeding
22. Gastric Outlet Obstruction, Perforation and other Complications of Gastroduodenal Ulcer
23. Treatment of Gastric Volvulus and Diaphragmatic Hernias
24. Gastric Neoplasia

V. Management of PANCREATICOBILIARY DISORDERS

25. Biliary Tract Stones
26. Primary Sclerosing Cholangitis

27. Acute Pancreatitis
28. Chronic Pancreatitis
29. Pancreatic Cancer
30. Cholangiocarcinoma and Other Biliary Tumors
31. Zollinger-Ellison Syndrome and other Neuroendocrine Tumors

VI. Management of HEPATIC DISORDERS

32. Treatment of Hereditary Hemochromatosis, Wilson Disease, and other Metabolic Disorders of the Liver
33. Prophylaxis and Treatment of Viral Hepatitis
34. Autoimmune Hepatitis
35. Bacterial, Fungal and Granulomatous Diseases of the Liver
36. Alcoholic and Non-Alcoholic Fatty Liver Disease
37. Drug-induced Hepatic Injury (Prevention)
38. Primary Biliary Cirrhosis
39. Variceal Hemorrhage
40. Ascites and Spontaneous Bacterial Peritonitis
41. Hepatic Encephalopathy
42. Hepatorenal Syndrome
43. Fulminant Hepatic Failure
44. Long-term Care of the Liver Transplant Recipient
45. Primary Tumors of the Liver
46. Neonatal Jaundice
47. The Pregnant Patient with Jaundice

VII. Management of INTESTINAL DISORDERS

48. Irritable Bowel Syndrome
49. Celiac Sprue and other Malabsorptive Disorders
50. Treatment of Acute Infectious Diarrheas
51. Treatment of Clostridium difficile Diarrhea and Colitis
52. Treatment of Intestinal Parasitic Diseases
53. Treatment of Eosinophilic Gastroenteritis
54. Treatment of Radiation-induced Enterocolitis: a Mechanistic Approach
55. Approach to the Patient with Short-bowel Syndrome
56. Crohn's Disease
57. Ulcerative Colitis
58. Intestinal Obstruction
59. Chronic Intestinal Pseudo-obstruction
60. Hirschsprung's Disease
61. Diverticular Disease of the Colon
62. Vascular Insufficiency
63. Neoplastic Diseases of the Small and Large Bowel
64. Treatment of Sexually Transmitted Anorectal Diseases

- 65. Lower Gastrointestinal Bleeding**
- 66. Hemorrhoids and other Anorectal Disorders**

VIII. Therapy of Symptoms/symptom-oriented management/Symptom-based treatments

- 67. Acute Abdominal Pain**
- 68. Noncardiac Chest Pain**
- 69. Dyspepsia**
- 70. Nausea and Vomiting**
- 71. Constipation and Diarrhea**
- 72. Treatment of Fecal Incontinence**
