

Abdomen	Xanthogranulomatous Cholecystitis
Liver	Porcelain Gallbladder
Anatomy and Approach	Gallbladder Adenomyomatosis
Liver	Gallbladder Carcinoma
Diffuse Parenchymal Disease	Ductal Pathology
Acute Hepatitis	Biliary Ductal Dilatation
Hepatic Cirrhosis	Choledochal Cyst
Hepatic Steatosis	Choledocholithiasis
Sinusoidal Obstruction	Biliary Ductal Gas
Cyst and Cyst-Like Lesions	Cholangiocarcinoma
Hepatic Cyst	Acute Cholangitis
Biliary Hamartoma	Recurrent Pyogenic Cholangitis
Biliary Cystadenoma/Carcinoma	HIV-/AIDS-Related Cholangiopathy
Biloma	Pancreas
Pyogenic Hepatic Abscess	Anatomy and Approach
Amebic Hepatic Abscess	Pancreas
Hepatic Hydatid Cyst	Pancreatitis
Hepatic Microabscesses	Acute Pancreatitis
Peribiliary Cyst	Pancreatic Pseudocyst
Focal Solid Masses	Chronic Pancreatitis
Hepatic Cavernous Hemangioma	Simple Cysts and Cystic Neoplasms
Focal Nodular Hyperplasia	Mucinous Cystic Pancreatic Tumor
Hepatic Adenoma	Serous Cystadenoma of Pancreas
Hepatocellular Carcinoma	Intraductal Papillary Mucinous
Hepatic Metastases	Neoplasm (IPMN)
Hepatic Lymphoma	Solid-Appearing Pancreatic Neoplasms
Vascular Conditions	Pancreatic Ductal Carcinoma
Transjugular Intrahepatic Portosystemic	Pancreatic Neuroendocrine Tumor
Shunt (TIPS)	Solid Pseudopapillary Neoplasm
Portal Hypertension	Spleen
Portal Vein Occlusion	Anatomy and Approach
Budd-Chiari Syndrome	Spleen
Portal Vein Gas	Splenic Lesions
Liver Transplants	Splenomegaly
Liver Transplant Hepatic Artery	Splenic Cyst
Stenosis/Thrombosis	Splenic Tumors
Liver Transplant Portal Vein	Splenic Infarct
Stenosis/Thrombosis	Urinary Tract
Liver Transplant Hepatic Venous	Anatomy and Approach
Stenosis/Thrombosis	Kidneys
Liver Transplant Biliary Stricture	Ureters and Bladder
Biliary System	Normal Variants and Pseudolesions
Anatomy and Approach	Column of Bertin, Kidney
Biliary System	Renal Junctional Line
Gallstones and Mimics	Renal Ectopia
Cholelithiasis	Horseshoe Kidney
Echogenic Bile	Ureteral Duplication
Gallbladder Polyp	Ureteral Ectopia
Gallbladder Wall Pathology	Ureteropelvic Junction Obstruction
Acute Calculous Cholecystitis	Calculi and Calcinosis
Acute Acalculous Cholecystitis	Urolithiasis
Chronic Cholecystitis	Nephrocalcinosis

Hydronephrosis
Cysts and Cystic Disorders
Simple Renal Cyst
Complex Renal Cyst
Cystic Disease of Dialysis
Multilocular Cystic Nephroma
Urinary Tract Infection
Acute Pyelonephritis
Renal Abscess
Emphysematous Pyelonephritis
Pyonephrosis
Xanthogranulomatous Pyelonephritis
Tuberculosis, Urinary Tract
Solid Renal Neoplasms
Renal Cell Carcinoma
Renal Metastases
Renal Angiomyolipoma
Upper Tract Urothelial Carcinoma
Renal Lymphoma
Vascular Conditions
Renal Artery Stenosis
Renal Vein Thrombosis
Renal Infarct
Perinephric Hematoma
Bladder
Bladder Carcinoma
Ureterocele
Bladder Diverticulum
Bladder Calculi
Kidney Transplant
Renal Transplant Complications
Perigraft Fluid Collections
Renal Transplant Hydronephrosis
Transplant Renal Artery Stenosis
Transplant Renal Artery Thrombosis
Transplant Renal Vein Thrombosis
Renal Transplant Arteriovenous (AV)
Fistula
Renal Transplant Pseudoaneurysm
Renal Transplant Rejection
Delayed Renal Graft Function
Adrenal Gland
Anatomy and Approach
Adrenal Glands
Adrenal Lesions
Adrenal Hemorrhage
Myelolipoma
Adrenal Adenoma
Adrenal Cyst
Pheochromocytoma
Adrenal Carcinoma
Abdominal Wall/Peritoneal Cavity

Anatomy and Approach
Abdominal Lymph Nodes
Peritoneal Cavity
Abdominal Wall
Abdominal Wall
Abdominal Wall Hernia
Groin Hernia
Peritoneal Cavity
Ascites
Peritoneal Carcinomatosis
Bowel
Anatomy and Approach
Bowel
Bowel Abnormalities
Appendicitis
Appendiceal Mucocele
Intussusception
Epiploic Appendagitis
Diverticulitis
Crohn Disease
Pelvis
Male Pelvis
Anatomy and Approach
Prostate and Seminal Vesicles
Testes and Scrotum
Penis and Urethra
Scrotal Lesions
Testicular Germ Cell Tumors
Gonadal Stromal Tumors, Testis
Testicular Lymphoma/Leukemia
Epidermoid Cyst
Tubular Ectasia of Rete Testis
Testicular Microlithiasis
Testicular Torsion/Infarction
Undescended Testis
Epididymitis/Orchitis
Scrotal Trauma
Hydrocele
Spermatocele/Epididymal Cyst
Adenomatoid Tumor
Varicocele
Prostatic Hyperplasia
Prostatic Carcinoma
Female Pelvis
Anatomy and Approach
Uterus
Cervix
Vagina
Ovaries
Cervical and Myometrial Pathology
Nabothian Cyst
Cervical Carcinoma

Adenomyosis
 Leiomyoma
 Uterine Anomalies
 Endometrial Disorders
 Hematometocolpos
 Endometrial Polyp
 Endometrial Carcinoma
 Endometritis
 Intrauterine Device
 Ovarian Cysts and Cystic Neoplasms
 Functional Ovarian Cyst
 Hemorrhagic Cyst
 Ovarian Hyperstimulation Syndrome
 Serous Ovarian
 Cystadenoma/Carcinoma
 Mucinous Ovarian
 Cystadenoma/Carcinoma
 Ovarian Teratoma
 Polycystic Ovarian Syndrome
 Endometrioma
 Nonovarian Cystic Masses
 Tuboovarian Abscess
 Hydrosalpinx
 Parovarian Cyst
 Peritoneal Inclusion Cyst
 Vaginal and Vulvar Cysts
 Bartholin Cyst
 Gartner Duct Cyst
 Miscellaneous Ovarian Masses
 Sex Cord-Stromal Tumor
 Adnexal/Ovarian Torsion
 Ovarian Metastases Including
 Krukenberg Tumor
 Neck
 Anatomy and Approach
 Thyroid and Parathyroid Glands
 Cervical Lymph Nodes
 Neck Lesions
 Differentiated Thyroid Carcinoma
 Anaplastic Thyroid Carcinoma
 Thyroid Non-Hodgkin Lymphoma
 Multinodular Goiter
 Colloid Cyst of Thyroid
 Hashimoto Thyroiditis
 Graves Disease
 Parathyroid Adenoma
 Reactive Adenopathy
 Malignant Cervical Lymph Nodes
 Parotid Tumors
 Submandibular Sialadenitis
 Vascular
 Anatomy and Approach
 Carotid Arteries
 Vertebral Arteries
 Neck Veins
 Aorta and Inferior Vena Cava
 Iliac Arteries and Veins
 Leg Vessels
 Vascular Lesions
 Jugular Vein Thrombosis
 Carotid Artery Dissection in Neck
 Carotid Stenosis/Occlusion
 Vertebral Stenosis/Occlusion
 Deep Vein Thrombosis
 Varicose Veins/Incompetent Perforator
 Musculoskeletal
 Anatomy and Approach
 Shoulder
 Groin
 Leg Muscles
 Musculoskeletal Lesions
 Rotator Cuff/Biceps Tendinosis
 Rotator Cuff/Biceps Tendon Tear
 Baker Cyst
 Lipoma
 Epidermoid Cyst
 Hematoma/Seroma
 Soft Tissue Infection
 Ganglion Cyst
 Muscle Injury
 Ligament Injury
 Obstetrics
 First Trimester
 Anatomy and Approach
 First Trimester
 Abnormal Intrauterine Gestation
 Abnormal and Failed First-Trimester
 Pregnancy
 Perigestational Hemorrhage
 Complete Hydatidiform Mole
 Ectopic Gestation
 Tubal Ectopic
 Other Ectopics
 Brain and Spine
 Anatomy and Approach
 Brain and Spine
 Brain
 Exencephaly, Anencephaly
 Cephalocele
 Holoprosencephaly
 Agenesis of the Corpus Callosum
 Choroid Plexus Cyst
 Arachnoid Cyst
 Aqueductal Stenosis

Chiari 2 Malformation	Jejunal, Ileal Atresia
Dandy-Walker Malformation	Meconium Peritonitis, Pseudocyst
Mega Cisterna Magna	Anal Atresia
Vein of Galen Aneurysmal Malformation	Cloacal Malformation/Urogenital Sinus
Intracranial Hemorrhage and Encephalomalcia	Hepatobiliary Abnormalities
Absent Cavum Septi Pellucidi	Choledochal Cyst
Spine	Genitourinary Tract
Spina Bifida	Anatomy and Approach
Caudal Regression Sequence	Genitourinary Tract
Sacrococcygeal Teratoma	Kidneys and Bladder
Face and Neck	Urinary Tract Dilation
Anatomy and Approach	Duplicated Collecting System
Face and Neck	Other Developmental Variants
Face and Neck Lesions	Bilateral Renal Agenesis
Cleft Lip, Palate	Echogenic Kidneys
Cystic Hygroma	Ureteropelvic Junction Obstruction
Chest	Obstructive Renal Dysplasia
Anatomy and Approach	Multicystic Dysplastic Kidney
Chest	Posterior Urethral Valves
Chest Lesions	Prune-Belly Syndrome
Congenital Diaphragmatic Hernia	Adrenal
Congenital Pulmonary Airway Malformation (CPAM)	Neuroblastoma
Bronchopulmonary Sequestration (BPS)	Genitalia
Heart	Abnormal Genitalia
Anatomy and Approach	Ovarian Cyst
Cardiovascular System	Musculoskeletal
Heart Defects	Dysplasias
Atrioventricular Septal Defect	Achondrogenesis
Ventricular Septal Defect	Achondroplasia
Ebstein Anomaly	Osteogenesis Imperfecta
Hypoplastic Left Heart	Thanatophoric Dysplasia
Tetralogy of Fallot	Extremity Malformations
Transposition of the Great Arteries (TGA)	Clubfoot and Rocker-Bottom Foot
Truncus Arteriosus	Radial Ray Malformation
Rhabdomyoma	Abnormal Hand
Abdominal Wall and Gastrointestinal Tract	Placenta, Membranes, and Umbilical Cord
Anatomy and Approach	Placenta and Membrane Abnormalities
Abdominal Wall and Gastrointestinal Tract	Placental Abruption
Abdominal Wall Defects	Low-Lying Placenta and Previa
Omphalocele	Vasa Previa
Gastroschisis	Succenturiate Lobe
Body Stalk Anomaly	Morbidly Adherent Placenta
Bladder Exstrophy	Circumvallate Placenta
Bowel Abnormalities	Marginal and Velamentous Cord Insertion
Esophageal Atresia	Chorioangioma
Duodenal Atresia	Umbilical Cord Abnormalities
	Single Umbilical Artery
	Umbilical Vein Varix
	Multiple Gestations
	Chorionicity and Amnionicity in Twins

Twin-Twin Transfusion Syndrome
Discordant Twin Growth
Twin Reversed Arterial Perfusion
Conjoined Twins
Triplets and Beyond
Aneuploidy
Trisomy 21
Trisomy 18
Trisomy 13
Turner Syndrome (45,X)
Triploidy
Syndromes and Multisystem Disorders
Amniotic Band Syndrome
Beckwith-Wiedemann Syndrome
Meckel-Gruber Syndrome
Pierre Robin Sequence
Sirenomelia
VACTERL Association
Infection
Cytomegalovirus
Fluid, Growth, and Well-Being
Parameters of Fetal Well-Being
Fetal Growth Restriction
Macrosomia
Fetal Anemia
Hydrops
Maternal Conditions in Pregnancy
Myoma in Pregnancy
Müllerian Duct Anomalies in Pregnancy
Cervical Insufficiency/Short Cervix
Retained Products of Conception
Pediatric
Brain
Anatomy and Approach
Brain
Brain Pathology
Germinal Matrix Hemorrhage
Spine
Anatomy and Approach
Vertebral Column and Spinal Cord
