Ethan Kim and Ruchir Gupta

13. Trauma: Multisystem injury

Dion M. McCall, Molly Amin, and Michael Gajewski

14. Trauma: Traumatic Brain Injury

Ruchir Gupta

15. Urology: TURP Syndrome

Mark Slomovits

16. Pediatrics: foreign body aspiration

Aimee Kakascik

17. Pediatrics: Tracheoesophageal Fistula Repair

Peggy Wingard

18. Pediatrics: Pyloric Stenosis

Julio Olaya

19. Pediatrics: Congenital Diaphragmatic Hernia

Peggy Wingard

20. Pediatrics: Epiglottitis

Julio Olaya

21. Patent Ductus Arteriosus

Peggy Wingard

22. Pediatrics: tetralogy of fallot

Kseniya Khmara and Ruchir Gupta

23. Neuro: Intracranial Mass

Sergey Pisklakov

24. Neuro: Cerebral Aneurysm

Sergey Pisklakov

25. Thoracic: VATS (one lung ventilation)

Ruchir Gupta

26. Thoracic: Mediastinal Mass

Stanley Yuan and Joseph Marino

27. Cardiovascular: Aortic Dissection

Ruchir Gupta

28. Cardiovascular: Carotid Endarterectomy

Ruchir Gupta

29. Cardiovascular: CABG

Alec C. Runyon, Minh Chau Joe Tran

30. Cardiovascular: Abdominal Aortic Aneurysm

Carl Ying and Minh Chau Joe Tran

31. Obstetric: Hemorrhage

Edouard Belotte

32. Obstetric: Preeclampsia

Xiaodong Bao

33. Additional Topics: Cardiac

Ruchir Gupta

34. Additional Topics: Obstetrics

Anita Gupta and Nicholas Weber

35. Additional Topics: Pediatrics

Ruchir Gupta, Monique Cadogan, and Barbara Vickers

36. Additional Topics: Neuro

Ruchir Gupta

37. Additional Topics: Pain Management

Ruchir Gupta

38. Additional Topics: Neuraxial Anesthesia/anticoagulation

Ruchir Gupta

39. Additional Topics: Critical Care

Ruchir Gupta

II. Applied Examination: The OSCE

1. Basics of OSCE

2. Clinical Scenario # 1: Informed Consent

3. Clinical Scenario # 2: Treatment Options

4. Clinical Scenario # 3: Periprocedural Complications

5. Clinical Scenario # 4: Ethical Issues

6. Clinical Scenario # 5: Communicating with Other Health Professionals

7. Clinical Scenario # 6: Practice Based Learning and Improvement
