Foreword	xiii
Preface	xv
Contributors	xvii

Part I Introduction

1 Overview of the Causes of Suboptimal Outcomes Following Cataract Surgery: Role of Preoperative Screening and Adequate Counseling	2
<i>Samir Narang and Priya Narang</i>	
2 Tear Film and Corneal Disorders	9
<i>Laura M. Periman and Priya Narang</i>	
3 Postrefractive Intraocular Lens Power Calculation: Choosing the Right Nomogram	15
<i>Aazim A. Siddiqui and Uday Devgan</i>	
4 Residual Refractive Error	24
<i>Lisa Y. Chen and Edward E. Manche</i>	
5 Posterior Corneal Astigmatism: Basics and Clinical Implications	27
<i>Fernando Antonio Faria-Correia, José Carlos Ferreira Mendes, and Renato Ambrósio Jr.</i>	
6 Considerations in Cataract Surgery Following Postrefractive Error Correction	33
<i>William B. Trattler</i>	

Part II Refractive Enhancement Procedures

7 Corneal-Based Procedures: Astigmatic Keratotomy, LASIK, PRK, and SMILE	40
<i>Jennifer Loh and William B. Trattler</i>	
8 Intraocular Lens Exchange	45
<i>Thomas A. Oetting</i>	
9 Piggyback Intraocular Lens	54
<i>Johnny L. Gayton, Riley N. Sanders, and Val Nordin Sanders</i>	

Contents

10	Toric Intraocular Lens	60
	<i>Eric Clayton Amesbury and Kevin M. Miller</i>	
11	Premium Intraocular Lenses and Associated Problems	69
	<i>Elizabeth Yeu and Mario J. Rojas</i>	
Part III Nonrefractive Enhancement Procedures		
12	Dysphotopsias and Surgical Management	78
	<i>Samuel Masket and Nicole R. Fram</i>	
13	Bullous Keratopathy and Endothelial Keratoplasty	83
	<i>Jonathan K. Kam and Jacqueline Beltz</i>	
14	Malpositioned Intraocular Lens and Capsular Bag: Intraocular Lens Complex Issues	93
	<i>Amar Agarwal</i>	
15	Posterior Capsular Rupture and Intraocular Lens Implantation	103
	<i>Priya Narang</i>	
Part IV Miscellaneous		
16	MiLoop: Micro-Interventional, Phaco-Free, Lens Fragmentation	118
	<i>Tsontcho Ianchulev and Susan MacDonald</i>	
17	Keratoconus and Cataract Surgery	123
	<i>Arthur B. Cummings and Sheraz Daya</i>	
18	Bilensectomy (Phakic IOL Explantation with Coincidental Cataract Surgery and IOL Implantation)	130
	<i>Veronica Vargas Fragoso and Jorge L. Alió</i>	
19	Cystoid Macular Edema and Management	134
	<i>J. Fernando Arevalo, Carlos F. Fernández, and Fernando A. Arevalo</i>	
20	Endophthalmitis, Toxic Anterior Segment Syndrome, and Vitritis	141
	<i>Andrzej Grzybowski and Magdalena Turczynowska</i>	
21	Intraoperative Aberrometry	151
	<i>Kathryn M. Hatch</i>	
22	Futuristic Approach and Advancements	156
	<i>Gary Wörtz</i>	

Contents

23	Telescopic Intraocular Lenses	161
	<i>Isaac Lipshitz and Amar Agarwal</i>	
	Index	165

Video Contents

Chapter 8 Intraocular Lens Exchange

- Video 8.1 Intraocular lens (IOL) exchange for broken haptic.
- Video 8.2 Removal of opacified memory lens.
- Video 8.3 Intraocular lens (IOL) exchange in phimotic capsule.

Chapter 14 Malpositioned Intraocular Lens (IOL) and Capsular Bag – IOL Complex Issues

- Video 14.1 L-shaped pocket incision and subluxated one-piece intraocular lens (IOL).
- Video 14.2 Subluxated one-piece foldable intraocular lens (IOL) with single-pass four-throw (SFT) pupilloplasty.
- Video 14.3 Subluxated intraocular lens (IOL) with broken haptics.
- Video 14.4 Subluxated anterior chamber intraocular lens (ACIOL) with haptic protrusion in the sclera.
- Video 14.5 Malpositioned three-piece intraocular lens (IOL) in sulcus.
- Video 14.6 Dropped intraocular lens (IOL).

Chapter 15 Posterior Capsular Rupture and Intraocular Lens Implantation

- Video 15.1 Sulcus placement of an intraocular lens (IOL) in posterior capsule rupture.
- Video 15.2 Posterior assisted levitation and intraocular lens (IOL) scaffold.
- Video 15.3 Sleeveless phacotip assisted levitation (SPAL) with intraocular lens (IOL) scaffold.
- Video 15.4 Refractive glued intraocular lens (IOL) exchange.
- Video 15.5 Triumvirate technique.
- Video 15.6 Glued intraocular lens (IOL) scaffold.
- Video 15.7 Gluing the intraocular lens (IOL) beneath the subluxated cataractous lens.
- Video 15.8 Glued intraocular lens (IOL) scaffold for Soemmering's ring.
- Video 15.9 Phimotic capsular bag–intraocular lens (IOL) complex dislocation.
- Video 15.10 L-shaped scleral incision with refractive intraocular lens (IOL) exchange with Soemmering's ring and glued IOL.
- Video 15.11 No-assistant technique for glued intraocular lens (IOL).
- Video 15.12 Handshake technique for glued intraocular lens.
- Video 15.13 Complications of glued intraocular lens (IOL).

Chapter 18 Bilensectomy (Phakic IOL Explantation with Coincidental Cataract Surgery and IOL Implantation)

- Video 18.1 Bilensectomy: Kelman's intraocular lens (IOL) explantation.
- Video 18.2 Bilensectomy: Artisan's intraocular lens (IOL) explantation.
- Video 18.3 Implantable contact lens (IPCL) explantation.

Chapter 22 Futuristic Approach and Advancements

- Video 22.1 Demonstration of the mechanism of action of light-adjustable intraocular lens.

Chapter 23 Telescopic Intraocular Lenses

- Video 23.1 Superman returns.
