### Part II: Lens

|           |  |    |
|-----------|--|----|
| <b>14</b> | <b>A Nearly Mature Cataract in a Patient with Glaucoma</b> ..... | 42 |
|           | <i>I. Howard Fine and Charles C. Lin</i>                         |    |
| <b>15</b> | <b>Retained Lens Material after Cataract Extraction</b> .....    | 45 |
|           | <i>Ruwan A. Silva and Charles C. Lin</i>                         |    |
| <b>16</b> | <b>Fibrin Deposition on Intraocular Lenses</b> .....             | 48 |
|           | <i>Christopher N. Ta</i>   |    |
| <b>17</b> | <b>Subluxated Crystalline Lens</b> .....                         | 50 |
|           | <i>David F. Chang and Bryan S. Lee</i>                           |    |
| <b>18</b> | <b>Congenital Cataract</b> .....                                 | 54 |
|           | <i>Edward H. Wood and Nandini G. Gandhi</i>                      |    |

### Part III: Glaucoma

|           |  |    |
|-----------|--|----|
| <b>19</b> | <b>Ocular Hypertension</b> .....                               | 60 |
|           | <i>Don C. Nguyen and Kuldev Singh</i>                          |    |
| <b>20</b> | <b>Open-Angle Glaucoma</b> .....                               | 63 |
|           | <i>Bac Tien Nguyen and Sally Byrd</i>                          |    |
| <b>21</b> | <b>Primary Angle-Closure Glaucoma</b> .....                    | 67 |
|           | <i>Peter A. Netland and Eitan S. Burstein</i>                  |    |
| <b>22</b> | <b>Pigmentary Glaucoma</b> .....                               | 71 |
|           | <i>Yasemin G. Sozeri, Scott A. Cory, and James C. Robinson</i> |    |
| <b>23</b> | <b>Neovascular Glaucoma</b> .....                              | 74 |
|           | <i>Daniel Y. Choi and Stephen A. Lin</i>                       |    |
| <b>24</b> | <b>Inflammatory Glaucoma</b> .....                             | 77 |
|           | <i>Robert Kule and Anne L. Coleman</i>                         |    |
| <b>25</b> | <b>Primary Congenital Glaucoma</b> .....                       | 80 |
|           | <i>Elena Bitrian and Alana L. Grajewski</i>                    |    |
| <b>26</b> | <b>Ocular Hypotony</b> .....                                   | 83 |
|           | <i>Thomas W. Samuelson</i>                                     |    |
| <b>27</b> | <b>Posttrabeculectomy Wound Leak</b> .....                     | 87 |
|           | <i>Xuan Thanh Le-Nguyen and Robert M. Feldman</i>              |    |
| <b>28</b> | <b>Failing Filtering Bleb</b> .....                            | 90 |
|           | <i>Xuan Thanh Le-Nguyen and Robert M. Feldman</i>              |    |
| <b>29</b> | <b>Flat Anterior Chamber</b> .....                             | 93 |
|           | <i>Martha Motuz Leen</i>                                       |    |

|                        |  |     |
|------------------------|--|-----|
| <b>30</b>              | <b>Persistent Choroidal Detachment</b> .....               | 97  |
|                        | <i>Donald L. Budenz</i>                                    |     |
| <b>Part IV: Retina</b> |  |     |
| <b>31</b>              | <b>Nonproliferative Diabetic Retinopathy</b> .....         | 102 |
|                        | <i>Thalmon R. Campagnoli and William E. Smiddy</i>         |     |
| <b>32</b>              | <b>Diabetic Macular Edema</b> .....                        | 105 |
|                        | <i>Thalmon R. Campagnoli and William E. Smiddy</i>         |     |
| <b>33</b>              | <b>Proliferative Diabetic Retinopathy</b> .....            | 108 |
|                        | <i>Thalmon R. Campagnoli and William E. Smiddy</i>         |     |
| <b>34</b>              | <b>Retinal Arterial Occlusion</b> .....                    | 111 |
|                        | <i>Amir Mohsenin and William E. Smiddy</i>                 |     |
| <b>35</b>              | <b>Central Retinal Vein Occlusion</b> .....                | 114 |
|                        | <i>William E. Smiddy</i>                                   |     |
| <b>36</b>              | <b>Branch Retinal Vein Occlusion</b> .....                 | 117 |
|                        | <i>William E. Smiddy</i>                                   |     |
| <b>37</b>              | <b>Nonexudative Age-Related Macular Degeneration</b> ..... | 120 |
|                        | <i>John Edward Legarreta</i>                               |     |
| <b>38</b>              | <b>Exudative Age-Related Macular Degeneration</b> .....    | 123 |
|                        | <i>John Edward Legarreta</i>                               |     |
| <b>39</b>              | <b>Myopic Degeneration</b> .....                           | 126 |
|                        | <i>Amir Mohsenin and William E. Smiddy</i>                 |     |
| <b>40</b>              | <b>Idiopathic Central Serous Chorioretinopathy</b> .....   | 129 |
|                        | <i>Ella Leung</i>  |     |
| <b>41</b>              | <b>Epiretinal Membrane</b> .....                           | 131 |
|                        | <i>Ajay E. Kuriyan</i>                                     |     |
| <b>42</b>              | <b>Vitreomacular Traction</b> .....                        | 134 |
|                        | <i>Thalmon R. Campagnoli and William E. Smiddy</i>         |     |
| <b>43</b>              | <b>Vitreous Hemorrhage</b> .....                           | 137 |
|                        | <i>William E. Smiddy and Thalmon R. Campagnoli</i>         |     |
| <b>44</b>              | <b>Retinitis Pigmentosa</b> .....                          | 140 |
|                        | <i>Byron L. Lam</i>  |     |
| <b>Part V: Uveitis</b> |  |     |
| <b>45</b>              | <b>Choroiditis</b> .....                                   | 144 |
|                        | <i>Sarah P. Read</i>                                       |     |
