

1. Basic concepts of melanocyte biology
Mauro Picardo and Daniela Kovacs
2. The diagnostic approach to hypopigmentation
Clio Dessinioti and Andreas Katsambas
3. Historical review of vitiligo
Maja Kovacevic, Nika Franceschi, Mirna Situm, Andy Goren, Andrija Stanimirovic, Yan Valle, and Torello Lotti
4. Epidemiology and classification of vitiligo
Serena Gianfaldoni and Torello Lotti
5. Pathophysiology of vitiligo
Alexandra Miniati
6. Segmental vitiligo
Christina Bergqvist and Khaled Ezzedine
7. Childhood versus Post-childhood vitiligo
Electra Nicolaidou and Styliani Mastrafsi
8. Pharmacological treatment of vitiligo
Ivana Binić and Andrija Stanimirović
9. Surgical treatment of vitiligo
Muhammed Razmi T, TP Afra, and Davinder Parsad
10. Phototherapy and lasers in the treatment of vitiligo
Victoria Eleftheriadou
11. Emerging treatments for vitiligo
Angelo Massimiliano D'Erme and Giovanni Bagnoni
12. Tuberous sclerosis complex
Vesna Pljakoska, Katerina Damevska, and Natasa Teovska Mitrevska
13. Oculocutaneous albinism
Mira Kadurina, Anastasiya A Chokoeva, and Torello Lotti
14. Hermansky Pudlak syndrome, Chediak-Chigasi syndrome, and Griscelli syndrome
Vesna Pljakoska, Silvija Duma, and Andrej Petrov
15. Piebaldism
Jovan Lalošević and Miloš Nikolić

16. Waardenburg syndrome
Carmen Maria Salavastru, Stefana Cretu, and George Sorin
Tiplica
17. Alezzandrini syndrome, Margolis syndrome, Cross
syndrome, and other rare genetic disorders
Athanasios I. Pavlidis and Andreas D. Katsambas
18. Mosaic hypopigmentation
Irene Latour-Álvarez and Antonio Torrelo
19. Skin disorders causing Post-inflammatory Hypopigmentation
Polytimi Sidiropoulou, Sgouros Dimitrios, and Dimitris
Rigopoulos
20. Infectious and parasitic causes of hypopigmentation
Serena Gianfaldoni, Aleksandra Vojvodic, Nooshin Bagherani,
Bruce R. Smoller, Balachandra Ankad, Leon Gilad, Arie
Ingber, Fabrizio Guarneri, Uwe Wollina, and Torello Lotti
21. Melanoma leukoderma
Alexander Stratigos, Polytimi Sidiropoulou, and Dorothea
Polydorou
22. Halo nevi
Christina Stefanaki
23. Drug-induced hypopigmentation
Katerina Damevska, Suzana Nikolovska, Razvigor Darlenski,
Ljubica Suturkova, and Torello Lotti
24. Hypopigmentation from chemical and physical agents
Katerina Damevska, Igor Peev, Ranthilaka R. Ranawaka, and
Viktor Simeonovski
25. Guttate hypomelanosis and progressive hypomelanosis of
the trunk (progressive macular hypomelanosis)
Alexander Katoulis and Efthymia Soura
