Foreword	<i>xi</i>
Preface	<i>xiii</i>
Acknowledgments	<i>xv</i>

Section 1 Equipment and Concepts 1

1 Photographic Equipment 3

Cameras	4
Sensors	6
Resolution	9
Sensor Speed or ISO	13
Sensor Cleaning	13
Colour (Bit) Depth	15
White Balance	16
Focusing	16
External Flash	17
Remote Shutter Release	17
Lenses	17
Lighting	19
Supports	23
Other photographic items	25
References	25

2 Dental Armamentarium and Clinical Considerations 27

Retractors	27
Photographic Mirrors and Contrasters	27
Field of View	30
Cross-infection Control	31
Health and Safety	32
Location	33
Supports	39
Delegation	40
Patient Consent	41
References	42

3	Technical Concepts and Settings	45
	Every Picture Tells a Story	45
	Setting the Tone	48
	Lighting	48
	Depth of Field	52
	Exposure and Histogram	57
	White Balance	63
	Resolution	64
	Other Settings	68
	References	68
4	Composition and Standardisation	69
	Composition	69
	Dominance	69
	Positioning	72
	Leading the Eye	79
	Balance	83
	Standardisation	84
	Standardisable Factors	89
	Non-standardisable Factors	92
	References	94
	Section 2 Photographic Set-ups	97
5	Extra-Oral and Intra-Oral Images	99
	Positioning	99
	The Essential Dental Portfolio	101
	Extra-Oral (Dento-Facial) Compositions	103
	Intra-Oral Compositions	107
	Optional Compositions	117
	References	135
6	Portraiture	137
	Lighting for Portraiture	137
	Manipulating Light	138
	Colour Temperature	138
	Direction: Key Light	140
	Intensity and Size	147
	Fill Light	150
	Background Light	153
	Clinical Portraiture Set-Up	154
	The Essential Portrait Portfolio	156
	Optional Clinical Portraits	164
	Non-clinical Portraiture Set-up	166
	Generic Studio Portrait	167
	Flattering Portrait	167

Profile Portrait	168
Coloured Gel Portrait	170
Classical Smile Line Portrait	171
Clinical vs. Non-clinical Portraiture	173
References	173

7 Bench Images 175

Uses of Bench Images	175
Backgrounds and Supports	178
Lighting	183
Bench Image Set-ups	184
Equipment Settings	186
Dental Casts (Models) with Black Background	189
Dental Cast with Coloured Background	190
Implant Supported Temporary Crown with Red Background	190
Perspex Backgrounds	193
Bokeh Composition	195
Stroboscopic Effect	196
References	202

8 Special Applications 203

Detailed Analysis of Hard and Soft Tissues	203
Opalescence and Fluorescence	208
Fibre-Optic Illumination	215
UV Illumination	215
Colour Fidelity	216
Shade Analysis	221
Scale Reference Markers	227
Annotations	230
Bleaching (Tooth Whitening)	236
Phonetics	236
Occlusal Analysis	239
Treatment Sequences	242
Endodontic Documentation	246
Focus Stacking	247
Video	247
Promotional and Artistic Imagery	248
References	248

Section 3 Processing Images 251

9 Processing Images 253

Monitor Calibration	253
File Formats	254
Imaging Software	255
Image Processing	260

- Colour Spaces 262
- White Balance 265
- Exposure 265
- Orientation, Scaling and Cropping 273
- Artefact Removal 285
- Local Adjustments 286
- Sharpening 287
- References 293

10 Exporting, Managing and Using Images 295

- Exporting Files 295
 - Output Location 295
 - Naming Conventions (Formats) 297
 - Export Recipes 299
- Image Management 301
- Using Images 306
 - Documentation 306
 - Communication 307
 - Marketing 313
 - Education 315
- References 331
