List of Contributors *vii*

Preface *ix*

1 Introduction to Pharmacology *1*

1.1 Definition of Terms *1*

1.2 Pharmacokinetics *3*

1.3 Pharmacodynamics *8*

2 The Prescription and Drug Names *13*

2.1 Parts of a Prescription *13*

2.2 Generic Substitution *14*

2.3 Controlled Drugs *16*

2.4 Principles of Prescription Writing *18*

2.5 How to Avoid Prescription Errors *24*

3 Basic Prescribing and Drug Dosing for the Dental Patient *29*

3.1 Basic Principles of Drug Dosing *29*

3.2 Pediatric Patients *32*

3.3 Pregnant and Nursing Patients *38*

3.4 Elderly Patients *42*

3.5 Patients with Renal Impairment *42*

3.6 Patients with Hepatic Impairment *45*

3.7 Patients with History of Bariatric Surgery *49*

4 Dental Formularies: Drugs Prescribed in Dentistry *55*

4.1 Antimicrobials, Systemic *55*

4.2 Antimicrobials, Local *77*

4.3 Controlled-Release Drug Delivery *79*

4.4 Antivirals/Antifungal Agents *79*

4.5 Prescribing for Acute Dental Pain *87*

4.6 Prevention and Management of Opioid Prescription Drug Misuse *111*

4.7 Oral Sedation *112*

4.8 Glucocorticosteroids *116*

5	How to Manage Potential Drug Interactions in Dentistry	127
5.1	Introduction to Drug Interactions	127
5.2	Antibiotic–Drug Interactions in Dentistry	132
5.3	Analgesic–Drug Interactions in Dentistry	139
5.4	Sympathomimetic Agents and Drug Interactions in Dentistry	141
5.5	Antianxiety Drug Interactions in Dentistry	145
6	Evidence-Based Theory for Drug Prescribing in Dentistry	149
6.1	General Considerations	149
6.2	Prescribing for Inflammatory Periodontal Diseases and Periodontal Surgical Procedures	151
6.3	Prescribing for Dental Implant Surgery	160
6.4	Prescribing for Oral Surgery	164
6.5	Prescribing for Odontogenic Infections	164
7	Management of Medications Taken by Medically Complex Dental Patients	177
7.1	American Heart Association Guidelines for Antibiotic Prophylaxis	177
7.2	Antibiotic Prophylaxis for Total Joint Replacement	181
7.3	Cardiovascular Diseases (Marc A. Singer, MD)	183
7.4	Pregnant and Nursing Patient	204
7.5	Corticosteroids and Thyroid Medication	205
7.6	Asthma Medications	207
7.7	Diabetes Medication	209
7.8	Psychiatric and Neurological Medications	212
7.9	Organ Transplantation (Antirejection) Medications	226
7.10	Recreational and Illicit Drugs	229
7.11	Antiresorptive Agents	232
7.12	HIV/AIDS Research and Medications (Cheryl Barber, MPH, MSOD)	238
8	Herbal, Dietary, and Natural Remedies	271
8.1	Herbal–Drug Interactions	271
8.2	Implications in Dentistry	273
	Appendix 1: Smoking Cessation Therapy	275
	Appendix 2: Oral Manifestation of Drugs	281
	Appendix 3: American Heart Association Antibiotic Prophylaxis Guidelines	287
	Index	289
