

TABLE OF CONTENTS

List of Contributors	xv
Preface to the Seventh Edition	xix
Preface to the Sixth Edition	xxi
Preface to the Fifth Edition	xxiii
Preface to the Fourth Edition	xxv
Acknowledgments	xxvii
Common Terminologies and Abbreviations	xxix
About the Companion Website	xxxi

1 Functional Anatomy of the Equine Musculoskeletal System 1

ANNA DEE FAILS

Anatomic Nomenclature and Usage	1
Thoracic Limb	1
Hindlimb	34
Axial Components	60
Acknowledgment	64

2 Examination for Lameness 67

History, Visual Exam, and Conformation 67

GARY M. BAXTER AND TED S. STASHAK

Introduction	67
Adaptive Strategies of Lameness	67
Classification of Lameness	68
Signalment and Use	71
History (Anamnesis)	71
Visual Examination at Rest	71
Conformation	72
Conformation Components and Traits	74
Acknowledgment	91

Palpation and Manipulation 93

GARY M. BAXTER AND TED S. STASHAK

Foot	93
Pastern	96
Fetlock	97
Metacarpus/Metatarsus (MC/MT)	97
Suspensory Ligament	99
Flexor Tendons	100
Carpus	100

Forearm (Antebrachium) and Elbow	101
Shoulder and Scapula	102
Tarsus (Hock)	105
Tibia	107
Stifle	109
Femur	112
Hip	112
Pelvis	113
Back	113
Neck	115
Flexion Tests/Manipulation	115
Distal Limb/Phalangeal/Fetlock Flexion	115
Carpal Flexion	117
Elbow Flexion	117
Shoulder/Upper Forelimb Flexion	117
Tarsal/Hock Flexion	117
Stifle Flexion	119
Full-Limb Forelimb and Hindlimb Flexion	119
Navicular Wedge Test	119
Direct or Local Pressure plus Movement	120

Subjective Assessment of Lameness 123

KEVIN G. KEEGAN

Evaluation of the Horse for Lameness at the Walk	124
Evaluation of the Horse at the Trot	126
Evaluation of Vertical Movement of the Head for Forelimb Lameness	126
Withers Movement	129
Evaluation of Vertical Movement of the Pelvis for Hindlimb Lameness (the Vertical Pelvic Movement [VPM] Method)	129
Evaluation of Pelvic Rotation for Hindlimb Lameness (The Pelvic Rotation Method [PRM])	131
Bilateral Lameness	132
Observing Movement of the Limbs	134
Joint Angle Measurements Associated with Lameness	134
Stride Timing and Length Variables Associated with Lameness	134
Hoof Trajectory Associated with Lameness	135
Lameness Evaluation During Ipsilateral Gaits	135
Evaluation of Lameness at the Lunge	136
Evaluation of Lameness Under Saddle	136
Subjective Scoring Methods	137

Objective Assessment of Lameness 139

KEVIN G. KEEGAN

- Measurement of Ground Reaction Forces (Kinetics) 139
- Measurement of Movement (Kinematics) 140

Perineural and Intrasynovial**Anesthesia 157**

GARY M. BAXTER

- Types of Local Anesthetics 157
- Skin Preparation and Restraint 157
- Perineural Anesthesia 157
- Intrasynovial Anesthesia 167
- Acknowledgment 187

3 Diagnostic Imaging 189**Radiography 189**

MYRA BARRETT AND ELIZABETH ACUTT

- Equipment 189
- Digital Radiography Systems 191
- Radiation Safety 194
- Contrast Examinations 195
- Principles of Radiographic Interpretation 198
- Limitations of Radiography 210
- Normal Radiographic Anatomy 211
- Acknowledgments 299

Ultrasound 301

W. RICH REDDING

- Introduction 301
- Ultrasound to Evaluate Tendons and Ligaments 302
- Patient Preparation and Scan Protocol 303
- Ultrasonographic Assessment of Tendon/Ligament Pathology 316
- Limitations of Ultrasonography 321
- Ultrasound to Evaluate Joint Injury 323
- Indications for Ultrasonography of Joints 324
- Equipment and Technique 324
- Ultrasonographic Appearance of Periarticular Structures 326
- Ultrasonic Appearance of the Joint 327
- Conclusions 331
- Other Indications for Ultrasonography of the Musculoskeletal System 332
- New Directions in the Use of Ultrasound 335

Nuclear Medicine/Scintigraphy 342

KURT SELBERG, ELIZABETH ACUTT, AND ALEJANDRO VALDÉS-MARTÍNEZ

- Principles of Nuclear Medicine 342
- Radiation Safety and Protection 343
- Imaging Equipment 343
- Method for a Scintigraphic Exam of the Musculoskeletal System 344
- Indications for Nuclear Scintigraphy of the Musculoskeletal System in Horses 347
- Normal Bone Scan 348
- Scintigraphic Signs of Disease 356
- Abnormal Conditions for Specific Anatomical Regions 361
- Limitations of Nuclear Medicine 373

Computed Tomography 376

MATHIEU SPRIET

- Introduction 376
- Equipment and Principles of CT 376

- Clinical Use of CT in Equine Orthopedic Imaging 378
- Contrast-Enhanced CT 380
- Positron Emission Tomography 383
- Conclusion 383

Magnetic Resonance Imaging 387

MICHAEL SCHRAMME AND EMILIE SEGARD-WEISSE

- Introduction 387
- General Principles and Physics of MRI 387
- Equipment, High- and Low-Field Magnets, and RF Coils 387
- Sequences and Protocols for Equine MRI 389
- Artifacts of MRI 390
- Interpretation of Musculoskeletal MR Images 393
- Contrast MRI Techniques 396
- How to Read an Equine MRI Study 397
- Indications, Case Selection, Advantages, and Disadvantages of MRI 397
- Magnetic Resonance Imaging of the Foot and Pastern 397
- Magnetic Resonance Imaging of the Fetlock Region 409
- Magnetic Resonance Imaging of the Metacarpal and Metatarsal Regions 416
- Magnetic Resonance Imaging of the Carpal Region 420
- Magnetic Resonance Imaging of the Tarsal Region 421
- Magnetic Resonance Imaging of the Stifle Region 424

Thermography 431

TRACY A. TURNER

- Thermographic Instrumentation 431
- Principles of Use 431
- Specific Applications for Lameness Diagnostics 433

4 Lameness of the Distal Limb 439**Navicular Region/Palmar Foot 439**

RANDY B. EGGLESTON AND GARY M. BAXTER

- Navicular Syndrome/Disease 439
- Fractures of the Navicular (Distal Sesamoid) Bone 454
- Soft Tissue Injuries in the Foot (DDFT and Podotrochlear Apparatus) 456
- Acknowledgments 459

Coffin Joint and Distal Phalanx 463

GARY M. BAXTER

- Osteoarthritis (OA) of the Distal Interphalangeal (DIP) Joint 463
- Fractures of the Distal Phalanx (P3, Coffin Bone) 465
- Subchondral Cystic Lesions of the Distal Phalanx (P3) 471
- Collateral Ligament Injuries of the Distal Phalanx 472
- Ossification of the Collateral Cartilages of the Distal Phalanx (Sidebone) 474

Miscellaneous Conditions of the Foot 477

GARY M. BAXTER

- Sole Bruises, Corns, and Subsolar Abscesses 477
- Septic Pedal Osteitis 479
- Penetrating Injuries of the Foot 481
- Keratoma 483
- Avulsion Injuries of the Hoof 485
- Acknowledgments 489

Laminitis 490

JAMES BELKNAP, ANDY PARKS, AND KATY DERN

- Overview **490**
- Relevant Anatomy **490**
- Pathogenesis: Pathophysiologic Considerations **491**
- Pathogenesis: Structural Considerations of the Equine Digit **492**
- The Clinical Presentation: The Horse at Risk of Laminitis **494**
- Clinical Signs: The Acute Onset of Laminitis **496**
- Hoof Wall Resections **509**
- Coronary Band Grooving and Resection **509**

The Pastern 512

ASHLEE E. WATTS AND GARY M. BAXTER

- Osteoarthritis (OA) of the PIP Joint (High Ringbone) **512**
- Osteochondrosis (OC) of the PIP Joint **517**
- Luxation/Subluxation of the Proximal Interphalangeal (PIP) Joint **518**
- Fractures of the Middle (Second) Phalanx (P2) **522**
- Fractures of the Proximal (First) Phalanx (P1) **525**
- Desmitis of the Distal Sesamoidean Ligaments (DSLs) **532**
- Desmitis of Digital Annular Ligaments **535**
- SDFT and DDFT Abnormalities **536**

The Fetlock 541

MATT BROKKEN AND ALICIA BERTONE

- Osteochondral Fractures and Fragmentation of the Proximal Phalanx **541**
- Fractures of the Proximal Sesamoid Bones **543**
- Sesamoiditis **548**
- Axial Osteitis/Osteomyelitis of the Proximal Sesamoid Bones **549**
- Osteoarthritis of the Metacarpophalangeal/Metatarsophalangeal Joint **550**
- Palmar/Plantar Osteochondral Disease **552**
- Fetlock Subchondral Cystic Lesions (SCLs) **553**
- Traumatic Rupture of the Suspensory Apparatus **554**
- Luxation of the Metacarpophalangeal/Metatarsophalangeal Joint (Fetlock Luxation) **556**
- Constriction of or by the Fetlock Palmar/Plantar Annular Ligament **558**
- Acknowledgments **560**

The Metacarpus and Metatarsus 563

KYLA F. ORTVED AND ALICIA L. BERTONE

- Bucked Shin Complex and Stress Fractures of the Dorsal Third Metacarpus **563**
- Fractures of the Condyles of the Third Metacarpal/Metatarsal Bones (Condylar Fractures, Longitudinal Articular Fractures) **567**
- Fractures of the Third Metacarpal/Metatarsal (Cannon) Bone **571**
- Metacarpal/Metatarsal Exostosis (Splints) **572**
- Fractures of the Small Metacarpal and Metatarsal (Splint) Bones **576**
- Enostosis-Like Lesions **580**
- Suspensory Ligament Desmitis **580**
- Superficial Digital Flexor (SDF) Tendinitis (Bowed Tendon) **585**
- Deep Digital Flexor Tendinitis **590**
- Desmitis of the Accessory Ligament of the Deep Digital Flexor Tendon (Distal Check Ligament) **591**

5 Lameness of the Proximal Limb 597**The Carpus 597**

CHRIS KAWCAK

- Developmental Abnormalities of the Carpus **598**
- Miscellaneous Carpal Swellings **604**
- Dorsal Carpal Swelling **605**
- Intra-articular Fractures **607**
- Accessory Carpal Bone Fracture **612**
- Carpal Luxations **613**
- Soft Tissue Damage to the Carpus **614**
- Osteoarthritis **615**
- Carpometacarpal Osteoarthritis **616**
- Osteochondrosis of the Carpus **617**
- Osteochondroma of the Distal Radius **617**
- Desmitis of the Accessory Ligament (Radial or Superior Check Ligament) of the Superficial Digital Flexor Tendon **619**

The Antebrachium, Elbow, and Humerus 623

JEREMY HUBERT

- Fractures of the Radius **623**
- The Elbow **627**
- Fractures of the Humerus **633**
- Neoplastic Lesions of the Humerus **637**
- Paralysis of the Radial Nerve **637**
- Acknowledgment **638**

The Shoulder and Scapula 641

JEREMY HUBERT

- Inflammation of the Intertubercular Bursa (Bicipital Bursitis) **641**
- Inflammation of the Infraspinatus Bursa **643**
- Osteochondrosis (OC) of the Scapulohumeral (SH) Joint or Shoulder **644**
- Osteoarthritis (OA) of the Scapulohumeral Joint **646**
- Luxation of the Scapulohumeral (Shoulder) Joint **648**
- Suprascapular Nerve Injury (Sweeny) **650**
- Fractures of the Scapula **652**
- Fractures of the Supraglenoid Tubercle (Tuberosity) **653**
- Acknowledgment **655**

The Tarsus 657

W. RICH REDDING

- Introduction **657**
- Diagnosis of Tarsal Lameness **657**
- Articular Diseases of the Tarsus **662**
- Cunean Tenectomy **672**
- Fractures and Luxations of the Tarsus **680**
- Soft Tissue Injuries of the Tarsus **687**
- Periarticular Tarsal Cellulitis **697**

Tibia and Crus 701

W. RICH REDDING

- Introduction **701**
- Diagnostic Analgesia of the Crus **701**
- Imaging the Tibia/Crus **701**
- Clinical Conditions **701**
- Enostosis-Like Lesions **702**
- Fractures of the Tibia **703**
- Incomplete Fractures **704**
- Proximal Physeal Fractures **705**
- Diaphyseal Fractures **706**
- Tibial Tuberosity Fractures **706**
- Gastrocnemius Disruption in Foals and Adults **707**

The Stifle: Femoropatellar Region 709

GARY M. BAXTER AND KEN E. SULLINS

- Introduction 709
- Femoropatellar Joint 711
- Upward Fixation of the Patella (UFP) 717
- Desmitis of the Patellar Ligaments 719
- Patellar Luxation/Subluxation 721
- Synovial Osteochondroma in the Hindlimb 722

The Stifle: Femorotibial Joint Region 725

CHRIS KAWCAK

- Subchondral Cystic Lesions (SCLs) of the Stifle 726
- Fractures 729
- Femoral Condyle Lesions 731
- Collateral Ligament Injury 734
- Cruciate Ligament Disease 734
- Meniscal Injuries 735
- Synovitis/Capsulitis/OA 737

Femur and Coxofemoral Region 740

NICOLAS S. ERNST AND TROY N. TRUMBLE

- The Femur 740
- Diaphyseal and Metaphyseal Femoral Fractures 740
- Fractures of the Third Trochanter 744
- Fibrotic and Ossifying Myopathy 744
- Femoral Nerve Paralysis (Crural Paralysis) 748
- Calcinosis Circumscripta 749
- Trochanteric Bursitis (Trochanteric Lameness, Whirlbone Lameness) 750
- Ruptured Quadriceps Muscle 750
- The Coxofemoral Joint 750
- Osteochondrosis or Osteochondritis Dissecans (OCD)/HIP Dysplasia of the Coxofemoral Joint 752
- Infectious Arthritis/Physitis of the Coxofemoral Joint 752
- Partial Tear/Rupture of the Ligament of the Head of the Femur (Round Ligament) 753
- Coxofemoral Subluxation and Luxation (Dislocation of the Hip Joint) 754
- Osteoarthritis (OA) of the Coxofemoral Joint 757
- Capital Physeal Fractures of the Femoral Head 758
- Intra-articular Acetabular Fractures 758
- Acknowledgment 759

6 Lameness Associated with the Axial Skeleton 763

The Axial Skeleton 763

ROB VAN WESSUM

- Anatomy and Biomechanics of the Vertebral Column 763
- Primary vs. Secondary Back Pain 767

The Pelvis 770

ROB VAN WESSUM

- Fractures of the Pelvis 770
- Specific Types of Pelvic Fractures 771
- Thrombosis of the Caudal Aorta or the Iliac Arteries 775

Sacroiliac Region 777

ROB VAN WESSUM

- Etiology 778
- Clinical Signs 778

- Diagnosis 779
- Treatment 782
- Prognosis 783

Thoracolumbar Spine/Back 784

ROB VAN WESSUM

- Overriding/Impingement of Dorsal Spinous Processes 784
- Supraspinous Ligament Injuries 785
- Fractures of the Spinous Processes 786
- Vertebral Fractures 787
- Facet Joint Arthritis and Vertebral Facet Joint Syndrome 788
- Discospondylitis 792
- Spondylosis 793
- Scoliosis, Kyphosis, and Lordosis 794

The Neck and Poll 796

ROB VAN WESSUM

- Nuchal Ligament 796
- Cervical Facet Joints 797
- Radiculopathy 798
- Discospondylitis 798
- Cervical Fractures 798

7 Principles of Musculoskeletal Disease 801

Joint Injuries and Disease and Osteoarthritis 801

C. WAYNE MCLWRAITH

- Anatomy and Physiology of Joints 801
- Pathobiology of Joints and Their Reaction to Insult and Injury 808
- Primary Disease of Subchondral Bone 816

Bone Injuries and Disease 820

CHRIS KAWCAK AND GARY M. BAXTER

- The Immature Skeleton 820
- Local Diseases of Bone 825
- Systemic Diseases of Bone 841

Tendon and Ligament Injuries and Disease 849

LAURIE R. GOODRICH

- Anatomy 849
- Functions of Tendons and Ligaments 851
- Biomechanical Properties 852
- Types of Tendon and Ligament Injuries 852
- Effect of Aging and Exercise on Tendon Injury 853
- Mechanisms of Tendon Degeneration 854
- Response of Tendons and Ligaments to Injury: Phases of Healing 854
- Monitoring Tendon Injury 856
- Biomarkers for Tendon Disease 857
- Common Clinical Conditions of Tendons and Ligaments 857

Muscle Injuries and Disease 860

STEPHANIE J. VALBERG

- Classification of Muscle Disorders 860
- Diagnosis of Specific Muscle Disorders 860
- Muscle Soreness 862
- Exertional Rhabdomyolysis 865

8 Principles of Therapy for Lameness 875**Systemic/Parenteral 875**

DREW W. KOCH AND LAURIE R. GOODRICH

- Parenteral NSAIDs **875**
- Polysulfated Glycosaminoglycans (PSGAGs) and Pentosan Polysulfate (PPS) **875**
- Hyaluronan **876**
- Bisphosphonates **877**
- Tetracyclines **877**
- Estrogen **878**
- Methocarbamol (Robaxin) **878**
- Gabapentin **878**

Topical/Local 881

DREW W. KOCH AND LAURIE R. GOODRICH

- Topical NSAIDs **881**
- Topical First Aid (Cold Therapy and Bandaging) **881**
- Dimethyl Sulfoxide **882**
- Extracorporeal Shockwave Therapy **882**
- Regional Perfusion **882**
- Therapeutic Ultrasound, Lasers, and Electromagnetics **883**
- Counterirritation **883**

Intrasynovial 886

LAUREN E. SMANIK AND LAURIE R. GOODRICH

- Corticosteroids **886**
- Hyaluronan **888**
- Corticosteroid and HA Combinations **889**
- IA Polysulfated Glycosaminoglycans **889**
- Polyglycan® **890**
- Autologous Conditioned Serum **890**
- Platelet-Rich Plasma **890**
- Autologous Protein Solution **891**
- Bone Marrow- or Fat-Derived Mesenchymal Stem Cell Therapy **891**
- Polyacrylamide Hydrogel **891**
- Miscellaneous **892**
- Intrasynovial Therapy: Practical Considerations **892**

Intralesional 896

SARA K.T. STEWARD AND LAURIE R. GOODRICH

- Introduction **896**
- Hyaluronan and Polysulfated Glycosaminoglycans **896**
- Autologous Cell Therapies: Mesenchymal Stem Cell Therapy, Autologous Bone Marrow Aspirate, Tendon-Derived Progenitor Cells **896**
- Blood-Derived Biologics: Platelet-Rich Plasma, Autologous Conditioned Serum, Autologous Protein Solution, and Bone Marrow Aspirate **897**
- Corticosteroids **898**
- Miscellaneous **898**

Oral/Nutritional 900

NICOLAS S. ERNST AND TROY N. TRUMBLE

- Nonsteroidal Anti-Inflammatory Drugs **900**
- Nutraceuticals **903**

Therapeutic Trimming and Shoeing 911

ANDREW H. PARKS

- Introduction **911**
- Examination of the Limb for Therapeutic Shoeing **911**
- The Trim **912**
- Shoeing **912**

- Protection and Support **917**
- Clinical Applications of Principles **918**
- Summary **920**

Acupuncture Treatment of Limb Lameness and Back Pain 921

KEVIN K. HAUSSLER

- Introduction **921**
- Techniques of Stimulation **921**
- General Indications for Treatment **922**
- Lameness **922**
- Chronic Back Pain **923**
- Adverse Effects **924**

Manual Therapy Techniques 925

KEVIN K. HAUSSLER

- Introduction **925**
- Therapeutic Touch **925**
- Massage Therapy **925**
- Passive Stretching Exercises **925**
- Mobilization **926**
- Joint Mobilization and Manipulation **926**
- Contraindications **927**

Rehabilitation/Physical Therapy 929

MELISSA KING, KATHERINE ELLIS, AND NARELLE C. STUBBS

- Introduction **929**
- Clinical and Client Demand for Rehabilitation/PT **929**
- Manual Therapy **930**
- Proprioceptive Facilitation/Neuromotor Control Techniques **934**
- Physical Modalities **936**
- Conclusion **943**

9 Occupational-Related Lameness Conditions 949**The Thoroughbred Racehorse 949**

RYAN CARPENTER

- Risk Factors for Injury **949**
- Diagnosis of Lameness **950**
- Common Conditions **951**

The Standardbred Racehorse 964

KIMBERLY JOHNSTON AND FRANK A. NICKELS

- Description of the Sport **964**
- Lameness Exam **965**
- Specific Lameness Conditions **966**

The Racing Quarter Horse 972

NANCY L. GOODMAN AND LARRY R. OVERLY

- Introduction **972**
- Conformation Relating to Lameness **972**
- Training the Racing Quarter Horse **973**
- Shoeing **973**
- Lameness Related to Track Surface **973**
- Lameness Examination **973**
- Specific Lameness Conditions **975**

The Western Performance Horse 980

ROBIN M. DABAREINER

- Introduction **980**
- Team Roping Horses **980**
- Tie-Down and Breakaway Roping **981**
- Barrel Racing **982**

Reining Horses **982**
 Cutting Horses **983**

Jumping, Eventing, and Dressage Horses 986

OMAR MAHER

Introduction and Horses Used for the Disciplines **986**
 Structure of Training and Competition **987**
 Training Surfaces and Shoeing **989**
 Lameness Diagnosis **990**
 Common Lameness Problems **991**
 Acknowledgment **996**

The Endurance Horse 998

TODD C. HOLBROOK

The Sport **998**
 Athletes and Exercise Conditions **998**
 Veterinary Control **998**
 The Lameness Examination **1000**
 Common Causes of Lameness **1002**

The Western Pleasure Horse 1006

SHERRY A. JOHNSON AND DAVID D. FRISBIE

Understanding the Sport **1006**
 Western Pleasure Terminology **1007**
 Training and Showing **1007**
 Commonly Encountered Musculoskeletal Issues in the Western Pleasure Athlete **1008**
 Foot Pain **1008**
 Fetlock Osteoarthritis **1010**
 Proximal Suspensory Desmopathy **1010**
 Distal Tarsal Disease **1012**
 Rehabilitation and Management of the Western Pleasure Athlete **1013**
 Conclusion **1013**

Gaited Horses 1015

DAVID A. WILSON AND KEVIN G. KEEGAN

Evaluating Gaited Horses for Lameness **1015**
 What Is a Gaited Horse? **1015**
 Classification of Gaits **1015**
 Specific Gaits in “Gaited Horses” **1018**
 Lameness in the Gaited Horse **1020**

The Draft Horse 1026

JAN F. HAWKINS

Introduction **1026**
 Anamnesis **1026**
 Lameness Examination **1026**
 Common Causes of Lameness **1026**
 Diseases of Young Draft Horses **1030**

10 Lameness in the Young Horse 1033

The Physis/Physal Fractures/Phyinitis 1033

DANE M. TATARNIUK, TROY N. TRUMBLE, AND GARY M. BAXTER

The Physis **1033**
 Classification and Treatment of Physal Injuries/ Fractures **1037**
 Developmental Orthopedic Diseases **1041**
 Epiphysitis/Phyinitis/Physal Dysplasia **1042**
 Etiology **1042**
 Clinical Signs **1043**

Diagnosis **1043**
 Treatment **1046**
 Prognosis **1046**

Angular Limb Deformities (ALDs) and Cuboidal Bone Malformations 1048

NICOLAS S. ERNST, TROY N. TRUMBLE, AND GARY M. BAXTER

Angular Limb Deformities (ALDs) **1048**
 Etiology **1048**
 Clinical Signs **1048**
 Diagnosis **1049**
 Treatment **1051**
 Prognosis **1055**
 Cuboidal Bone Malformation/Incomplete Ossification **1055**
 Etiology **1055**
 Clinical Signs **1055**
 Diagnosis **1056**
 Treatment **1056**
 Prognosis **1058**

Flexural Deformities 1059

NICOLAS S. ERNST, TROY N. TRUMBLE, AND GARY M. BAXTER

Congenital Flexural Deformities **1059**
 Acquired Flexural Deformities **1062**

Osteochondrosis 1071

C. WAYNE MCLWRAITH

Introduction **1071**
 Osteochondritis Dissecans (OCD) **1071**
 Subchondral Cystic Lesions **1078**

Lameness in Foals 1081

ROBERT J. HUNT

Diagnosis **1081**
 Noninfectious Causes of Lameness **1082**
 Infectious Causes of Lameness **1089**

11 Foot Care and Farriery 1091

Basic Foot Care 1091

STEPHEN E. O'GRADY

Introduction **1091**
 Evaluation of the Foot **1091**

Principles of Trimming and Shoeing 1095

STEPHEN E. O'GRADY

Guidelines for Trimming **1095**
 Trimming the Foot **1098**
 Trimming the Barefoot Horse **1100**
 The Horseshoe **1102**
 Placement and Application of the Shoe **1108**
 Non-nail Alternatives in Farriery **1109**
 Acknowledgment **1111**

Farriery for Common Hoof Problems 1112

STEPHEN E. O'GRADY

Conditions of the Foot That Respond to Farriery **1112**
 Clinical Conditions Affecting the Hoof **1121**
 Miscellaneous Conditions of the Foot **1129**
 Acknowledgment **1132**

Natural Balance Trimming and Shoeing 1134

GENE OVNICEK

- Introduction 1134
- Distortions of the Hoof 1134
- Natural Balance Hoof Care Guidelines 1135
- Natural Balance Evaluation, Exfoliation, and Mapping Protocol 1135
- Natural Balance Barefoot Trimming 1139
- Natural Balance Shoeing 1139
- Summary 1142

12 Miscellaneous Musculoskeletal Conditions 1143

Musculoskeletal Emergencies 1143

KATHRYN A. SEABAUGH

- Introduction 1143
- Fracture Management 1143
- Musculoskeletal Wound Management 1148
- Tendon and Ligament Lacerations 1149
- Musculoskeletal Infections 1153
- Specific Treatment Strategies for Musculoskeletal Infections 1158

The Poorly Performing Horse 1161

ELIZABETH J. DAVIDSON

- Introduction 1161

- Signalment and History 1161
- Clinical Examination 1163
- Diagnostics 1164
- Treatment 1165

Evaluation of Proper Saddle Fit 1166

KEVIN K. HAUSSLER

- Introduction 1166
- Clinical Signs of Poor Saddle Fit 1166
- Saddle Examination 1166
- Static Examination of Saddle Fit 1166
- Static Examination of Saddle Pads 1168
- Dynamic Examination of Saddle Fit 1168

Prepurchase Examination 1170

RANDY EGGLESTON

- Structure of the Prepurchase Examination 1171
- Summary 1174

Stance and Gait Anomalies Caused by Neurological Disease 1177

LUTZ S. GOEHRING

- Neurological Gait and (Neuroanatomical) Lesion Location 1177
