

SECTION 1 FOUNDATIONS AND BASIC SKILLS

- 1: The history and scope of neuropsychiatry, *Michael Trimble*
- 2: Introduction to the neuropsychiatric exam, *Jonathan Silver and Sonja Blum*
- 3: The neurological examination in neuropsychiatry, *Jan A. Coebergh and Biba R. Stanton*
- 4: Philosophy and neuropsychiatry, *Norman Poole and Derek Bolton*
- 5: Phenomenology - A neuropsychiatric perspective, *Michael Trimble*
- 6: Basic neuroanatomy review, *John Hart Jr.*
- 7: Neurophysiology in neuropsychiatry, *Elisaveta Sokolov and Nandini Mullatti*
- 8: Structural neuroimaging in neuropsychiatry, *Naga Kandasamy and Dana Niry*
- 9: Functional neuroimaging in neuropsychiatry, *Robin Hurley, Shane C. Masters, and Katherine Taber*
- 10: Proteomics and metabolomics in neuropsychiatry, *Suman Ray*
- 11: Neuropsychological assessment of dementia, *James R. Burrell, John R. Hodges, and Olivier Piguet*
- 12: Genetics of neuropsychiatric disease, *Stefania Bruno and Nayana Lahiri*
- 13: Neuropsychiatry curriculum and key clinical competencies, *Perminder Sachdev and Adith Mohan*
- 14: Immunology related to neuropsychiatry, *Rachel Patel and Neil A. Harrison*
- 15: Neuropsychiatry of consciousness, *David Linden*

SECTION 2 CORE NEUROPSYCHIATRIC CONDITIONS

- 16: Brain injury, *Niruj Agrawal*
- 17: Neuropsychiatric aspects of epilepsy, *Marco Mula and Mahinda Yogarajah*
- 18: Neuropsychiatric aspects of movement disorders, *Andrea E. Cavanna and Hugh Rickards*
- 19: Neuropsychiatry of stroke and TIA, *Yvonne Chun, Laura McWhirter, and Alan Carson*
- 20: Infections of the central nervous system, *Guleed Adan, Sam Nightingale, Christine Burness, and Tom Solomon*
- 21: Neuropsychiatric aspects of CNS tumours in adults, *Alex J. Mitchell and Audrey Hopwood*
- 22: Inflammatory and autoimmune disorders in neuropsychiatry, *Thomas Pollak, Ester Coutinho, Emma Palmer-Cooper, and Angela Vincent*
- 23: The neuropsychiatry of demyelinating disorders, *Anthony Feinstein and Bennis Pavisian*
- 24: Functional neurological disorders, *Mark Edwards, Sarah Cope, Niruj Agrawal*
- 25: Memory disorders and dementias, *Thomas E. Cope, Jeremy Isaacs, and Michael Kopelman*
- 26: Neuropsychiatry of neurometabolic, neuroendocrine and mitochondrial disorders, *Mark Walterfang, Ramon Mocellin, and Dennis Velakoulis*
- 27: Neuropsychiatry of alcohol-related brain damage, *Ken Wilson*
- 28: Drug use and associated neuropsychiatric conditions, *Ashwin Venkataraman, Sam Turton, and Anne Lingford-Hughes*
- 29: Neuropsychiatry and sleep disorders, *Guy Leschziner, Ivana Rosenzweig, and Brian Kent*
- 30: Child and adolescent neuropsychiatry, *Yulia Furlong and Wai Chen*
- 31: Neuropsychiatry of aggression, *Shoumitro Deb and Tanya Deb*
- 32: Impulsivity in humans: Neurobiology and pathology, *Valerie Voon*
- 33: Neuropsychiatry of nutritional disorders, *Nick Medford*
- 34: ADHD in adults, *Stefanos Maltezos, Susannah Whitwell, and Philip Asherson*
- 35: Delirium, *David Meagher, Cara Daly, and Dimitrios Adamis*
- 36: Catatonia, *Max Fink*

- 37: Apathy in neuropsychiatric conditions, *Jaime Pahissa and Sergio Starkstein*
38: Focal brain syndromes in neuropsychiatry, *Paul Shotbolt*

SECTION 3 PRINCIPLES OF TREATMENT

- 39: Psychopharmacotherapy in the neuropsychiatric patient, *Joseph J. Cooper, Borna Bonakdarpour, and Fred Ovsiew*
40: Neurobehavioural rehabilitation, *Roger LI Wood, Nick Alderman, and Andrew Worthington*
41: Neurostimulation technologies in neurology and neuropsychiatry, *Mayur Bodani and David Wilkinson*
42: Chapter 42 Models of neuropsychiatry services and neuropsychiatric care pathways, *Rafey A. Faruqui and George El-Nimr*
43: Neuropsychiatry in the criminal courts, *Nigel Eastman, Norman A. Poole, and Michael D. Kopelman*
44: Neuropsychiatry in the civil courts, *Jonathan Bird and Keith Rix*

SECTION 4 PERSPECTIVES OF NEUROPSYCHIATRY WORLDWIDE

- 46: Neuropsychiatry services in Japan, *Koho Miyoshi*
47: Neuropsychiatry service provision in India and South Asia, *Ennapadam S. Krishnamoorthy and Vivek Misra*
48: Neuropsychiatry services in Central, Southern and Eastern Europe, *Martín L. Vargas, Alla Guekht, Josef Priller*
49: Neuropsychiatry services in South America, *Gilberto Brofman and Luis Ignacio Brusco*
