Preface	xx
Acknowledgments	xxi
Contributors	xxii
1 General Perioperative and Operative Management	1
<i>Edited by Jeffrey B. Horn and Mark Harris</i>	
1.1 Perioperative Risk	1
<i>Emilee Borgmeier and Jeffrey Dillon</i>	
1.1.1 Overview	1
1.1.2 Adverse Events	1
1.1.3 Perioperative Management: Who Do I Order Further Testing for?	3
1.1.4 Risk Calculators	5
1.2 Perioperative Medical Optimization	5
<i>Michael Karsy</i>	
1.3 Fundamentals of Anesthesiology	11
<i>Jeffrey B. Horn, Mark Harris, and Stephen Sams</i>	
1.3.1 Standards for Basic Anesthesia Monitoring	11
1.3.2 Anesthesia Basics	14
1.3.3 Neuraxial Anesthesia	15
1.3.4 Other Anesthesia Complications	22
1.3.5 Postanesthetic Care Unit (PACU)	26
1.3.6 Anesthesia Postoperative Management	27
1.4 Wound Closure and Infection	32
<i>Michael Karsy</i>	
1.4.1 Preoperative Antibiotics	32
1.4.2 Surgical Wound Closure	36
1.4.3 Postoperative Fevers: Categories of Causes	37
1.4.4 Wound Infection, Dehiscence, and Management	37
1.5 Surgical Instruments	39
<i>Michelle D. Ford</i>	
1.5.1 Instrument Categories	39
1.5.2 Qualities of Surgical-Grade Stainless Steel	44
1.5.3 Instrument Maintenance	44
1.5.4 Sterilization Methods	44
1.5.5 Electrosurgery	45
References	46

2	Critical Care for Surgeons	49
	<i>Edited by Milos Buhavac</i>	
2.1	Organ System–Based Assessment in the SICU	49
	<i>Dorothea Rosenberger</i>	
2.1.1	Summary.....	49
2.1.2	Common Indications for Admissions to the SICU	49
2.1.3	Pathways of Admission to the SICU.....	49
2.1.4	Physiologic System–Based Assessment.....	50
2.1.5	Neurologic System.....	50
2.1.6	Cardiovascular System.....	50
2.1.7	Pulmonary/Respiratory System.....	51
2.1.8	Renal and Genitourinary System with Fluid Status and Electrolytes.....	51
2.1.9	Gastrointestinal and Nutrition Status.....	51
2.1.10	Metabolic, Endocrine System.....	51
2.1.11	Infection, Hematologic System, Skin, and Wound Healing.....	52
2.1.12	Severity of Illness: Scoring Systems in the SICU.....	52
2.2	Neurological Monitoring	53
	<i>Michael Karsy and Gregory W.J. Hawryluk</i>	
2.2.1	Neurological Status in Critically Ill Patients.....	53
2.2.2	Monitoring Indications.....	54
2.2.3	Intracranial Pressure Management.....	55
2.2.4	Elevated Intracranial Pressure Management.....	56
2.2.5	Other Neurological Monitors.....	56
2.3	Ventilator Management	57
	<i>Michael Karsy</i>	
2.4	Hemodynamics	62
	<i>Landon Blumel and David Dorsey</i>	
2.4.1	Importance.....	62
2.4.2	Prevalence.....	62
2.4.3	Noninvasive Blood Pressure Monitoring Techniques.....	62
2.4.4	Invasive Monitoring Techniques.....	62
2.4.5	Indications for Invasive Hemodynamic Monitoring.....	63
2.4.6	Treatment of Hemodynamic Derangements.....	63
2.4.7	Assessment of Volume Status and Volume Responsiveness.....	63
2.4.8	Autoregulation and Individualized Approach to Hemodynamic Management.....	64
2.4.9	Conditions Necessitating Elevated Maps.....	65
2.4.10	Conditions Necessitating Lower than Expected MAP.....	65
2.4.11	When Is Treatment/Resuscitation Adequate?.....	65
2.4.12	Shock.....	66
2.4.13	Vasoactive Agents.....	68
2.5	Cardiac Arrhythmia in Surgical Patients	68
	<i>Michael Karsy</i>	
2.5.1	Introduction.....	68
2.5.2	Treatment.....	68
2.5.3	Perioperative Cardiac Risk Assessment.....	74
2.5.4	Myocardial Infarction.....	75

Contents

2.6	Nutrition of the Critical Care and Postsurgical Patient	75
	<i>Michael Karsy</i>	
2.6.1	Nutrition Overview	75
2.6.2	Enteral Nutrition	76
2.6.3	Parenteral Nutrition	77
2.7	Fluids, Electrolytes, and Acid-Base Abnormalities	77
	<i>Michael Karsy</i>	
2.7.1	Fluids	77
2.7.2	Electrolytes	79
2.7.3	Acid/Base Evaluation	81
2.8	Hematology and Coagulation	84
	<i>Michael Karsy</i>	
2.8.1	Hematology	84
2.8.2	Platelets and Clotting Factors	85
2.8.3	Transfusion	88
2.9	Acute Kidney Injury	89
	<i>Michael Karsy</i>	
2.10	Infections in the Surgical ICU	91
	<i>Adrienne Carey and Emily Spivak</i>	
2.10.1	Nosocomial Fever and Leukocytosis	91
2.10.2	Catheter-Related Blood Stream Infection (CRBSI)	92
2.10.3	Indwelling Catheters	93
2.10.4	Catheter-Associated Urinary Tract Infection (CA-UTI)	93
2.10.5	Hospital-Acquired Pneumonia/Ventilator-Associated Pneumonia	96
2.10.6	Clostridioides (formerly Clostridium) Difficile Colitis	97
2.10.7	Candidemia	99
2.10.8	Complicated Intra-abdominal Infections, Peritonitis	99
2.10.9	Necrotizing Fasciitis	100
2.10.10	Penicillin Allergy	101
	References	102
3	Trauma	105
	<i>Edited by Rebecca Kim and Milos Buhavac</i>	
3.1	Advance Trauma Life Support (ATLS) and General Approach to Trauma	105
	<i>Michael Karsy, Austin Cannon, Andrea Weitz, and Milos Buhavac</i>	
3.1.1	Epidemiology	105
3.1.2	Triage and Assessment	105
3.1.3	Imaging	109
3.2	Specific Injury Patterns in Trauma	111
	<i>Michael Karsy, Austin Cannon, Andrea Weitz, and Milos Buhavac</i>	
3.3	Specific Injury Patient Groups in Trauma	117
	<i>Michael Karsy, Austin Cannon, Andrea Weitz, and Milos Buhavac</i>	

3.4	Burn Evaluation and Management	120
	<i>Michael Karsy, Austin Cannon, Andrea Weitz, and Milos Buhavac</i>	
	References	121
4	General Surgery	123
	<i>Edited by Rebecca Kim and Milos Buhavac</i>	
4.1	Acute Abdomen	123
	<i>Milos Buhavac, Ronald Buczek, Austin Cannon, Bao Nguyen, and Andrea Weitz</i>	
4.1.1	Overview and Principle.	123
4.1.2	Hollow Viscous Injuries Causing Acute Abdomen.	123
4.1.3	Inflammatory Causes of Acute Abdomen.	130
4.1.4	Other Causes of Acute Abdomen.	131
4.2	Abdominal Pathology	134
	<i>Milos Buhavac, Austin Cannon, Bao Nguyen, and Andrea Weitz</i>	
4.2.1	Gastrointestinal Bleeding	134
4.2.2	Esophageal Diseases	136
4.2.3	Intestinal Obstruction	137
4.2.4	Inflammatory Bowel Disease (IBD)	138
4.2.5	Colorectal Disease	139
4.2.6	Bariatric Surgery	140
4.3	Pancreas and Hepatobiliary Pathology	141
	<i>Michael Karsy and Milos Buhavac</i>	
4.3.1	Pancreatic Disease	141
4.3.2	Hepatobiliary Disease	142
4.3.3	Cirrhosis	143
4.4	Spleen Pathology	145
	<i>Andrea Weitz</i>	
4.4.1	Anatomy	145
4.4.2	Physiology	145
4.4.3	Nontrauma Pathologies.	146
4.4.4	Hematological Conditions.	146
4.4.5	Trauma Splenectomy.	149
4.5	Breast Diseases	150
	<i>Michael Karsy</i>	
4.5.1	Fibroadenoma	150
4.5.2	Fibrocystic Changes	151
4.5.3	Phyllodes Tumor, Cystosarcoma Phyllodes.	151
4.5.4	Intraductal Papilloma	151
4.5.5	Fat Necrosis	151
4.5.6	Plasma Cell/Periductal Mastitis	151
4.5.7	Galactocele	151
4.5.8	Mastitis	151
4.5.9	Mondor Disease	151
4.5.10	Gynecomastia	152

Contents

4.5.11	Poland Syndrome	152
4.5.12	Nipple Discharge	152
4.5.13	Cancer	152
4.6	Surgical Oncology	155
	<i>Austin Cannon and Milos Buhavac</i>	
4.6.1	Overview and Principles	155
4.6.2	Esophageal Cancer	156
4.6.3	Gastric Cancer	158
4.6.4	Cancers of the Small Intestine	160
4.6.5	Colorectal and Cancer	161
4.7	Transplantation	163
	<i>Michael Karsy and Austin Cannon</i>	
4.7.1	Liver Transplantation	163
4.7.2	Renal Transplantation	165
4.7.3	Pancreas Transplantation	167
	References	168
5	Vascular Surgery	169
	<i>Edited by Anthony Ocon</i>	
5.1	Atherosclerotic Disease and Ischemia	169
	<i>Michael Karsy</i>	
5.1.1	Anatomy	169
5.1.2	Vascular Imaging	171
5.1.3	Vascular Occlusion and Ischemia	172
5.2	Venous Insufficiency and Occlusion	178
	<i>Michael Karsy</i>	
5.2.1	Venous Anatomy	178
5.2.2	Venous Disease	178
5.2.3	Venous Thromboembolism	179
5.3	Vascular Aneurysms and Dissections	181
	<i>Michael Karsy</i>	
5.3.1	Aneurysms	181
5.3.2	Dissections	184
5.4	Other Vascular Topics	185
	<i>Michael Karsy</i>	
5.4.1	Lymphatic Disease	185
5.4.2	Endovascular Procedures and Complications	186
5.4.3	Hemodialysis Vascular Access and Management	187
5.4.4	Diabetes in Vascular Medicine	189
	References	189

6	Cardiothoracic Surgery	191
	<i>Edited by Line Kemeyou and Milos Buhavac</i>	
6.1	Assistive Ventricular Devices and Cardiac Transplantation	191
	<i>Michael Karsy and Milos Buhavac</i>	
6.1.1	Durable Left Ventricular Assist Devices (LVADs)	191
6.1.2	Temporary Mechanical Circulatory Support	192
6.1.3	Cardiac Transplantation	192
6.2	Coronary Artery Bypass Grafting and Percutaneous Coronary Intervention	194
	<i>Michael Karsy and Milos Buhavac</i>	
6.2.1	Coronary Artery Bypass Grafting (CABG)	194
6.2.2	Percutaneous Coronary Intervention (PCI)	195
6.3	Heart Failure	195
	<i>Line Kemeyou and Josef Stehlik</i>	
6.3.1	Epidemiology and Pathophysiology	195
6.3.2	Common Etiologies of HF	196
6.3.3	Precipitating Causes of HF	197
6.3.4	Clinical Assessment	197
6.3.5	Diagnosis/Testing	198
6.3.6	Management	199
6.4	Open Heart Surgery	200
	<i>Michael Karsy and Milos Buhavac</i>	
6.4.1	Cardiopulmonary Bypass	200
6.4.2	Aortic Valve Surgery	202
6.4.3	Mitral Valve Surgery	204
6.4.4	Tricuspid Valve	205
6.4.5	Infective Endocarditis	206
6.4.6	Septal Defects	206
6.4.7	Arrhythmia Surgery	207
6.4.8	Hypertrophic Cardiomyopathy	207
6.5	Cardiopulmonary Neoplasms	208
	<i>Michael Karsy and Milos Buhavac</i>	
6.5.1	Pulmonary Neoplasms	208
6.5.2	Pleural Neoplasms	209
6.5.3	Cardiac Neoplasms	210
6.6	Implantable Cardiovert Defibrillators and Pacemakers	211
	<i>Michael Karsy and Milos Buhavac</i>	
6.6.1	Implantable Cardiovert Defibrillators (ICDs)	211
6.6.2	Implantable Cardiac Pacemakers	212
6.6.3	Perioperative Management of Pacemakers and ICDs	213
	References	214

Contents

7	Otolaryngology	215
	<i>Edited by Hilary McCrary</i>	
7.1	Airway Management/Tracheostomy	215
	<i>Eric Babajanian, Hilary McCrary, and Richard Cannon</i>	
7.1.1	Summary	215
7.1.2	Definitions	215
7.1.3	Epidemiology	215
7.1.4	Diagnosis	215
7.1.5	Imaging	217
7.1.6	Medical Management	217
7.1.7	Types of Airways	217
7.1.8	Surgical Management	219
7.1.9	Additional Topics	221
7.2	Head and Neck Infections	221
	<i>Alana Aylward, Bridger Battaglia, and Eric W. Cerrati</i>	
7.2.1	Sialadenitis	221
7.2.2	Pharyngitis (aka Tonsillitis)	223
7.2.3	Lymphadenitis	224
7.2.4	Neck Space Infections/Abscesses	224
7.2.5	Sinusitis	227
7.2.6	Laryngotracheitis (aka "Croup")	227
7.2.7	Epiglottitis/Supraglottitis	228
7.2.8	Otologic Infections	229
7.3	Facial Trauma	230
	<i>Brent Geffen, Christopher Ian Newberry, and Eric W. Cerrati</i>	
7.3.1	Summary	230
7.3.2	Epidemiology	230
7.3.3	Diagnosis	230
7.3.4	Imaging	232
7.3.5	Upper Face Trauma	232
7.3.6	Nasal Trauma	232
7.3.7	Midface Trauma	234
7.3.8	Mandibular Trauma	236
7.4	Endoscopic Sinus Surgery	238
	<i>Michael Yim and Jeremiah Alt</i>	
7.4.1	Epidemiology of Rhinosinusitis	238
7.4.2	Diagnosis	238
7.4.3	Imaging	239
7.4.4	Medical Management	239
7.4.5	Surgical Management	240
7.5	Head and Neck Neoplasms	241
	<i>Hilary C. McCrary, Marcus M. Monroe, and Richard Cannon</i>	
7.5.1	Epidemiology	241
7.5.2	Diagnosis	242

Contents

7.5.3	Clinical History and Exam	243
7.5.4	Imaging	244
7.5.5	Differential Diagnosis	246
7.5.6	Surgical Management	248
7.5.7	Medical Management	250
	References	250
8	Ophthalmology	252
	<i>Edited by Michael Burrow</i>	
8.1	Ophthalmological Trauma and Other Emergencies	252
	<i>Michael Karsy</i>	
8.1.1	Orbital Trauma	252
8.1.2	Other Ophthalmological Emergencies	255
8.2	Ophthalmology Neoplasms	256
	<i>Michael Burrow</i>	
8.2.1	Epidemiology	256
8.2.2	Diagnosis	256
8.2.3	Imaging	261
8.2.4	Medical Management	261
8.2.5	Surgical Management	261
8.3	Ophthalmological Infections	262
	<i>Michael Karsy</i>	
8.3.1	Orbital Infection	262
8.3.2	Other Conditions	262
	References	263
9	Plastic Surgery	264
	<i>Jacob Veith, Fatma Betul Tuncer, and Faizi Siddiqi</i>	
9.1	Overview	264
9.2	General Principles and Techniques	264
9.2.1	Skin Closure and Favorable Scar Techniques	264
9.2.2	Excision	264
9.2.3	Reconstructive Ladder	264
9.3	Grafts	266
9.4	Flaps	267
	Suggested Readings	269

Contents

10	Pediatrics	270
	<i>Edited by Katie W. Russell</i>	
10.1	Pediatric Physiology and Surgical Preparation	270
	<i>Michael Karsy</i>	
10.1.1	Physiology Basics	270
10.1.2	Anesthetic and Perioperative Considerations	273
10.2	Cardiopulmonary Abnormalities	275
	<i>Michael Karsy</i>	
10.2.1	Pulmonary Abnormalities	275
10.2.2	Congenital Heart Disease	278
10.3	Gastrointestinal Abnormalities	281
	<i>Katie W. Russell and Stephen J. Fenton</i>	
10.3.1	Congenital Gastrointestinal Anomalies	281
10.3.2	Acquired Gastrointestinal Conditions	283
10.3.3	Hepatobiliary	285
10.3.4	Hernias	285
10.4	Pediatric Neoplasms	286
	<i>Michael Karsy</i>	
10.4.1	Overview	286
10.4.2	Specific Pediatric Tumors	286
10.5	Craniofacial Anomalies	288
	<i>Fatma Betul Tuncer and Faizi Siddiqi</i>	
10.5.1	Cleft Lip and/or Palate	288
10.5.2	Craniosynostosis	291
10.6	Genitourinary Abnormalities	294
	<i>Michael Karsy</i>	
10.6.1	Common Pediatric Genitourinary Issues	294
10.6.2	Congenital Anomalies	295
