Acknowledgments	<i>xiii</i>
List of Contributors	<i>xv</i>
List of Abbreviations	<i>xxiii</i>

Part I Basic Cytology Techniques 1

- 1 Sample Collection 3**
Kari L. Anderson, Angela Gwynn, Carrie A. Wood, and Leslie C. Sharkey
- 2 Routine Stains and Automated Stainers 12**
Harold Tvedten
- 3 Microbiologic Review of Cytology Samples 18**
Erin N. Burton, Sharon M. Dial, and Leslie C. Sharkey
- 4 Evidence-Based Cytology 30**
Laura Adhikari
- 5 General Approach to Diagnostic Cytology 35**
Jed Overmann

Part II Quality Control and Special Laboratory Techniques 41

- 6 Quality Assurance in Cytology 43**
Liron Pantanowitz
- 7 Special Staining Techniques: Application and Quality Assurance 47**
Kelly S. Santangelo, Deanna M.W. Schaefer, Sarah E. Leavell, and Heather L. Priest
- 8 Cell Block Preparation Techniques and Applications in Veterinary Medicine 73**
Koranda A. Walsh and Reema T. Patel
- 9 Molecular Clonality Testing 79**
Davis Seelig and Anne C. Avery
- 10 Cytogenetics 85**
Matthew Breen

Part III Skin and Subcutis 95

11 Inflammatory Diseases of the Skin 97

Sandra Diaz and M. Judith Radin

12 Dermal and Subcutaneous Masses 115

Jennifer L. Brazzell, Daniel Heinrich, and Jillian Zientek Walz

13 Cutaneous Mast Cell Tumors 138

Maxey L. Wellman and Cheryl London

14 Plasma Cell Tumors 151

Maxey L. Wellman and William C. Kisseberth

15 Melanoma 158

Helen Michael

16 Soft Tissue Sarcomas 166

Jennifer D. Steinberg and John Keating

Part IV Ear and Eye 177

17 Ear Cytology 179

Susan Lowum, Sandra Nogueira Koch, and Leslie C. Sharkey

18 Collection of Ophthalmic Cytology Specimens 184

Michala de Linde Henriksen and Christine C. Lim

19 Ocular Cytology of the Dog 188

Cathy Trumel, Jean-Yves Douet, and Fanny Granat

20 Ocular Cytology of the Cat 205

Christine C. Lim and Jennifer L. Brazzell

21 Ocular Cytology of the Horse 222

Michala de Linde Henriksen and Leslie C. Sharkey

Part V Musculoskeletal System 241

22 Muscle 243

Catherine J. Benson

23 Bone and Periarticular Structures 249

Jessica Lawrence and Elspeth Milne

Part VI Respiratory System 259

24 Upper Respiratory Tract of the Dog and Cat 261

Janet Beeler-Marfisi, Alice Defarges Bichot, and Dorothee Bienzle

25 Lower Respiratory Tract of the Dog and Cat 281*Alice Defarges Bichot and Dorothee Bienzle***26 Respiratory Cytology of the Horse 302***Melissa Dawn Meachem and Julia Bettina Montgomery***Part VII Hemolymphatic System 317****27 Lymph Nodes 319***Stefano Comazzi, Luca Aresu, Jenna H. Burton, and Paul R. Avery***28 Spleen 342***Davis Seelig***29 Thymus 352***Cleverson D. Souza and Meredith Crandall McEntire***Part VIII Gastrointestinal Tract 359****30 Oral Cavity 361***Jill Schappa Faustich, Kevin S. Stepaniuk, Nicholas A. Robinson, and Cesar Piedra-Mora***31 Esophagus and Stomach 380***Marian Taulescu, Irina Amorim, and Robert Washabau***32 Intestines and Rectum 394***Ugo Bonfanti***33 Fecal Cytology 407***Cathy Trumel and Olivier Dossin***Part IX Liver and Pancreas 411****34 Nonneoplastic Disorders of the Liver 413***Carlo Masserdotti***35 Hepatobiliary Neoplasia and Cancer Staging 432***Charles E. Wiedmeyer and Jeff Bryan***36 Pancreas 445***Leslie C. Sharkey and Sarah Crain***Part X Urinary Tract 455****37 Kidney 457***Camille A. McAloney and Leslie C. Sharkey*

38 Urinary Bladder 466*Joyce S. Knoll and Mary Anna Labato***39 Urine Cytology 480***Nicole M. Weinstein***Part XI Reproductive Tract 499****40 Testes, Ovaries, and Prostate 501***Francisco de Oliveira Conrado and Sally E. Henderson***41 Evaluation of Semen 531***Scott Madill and Margaret V. Root Kustritz***42 Vaginal Cytology in the Bitch and Queen 552***Margaret V. Root Kustritz***43 Uterine Cytology 559***Paula M. Krimer and Doris M. Miller***44 Mammary Gland 582***Natalie Hoepp***Part XII Endocrine 595****45 Thyroid and Parathyroid Glands 597***M. Judith Radin and Maxey L. Wellman***46 Adrenal Gland 608***Walter Bertazzolo***Part XIII Central Nervous System 617****47 Central Nervous System Neoplasia in the Dog and Cat 619***Diana Schwartz, William Vernau, and Karen M. Vernau***48 Cerebrospinal Fluid Analysis in the Dog and Cat 638***Marlyn S. Whitney and Joan Ripley Coates***49 Cerebrospinal Fluid Analysis in Horses and Large Animals 655***Eric J. Fish and Joseph J. Bertone***Part XIV Fluid Analysis 665****50 Laboratory Techniques for Fluid Analysis 667***Linda M. Vap and Wendy S. Sprague***51 Pericardial Fluid 687***Shelley Burton and Etienne Côté*

52 Abdominal and Thoracic Fluid Analysis in Dogs and Cats 695*Mary Anna Thrall***53 Abdominal and Thoracic Fluid Analysis in Horses 713***Emma Hooijberg and Catriona Lyle***54 Synovial Fluid Analysis of the Dog and Cat 727***R. Darren Wood and Thomas Gibson***55 Synovial Fluid Analysis of the Horse 736***R. Darren Wood and Judith Koenig***Part XV Species Specific Cytology 745****56 Exotic Companion Mammals 747***Courtney Johnson, Kyle Lauren Webb, Jennifer Graham, and Leslie C. Sharkey***57 Rabbit 766***Laurie Millward***58 Cattle 782***Amy L. Weeden, K. Lisa Hulme-Moir, and Julie Tomlinson***59 Camelids 800***Susan J. Tornquist, Christopher K. Cebra, and Michala de Linde Henriksen***60 Nonhuman Primates 809***Mark A. Suckow, Jodi A. Scholz, and Kirstin F. Barnhart***61 Reptiles and Birds 828***Nicole I. Stacy, Helene Pendl, and Peter M. Wencel***62 Amphibians 869***Allan P. Pessier***63 Fish 876***Charlotte Hollinger and Alisa L. Newton***64 Invertebrates 921***Charlotte Hollinger and Nicole I. Stacy***65 Sheep and Goats 929***Emma Hooijberg, Thomas Jenei, and Leslie C. Sharkey***Part XVI Applications of Cytology in Industry 937****66 Cytological Evaluation in Biomedical Research and Toxicity Studies 939***Florence Poitout-Belissent, Michelle Cora, and Angela Wilcox***Index 964**
