

## **Congenital and Genetic Disorders**

### **Congenital**

- 1 Normal Anatomical Variations
- 2 Normal Anatomy
- 3 Measurement Techniques
- 4 MR Artifacts
- 5 Normal Variant
- 6 Craniovertebral Junction Variants
- 7 Ponticulus Posticus
- 8 Ossiculum Terminale
- 9 Conjoined Nerve Roots
- 10 Limbus Vertebra
- 11 Filum Terminale Fibrolipoma
- 12 Bone Island
- 13 Ventriculus Terminalis

### **Chiari Disorders**

- 14 Chiari 0
- 15 Chiari 1
- 16 Complex Chiari
- 17 Chiari 2
- 18 Chiari 3

### **Abnormalities of Neurulation**

- 19 Approach to Spine and Spinal Cord Development
- 20 Myelomeningocele
- 21 Lipomyelomeningocele
- 22 Lipoma
- 23 Dorsal Dermal Sinus
- 24 Simple Coccygeal Dimple
- 25 Dermoid Cysts
- 26 Epidermoid Cysts

### **Anomalies of the Caudal Cell Mass**

- 27 Tethered Spinal Cord
- 28 Segmental Spinal Dysgenesis
- 29 Caudal Regression Syndrome
- 30 Terminal Myelocystocele
- 31 Anterior Sacral Meningocele
- 32 Sacral Extradural Arachnoid Cyst
- 33 Sacrococcygeal Teratoma

### **Anomalies of Notochord and Vertebral Formation**

- 34 Craniovertebral Junction Embryology
- 35 Paracondylar Process
- 36 Split Atlas

- 37 Klippel-Feil Spectrum
- 38 Failure of Vertebral Formation
- 39 Vertebral Segmentation Failure
- 40 Split Cord Malformation (formerly diastematomyelia)
- 41 Partial Vertebral Duplication
- 42 Incomplete Fusion, Posterior Element
- 43 Neurenteric Cyst

#### **Developmental Abnormalities**

- 44 Os Odontoideum
- 45 Lateral Meningocele
- 46 Dorsal Spinal Meningocele
- 47 Dural Dysplasia
- 48 Genetic Disorders
- 49 Neurofibromatosis Type 1
- 50 Neurofibromatosis Type 2
- 51 Schwannomatosis
- 52 Achondroplasia
- 53 Mucopolysaccharidoses
- 54 Sickle Cell Disease
- 55 Osteogenesis Imperfecta
- 56 Tuberous Sclerosis
- 57 Osteopetrosis
- 58 Gaucher Disease
- 59 Ochronosis
- 60 Connective Tissue Disorders
- 61 Spondyloepiphyseal Dysplasia

#### **DEL Thanatophoric Dwarfism**

##### **Scoliosis and Kyphosis**

- 62 Introduction to Scoliosis
- 63 Scoliosis
- 64 Kyphosis
- 65 Degenerative Scoliosis
- 66 Flat Back Syndrome
- 67 Scoliosis Instrumentation

#### **Trauma**

- 68 Vertebral Column, Discs, and Paraspinal Muscle
- 69 Fracture Classification
- 70 Atlantooccipital Dislocation
- 71 Ligamentous Injury
- 72 Occipital Condyle Fracture
- 73 Jefferson C1 Fracture
- 74 Atlantoaxial Rotatory Fixation
- 75 Odontoid C2 Fracture

- 76 Burst C2 Fracture
- 77 Hangman's C2 Fracture
- 78 Apophyseal Ring Fracture
- 79 Cervical Hyperflexion Injury
- 80 Cervical Hyperextension Injury
- 81 Cervical Hyperextension-Rotation Injury
- 82 Cervical Burst Fracture
- 83 Cervical Hyperflexion-Rotation Injury
- 84 Cervical Lateral Flexion Injury
- 85 Cervical Posterior Column Injury
- 86 Traumatic Disc Herniation
- 87 Thoracic and Lumbar Burst Fracture
- 88 Facet-Lamina Thoracolumbar Fracture
- 89 Fracture Dislocation
- 90 Chance Fracture
- 91 Thoracic and Lumbar Hyperextension Injury
- 92 Anterior Compression Fracture
- 93 Lateral Compression Fracture
- 94 Lumbar Facet-Posterior Fracture
- 95 Sacral Traumatic Fracture
- 96 Pedicle Stress Fracture
- 97 Sacral Insufficiency Fracture

### **Cord, Dura, and Vessels**

- 98 SCIWORA
- 99 Post-Traumatic Syrinx
- 100 Presyrinx Edema
- 101 Spinal Cord Contusion-Hematoma
- 102 Idiopathic Spinal Cord Herniation
- 103 Central Spinal Cord Syndrome
- 104 Traumatic Dural Tear
- 105 Traumatic Epidural Hematoma
- 106 Traumatic Subdural Hematoma
- 107 Vascular Injury, Cervical
- 108 Traumatic Arteriovenous Fistula
- 109 Wallerian Degeneration

### **Degenerative Diseases and Arthritides**

#### **Degenerative Diseases**

- 110 Nomenclature of Degenerative Disc Disease
- 111 Degenerative Disc Disease
- 112 Degenerative Endplate Changes
- 113 Degenerative Arthritis of the CVJ
- 114 Disc Bulge
- 115 Anular Fissure, Intervertebral Disc
- 116 Cervical Intervertebral Disc Herniation
- 117 Thoracic Intervertebral Disc Herniation

- 118 Lumbar Intervertebral Disc Herniation
- 119 Intervertebral Disc Extrusion, Foraminal
- 120 Cervical Facet Arthropathy
- 121 Lumbar Facet Arthropathy
- 122 Facet Joint Synovial Cyst
- 123 Baastrup Disease
- 124 Bertolotti Syndrome
- 125 Schmorl Node
- 126 Scheuermann Disease
- 127 Acquired Lumbar Central Stenosis
- 128 Congenital Spinal Stenosis
- 129 Cervical Spondylosis
- 130 DISH
- 131 OPLL
- 132 Ossification Ligamentum Flavum
- 133 Periodontoid Pseudotumor

#### **Spondylolisthesis and Spondylolysis**

- 134 Spondylolisthesis
- 135 Spondylolysis
- 136 Instability

#### **Inflammatory, Crystalline, and Miscellaneous Arthritides**

- 137 Adult Rheumatoid Arthritis
- 138 Juvenile Idiopathic Arthritis
- 139 Spondyloarthropathy
- 140 Neurogenic (Charcot) Arthropathy
- 141 Hemodialysis Spondyloarthropathy
- 142 Ankylosing Spondylitis
- 143 CPPD
- 144 Gout
- 145 Longus Colli Calcific Tendinitis

#### **Infection and Inflammatory Disorders**

##### **Infections**

- 146 Pathways of Spread
- 147 Spinal Meningitis
- 148 Pyogenic Osteomyelitis
- 149 Tuberculous Osteomyelitis
- 150 Fungal and Miscellaneous Osteomyelitis
- 151 Osteomyelitis, C1-C2
- 152 Brucellar Spondylitis
- 153 Septic Facet Joint Arthritis
- 154 Paraspinal Abscess
- 155 Epidural Abscess
- 156 Subdural Abscess

- 157 Abscess, Spinal Cord
- 158 Viral Myelitis
- 159 HIV Myelitis
- 160 Syphilitic Myelitis
- 161 Opportunistic Infections
- 162 Echinococcosis
- 163 Schistosomiasis
- 164 Cysticercosis

### **Inflammatory and Autoimmune Disorders**

- 165 Acute Transverse Myelopathy
- 166 Idiopathic Acute Transverse Myelitis
- 167 Multiple Sclerosis
- 168 Neuromyelitis Optica SPECTRUM DISORDER
- 169 ADEM
- 170 Guillain-Barré Syndrome
- 171 CIDP
- 172 Chronic Recurrent Multifocal Osteomyelitis
- 173 Grisel Syndrome
- 174 Paraneoplastic Myelopathy
- 175 IgG4-Related Disease/Hypertrophic Pachymeningitis

### **Neoplasms, Cysts, and Other Masses**

#### **Neoplasms**

- 176 Introduction and Overview
- 177 Spread of Neoplasms
- 178 SINS, NOMS and ESCC

#### **Extradural**

- 179 Imaging of metastatic disease prose intro
- 180 Blastic Osseous Metastases
- 181 Lytic Osseous Metastases
- 182 Hemangioma
- 183 Osteoid Osteoma
- 184 Osteoblastoma
- 185 Aneurysmal Bone Cyst
- 186 Giant Cell Tumor
- 187 Osteochondroma
- 188 Chondrosarcoma
- 189 Osteosarcoma
- 190 Chordoma
- 191 Ewing Sarcoma
- 192 Lymphoma
- 193 Leukemia
- 194 Plasmacytoma
- 195 Multiple Myeloma

- 196 Neuroblastic Tumor
- 197 Langerhans Cell Histiocytosis
- 198 Angiolipoma

#### **Intradural Extramedullary**

- 199 Schwannoma
- 200 Melanotic Schwannoma
- 201 Meningioma
- 202 Solitary Fibrous Tumor/Hemangiopericytoma
- 203 Neurofibroma
- 204 Malignant Nerve Sheath Tumors
- 205 Metastases, CSF Disseminated
- 206 Paraganglioma
- 207 Intramedullary
- 208 Astrocytoma
- 209 Cellular Ependymoma
- 210 Myxopapillary Ependymoma
- 211 Hemangioblastoma
- 212 Spinal Cord Metastases
- 213 Primary Melanocytic Neoplasms/Melanocytoma
- 214 Ganglioglioma

#### **Nonneoplastic Cysts, Tumor Mimics and CSF Disorders**

##### **Cysts**

- 215 CSF Flow Artifact
- 216 Meningeal Cyst
- 217 Perineural Root Sleeve Cyst
- 218 Syringomyelia

#### **Nonneoplastic Masses and Tumor Mimics**

- 219 Epidural Lipomatosis
- 220 Normal Fatty Marrow Variants
- 221 Fibrous Dysplasia
- 222 CAPNON
- 223 Kümmell Disease
- 224 Hirayama Disease
- 225 CSF leak disorders
- 226 SIH
- 227 Ventral defects / fast leak
- 228 Root sleeve leaks
- 229 CSF venous fistula

#### **Vascular**

##### **Vascular Anatomy and Congenital Lesions**

- 230 Vascular Anatomy
- 231 Persistent First Intersegmental Artery

232 Persistent Hypoglossal Artery

234 Persistent Proatlantal Artery

### **Vascular Malformations**

235 Type 1 Vascular Malformation (dAVF)

236 Type 2 Arteriovenous Malformation (AVM)

237 Type 3 Arteriovenous Malformation (AVM)

238 Type 4 Vascular Malformation (AVF)

239 Conus Arteriovenous Malformation

240 Posterior Fossa Dural Fistula With Intraspinal Drainage

241 Epidural fistula

242 Cavernous Malformation

### **Vascular Misc**

243 Spinal Artery Aneurysm

244 Spinal Cord Infarction

245 Subarachnoid Hemorrhage

246 Spontaneous Epidural Hematoma

247 Subdural Hematoma

248 Superficial Siderosis

249 Hematomyelia/Nontraumatic Cord Hemorrhage

250 Bow Hunter Syndrome

251 Vertebral Artery Dissection

### **Systemic Disorders**

252 Spinal Manifestations of Systemic Diseases

253 Osteoporosis

254 Paget Disease

255 Hyperparathyroidism

256 Renal Osteodystrophy

257 Hyperplastic Vertebral Marrow

258 Myelofibrosis

259 Bone Infarction

260 Extramedullary Hematopoiesis

261 Tumoral Calcinosis

262 Sarcoidosis

263 Subacute Combined Degeneration

### **Peripheral Nerve and Plexus**

#### **Plexus and Peripheral Nerve Lesions**

264 Normal Plexus and Nerve Anatomy

265 Superior Sulcus Tumor

266 Thoracic Outlet Syndrome

267 Muscle Denervation

268 Brachial Plexus Traction Injury

269 Idiopathic Brachial Plexus Neuritis

- 270 Traumatic Neuroma
- 271 Radiation Plexopathy
- 272 Peripheral Nerve Sheath Tumor
- 273 Peripheral Neurolymphomatosis
- 274 Hypertrophic Neuropathy
- 275 Femoral Neuropathy
- 276 Ulnar Neuropathy
- 277 Suprascapular Neuropathy
- 278 Median Neuropathy
- 279 Common Peroneal Neuropathy
- 280 Tibial Neuropathy

### **Spine Postprocedural Imaging**

- 281 Postoperative Imaging and Complications
- 282 Surgical Approaches
- 283 Normal Postoperative Change
- 284 Postoperative Spinal Complications
- 285 Myelography Complications
- 286 Vertebroplasty Complications
- 287 Failed Back Surgery Syndrome
- 288 Recurrent Disc Herniation
- 289 Peridural Fibrosis
- 290 Arachnoiditis/Adhesions
- 291 Arachnoiditis Ossificans
- 292 Accelerated Degeneration
- 293 Postoperative Infection
- 294 Pseudomeningocele
- 295 CSF Leakage Syndrome
- 296 Postsurgical Deformity

### **Hardware**

- 297 Metal Artifact
- 298 Occipitocervical Fixation
- 299 Plates and Screws
- 300 Cages
- 301 Interbody Fusion Devices
- 302 Interspinous Spacing Devices
- 303 Cervical Artificial Disc
- 304 Lumbar Artificial Disc
- 305 Hardware Failure
- 306 Bone Graft Complications
- 307 rhBMP-2 Complications
- 308 Heterotopic Bone Formation

### **Post Radiation and Chemotherapy Complications**

- 309 Radiation Myelopathy

310 Post-Irradiation Vertebral Marrow  
311 Anterior Lumbar Radiculopathy
