7. Ethics
8. Financing and Organization of Health Care
9. Billing and Coding
10. Hospital Care
11. Long-Term Care
12. Home Care
13. Rehabilitation
14. Palliative Care

UNIT TWO: GERIATRIC SYNDROMES AND COMMON SPECIAL PROBLEMS

15. Emergency Care
16. Delirium
17. Alzheimer's Disease and Other Dementias
18. Depression
19. Balance, Gait and Mobility
20. Falls
21. Dizziness
22. Syncope
23. Urinary Incontinence
24. Constipation and Fecal Incontinence
25. Hearing Impairment
26. Visual Impairment and Eye Problems
27. Persistent Pain

28. Malnutrition and Feeding Problems

29. Frailty

30. Pressure Ulcers

31. Sleep Disorders

32. Sexual Health

33. Mistreatment and Neglect

34. Alcoholism

35. Driving

UNIT THREE: SELECTED CLINICAL PROBLEMS OF THE ORGAN SYSTEMS

36. Hypertension

37. Coronary Artery Disease and Atrial Fibrillation

38. Congestive Heart Failure

39. Peripheral Vascular Disease

40. Transient Ischemic Attacks and Stroke

41. Diabetes Mellitus

42. Thyroid Disorders

43. Osteoporosis

44. Arthritis and Related Disorders

45. Foot Problems

46. Cancer

47. Anemia

48. Pulmonary Disease

49. Infectious Diseases

50. The Acute Abdomen

51. Benign Prostate Disease

52. Parkinson's Disease

53. Oral Disorders

54. Skin Problems
