

Section 1 Tendon Surgery

Chapter 1: Management of Complications of Flexor Tendon Surgery

Chapter 2: Management of Complications of Extensor Tendon Surgery

Chapter 3: Treatment of Complications after Surgical Management of Tenosynovitis

Section 2 Nerve Surgery

Chapter 4: Management of Complications in Sensory Nerve Surgery

Chapter 5: Management of Complications of Surgery of the Median, Ulnar and Radial Nerves in the Forearm

Chapter 6: Management of Complications of Nerve Decompression Surgery

Section 3 Bone Surgery: Fracture

Chapter 7: Management of Finger Fracture Complications

Chapter 8: Management of Complications in Carpal Fractures (Malunion, Nonunion)

Chapter 9: Management of Complications of Scaphoid Fracture Fixation

Chapter 10: Management of complication in Lunate Facet Fracture Surgery

Chapter 11: Management of Complications Following Open Reduction and Plate Fixation of Distal Radius Fractures: Pearls and Pitfalls

Chapter 12: Management of distal radius malunion

Section 4 Bone Surgery: Arthritis

Chapter 13: Treatment of Complications after Surgery for Finger Joint Arthritis

Chapter 14: Management of Complications of Thumb CMC Surgery: Trapeziectomy, Arthrodesis and Total Joint Arthroplasty

Chapter 15: Treatment of Complications of Midcarpal Joints Arthritis

Chapter 16: Management of Complications after Salvage Procedures of the Radiocarpal and Distal Radioulnar Joint

Section 5 Ligament Surgery

Chapter 17: Management of Complications of Ligament Repair of thumb and Finger Joints

Chapter 18: Treatment of Complications after Scapholunate Ligament Repair

Chapter 19: Management of Complications Following Surgery to the TFCC

Section 6 Soft Tissue Surgery

Chapter 20: Complications Following Treatment of Dupuytren Disease and Their Management

Chapter 21: Management of Complications in the Treatment of Fingertip Injuries

Section 7 Hand Therapy

Chapter 22: Rehabilitation after Flexor Tendon Repair in Zone II: Limitation of Complications

Chapter 23: Rehabilitation after Peripheral Nerve Surgery: The Hand Therapy Options

Chapter 24: Rehabilitation after Bone and Joint Surgery

Section 8 CRPS

Chapter 25: Debunking Complex Regional Pain Syndrome/Sudeck/Reflex Sympathetic Dystrophy

Section 9 Social Issues

Chapter 26: Managing Expectations / Factitious Disorders

Chapter 27: Informed Consent / How to Prevent Medicolegal Issues

Chapter 28: Complications: What They Do to the Surgeon

Chapter 29: Complications: What They Do to the Patient
