

## Contents

*List of Contributors* vii  
*Foreword by François Mauguière* xi

- 
- 1 **A Brief History of Insular Cortex Epilepsy** 1  
 François Dubeau

### Section 1 The Human Insula from an Epileptological Standpoint

- 2 **Anatomy of the Insula** 11  
 Alexander Hammers
- 3 **Vascularization of the Insula: Key Points for Safe Epilepsy Surgery** 26  
 Naoki Ikegaya and Masaki Iwasaki
- 4 **Structural Connectivity of the Insula** 31  
 Jimmy Ghaziri, Phillip Fei, Laurent Petit, and Dang Khoa Nguyen
- 5 **Functional Connectivity of the Insula** 40  
 Leila Ayoubian, Jean-Didier Lemaréchal, and Olivier David
- 6 **Interoceptive Integration in the Primate Insular Cortex** 52  
 Henry C. Evrard

### Section 2 The Spectrum of Epilepsies Involving the Insula

- 7 **Clinical Presentation of Insulo-Opercular Epilepsy in Adults** 67  
 Laurence Martineau, Dang Khoa Nguyen, and Jean Isnard
- 8 **Clinical Presentation of Insulo-Opercular Epilepsy in Children** 82  
 Michael S. Duchowny, Delphine Taussig, and Petia S. Dimova

- 
- 9 **Are Painful Seizures Specific to Insular Epilepsy?** 98  
 Alexandra Montavont, Laure Mazzola, Genevieve Demarquay, and Jean Isnard

- 10 **The Role of the Insula in Temporal Lobe Epilepsy and Temporal Lobe “Plus” Epilepsies** 110

Carmen Barba and Philippe Kahane

- 11 **Insular-Origin Seizures with a Hypermotor Presentation** 118  
 Koichi Hagiwara, Steve A. Gibbs, Sylvain Rheims, and Lino Nobili

- 12 **The Role of the Insula in Sudden Unexpected Death in Epilepsy (SUDEP)** 134

Nuria Lacuey and Samden Lhatoo

### Section 3 Noninvasive Investigation of Insular Epilepsy

- 13 **Noninvasive Electrophysiological Investigations in Insular Epilepsy** 141  
 Raluca Pana, Laurence Martineau, Ismail Mohamed, Tao Yu, and Dang Khoa Nguyen

- 14 **Structural Imaging of Insular Epilepsy** 163  
 Andreas V. Alexopoulos

- 15 **PET and SPECT in Insular Epilepsy** 179  
 Francine Chassoux and Jean-Paul Soucy

- 16 **Neuropsychology of Insular Epilepsy** 194  
 Olivier Boucher, Sallie Baxendale, Alain Bouthillier, and Dang Khoa Nguyen

## Contents

### Section 4 Invasive Investigation of Insular Epilepsy

- 17 **Invasive Investigation of Insular Epilepsy: Indications and Preplanning** 203  
 Philippe Ryvlin and Fabienne Picard
- 18 **Invasive Investigation of Insular Epilepsy: Surgical Techniques** 211  
 Alexander G. Weil and Francesco Cardinale
- 19 **Qualitative Interpretation of Intracranial EEG in Insular Epilepsy** 227  
 Lorella Minotti, Rinki Singh, Guillaume Martin, Dominique Hoffmann, Laurence Martineau, and Philippe Kahane
- 20 **Quantitative Intracranial EEG Signal Analysis in Insular Epilepsy** 238  
 Fabrice Bartolomei, Nicolas Roehri, Rinki Singh, and Francesca Pizzo
- 21 **Electrical Stimulation of the Human Insular Cortex** 246  
 Laure Mazzola, Jean Isnard, and François Mauguière

### Section 5 Surgical Management of Insular Epilepsy

- 22 **Insular Epilepsy Surgery: Surgical Techniques and Experience of Various Centers** 257  
 Alain Bouthillier, Stephan Chabardes, Massimo Cossu, and Jorge Gonzalez-Martinez
- 23 **Stereoencephalography (SEEG)-Guided Radiofrequency (RFTC) of Insular Epileptic Foci** 266  
 Alice Rucar, Jean Isnard, and Marc Guénot
- 24 **Neurostimulation for the Treatment of Insular Epilepsy** 278  
 Patricia C. Dugan and Barbara C. Jobst
- 25 **Laser Interstitial Thermal Therapy (LITT) for Insular Epilepsy** 287  
 Azeem A. Rehman, Mark R. Lee, and Dave F. Clarke
- Epilogue** 299
