

- 1:Biomedical science and biomedical scientists, *Hedley Glencross*
- 2:Fitness to practise, *Hedley Glencross*
- 3:Communications in laboratory medicine, *Hedley Glencross and Georgina Lavender*
- 4:Health and safety, *Hedley Glencross and Alison Taylor*
- 5:Preparing and measuring reagents, *Ian Graham*
- 6:Samples and sample collection, *Joyce Overfield*
- 7:Microscopy, *Tony Sims and Qiuyu Wang*
- 8:Electrochemistry, *Peter Robinson*
- 9:Spectroscopy, *Qiuyu Wang, Helen Montgomery, Nessar Ahmed, and Chris Smith*
- 10:Centrifugation, *Qiuyu Wang, Nessar Ahmed, and Chris Smith*
- 11:Chromatography, *Qiuyu Wang, Nessar Ahmed, and Chris Smith*
- 12:Electrophoresis, *Qiuyu Wang, Nessar Ahmed, and Chris Smith*
- 13:Immunological techniques, *Christine Yates and Qiuyu Wang*
- 14:Molecular biology techniques, *Qiuyu Wang, Nessar Ahmed, and Chris Smith*
- 15:Laboratory automation, *Tim James*
- 16:Point of care testing, *Jan Still, Lynda Petley, and Garry McDowell*
- 17:Quality assurance and management, *Elaine Moore*
- 18:Personal development, *Hedley Glencross and Georgina Lavender*
