

Part 1: Anatomy and Physiology

1:Anatomy and Development of the Duodenum and Small Intestine, *Mark D. Stringer*

2:Physiology of the Small Bowel, *Greg O'Grady and Cameron Iain Wells*

Part 2: Benign Diseases

3:Congenital Small Bowel Abnormalities and their Surgical Management, *Sebastian K. King and Warwick J. Teague*

4:Peptic Ulcer Disease of the Duodenum, *Kjetil Soreide*

5:Ileus and Chronic Intestinal Pseudo-obstruction, *Ryash Vather and Ian P. Bissett*

6:Biliary and Pancreatic Sphincter of Oddi Disorder, *Sanjay Pandanaboyana, N.L. Bekkali, Chathura B.B. Ratnayake, and Kofi W. Oppong*

7:Small Bowel Obstruction, *Shinichiro Sakata and Brendan J. Moran*

8:Intestinal Fistulae, *Philip J. Allan, Jonathan Epstein, and Simon Lal*

9:Radiation Enteritis, *Rebecca Rentea and Mary F. Otterson*

10:Mesenteric Ischaemia, *Florian Kühn and Ernst Klar*

11:Crohn's Disease of the Duodenum and Small Bowel, *Jeffrey S. Barton and Kurt G. Davis*

12:Short Bowel Syndrome, Intestinal Failure and Transplantation, *Danette B. Wright and Mattias Soop*

13:The Small Bowel in Acute and Critical Illness, *Annika Reintam Blaser, Stephan M. Jakob, John A. Windsor, and Jean-Charles Preiser*

Part 3: Neoplastic Disease

14:Duodenal Adenomas and Small Bowel Polyps, Including Familial Adenomatous Polyposis, *Andrew Latchford, Ann-Sofie Backman, and Allan Spigelman*

15:Malignant Tumours of the Duodenum, Ampulla and Small Bowel, *Ulla Klaiber and Thilo Hackert*

16:Lymphomas of the Small Bowel and Duodenum, *Roberto Ciocchi, Annalisa Tondo, and Antonino Morabito*

17:Neuroendocrine Tumours of the Duodenum and Small Bowel, *Valentina Andreasi, Stefano Partelli, Francesca Muffatti, and Massimo Falconi*

18:Small Bowel Mesenchymal Tumours, *Tamara Glyn and Frank Frizelle*

Part 4: Miscellaneous Diseases

19:Duodenal and Small Bowel Injuries, *Martin D. Smith, Vicky A. Jennings, and John Devar*

20:Tuberculosis, Typhoid and Other Infectious Diseases of the Small Bowel, *Partha Pal, Zaheer Nabi, and D. Nageshwar Reddy*

21:Techniques of Duodenal Surgery, *Christian Macutkiewicz, Minas Baltatzis, and Ajith K. Siriwardena*

22:Techniques of Small Bowel Surgery, *David H. Kim and Lillian S. Kao*
