

SECTION 1 Foundations of Developmental- Behavioral Pediatrics

- 1 An Introduction to the Field of Developmental- Behavioral Pediatrics
- 2 The Biopsychosocial Model: Understanding Multiple, Interactive Influences on Child Development and Behavior
- 3 Theories of Human Development
- 4 Theories of Learning and Behavior Change

SECTION 2 Life Stages

- 5 The Maternal-Fetal Dyad: Challenges and Adaptations
- 6 Infancy
- 7 Toddlerhood and the Preschool Years
- 8 Middle Childhood
- 9 Adolescence
- 10 Transition to Adulthood
- 11 End-of-Life, Death, and Bereavement

SECTION 3 Social and Environmental Contexts of Children

- 12 Understanding Child Development and Behavior in the Context of Family Systems
- 13 Parenting and Parenting Behavior
- 14 Foster Care and Adoption: Implications for Developmental and Behavioral Pediatrics
- 15 Trauma, Resilience, and Child Development
- 16 Childcare
- 17 Peers
- 18 Schools as a Milieu
- 19 Neighborhoods and Personal Networks
- 20 Celebrating Sociocultural Diversity in the Exam Room and Addressing Racism and Bias
- 21 The Influence of Digital Media on Children and Families
- 22 Natural and Human Disasters

SECTION 4 Biological Factors, Medical Conditions, and Exposures Affecting Development and Behavior

- 23 Biological Mechanisms of Human Development and Behavior
- 24 Genetic Disorders and Their Associated Mechanisms
- 25 Chromosome Disorders and Inheritance Patterns
- 26 Sex Chromosome Aneuploidy
- 27 Down Syndrome
- 28 Fragile X Syndrome and FMR1 Variants
- 29 Nervous System,
- 30 Neuromuscular Disorders
- 31 Seizures and Epilepsy
- 32 Diffuse Acquired Brain Injury
- 33 Congenital Infections
- 34 Consequences of Preterm Birth
- 35 Nutritional Disorders
- 36 Inborn Errors of Metabolism
- 37 Prenatal Exposure of Alcohol, Tobacco, and Drugs
- 38 The Impact of Environmental Chemicals on the Developing Brain

SECTION 5 Developmental Disorders

- 39 Cerebral Palsy and Other Motor Disorders
- 40 Intellectual Disability
- 41 Autism Spectrum Disorder
- 42 Developmental Considerations in Deafness
- 43 Blindness and Visual Impairment
- 44 Language and Speech Disorders
- 45 Sensory Processing Disorders

SECTION 6 Variation in Behavior, Learning, Emotion, and Mental Health

- 46 Attention-Deficit/Hyperactivity Disorder (ADHD)
- 47 Learning Disabilities

- 48 Talent and Giftedness
- 49 Mood Disorders in Children and Adolescents
- 50 Suicide Prevention Care in the Pediatric Setting: A Trauma-Informed Approach
- 51 Anxiety Disorders in Children and Adolescents
- 52 Psychotic-Spectrum Disorders in Children and Adolescents
- 53 Substance Use Disorders and Other Risk-Taking Behaviors in Youth
- 54 Dual Diagnosis of Mental Health and Developmental Disorders in Developmental-Behavioral Pediatrics
- 55 Aggression and Disruptive Behavior Disorders
- 56 Acute Stress Disorder and Posttraumatic Stress Disorder in Youth
- 57 Adjustment and Adjustment Disorders in Developmental-Behavioral Pediatrics

SECTION 7 Developmental and Behavioral Considerations Related to Medical Care

- 58 Impact of Hospitalization and Acute Medical Care on Children and Families
- 59 Children with Chronic Illness and Medical Complexity
- 60 Survivors of Childhood Brain Tumors: Developmental and Behavioral Considerations
- 61 Neurodevelopment in Children With Congenital Heart Disease
- 62 Medications With Developmental and Behavioral Side Effects
- 63 Palliative Care for Children With Medical Complexity
- 64 Chronic Pain

SECTION 8 Variations in Functional Domains

- 65 Feeding and Swallowing Disorders
- 66 Growth Faltering
- 67 Childhood Obesity
- 68 Urinary Incontinence and Nocturnal Enuresis
- 69 Toileting and Encopresis
- 70 Sleep and Sleep Disorders In Children
- 71 Movement Disorders
- 72 Habit Disorders in Children and Adolescents
- 73 Sexuality and Its Variations
- 74 Sexuality in Children and Youth With Disabilities
- 75 Gender and Its Variation in Youth

SECTION 9 Assessment and Measurement in Developmental-Behavioral Pediatrics

- 76 Fundamentals of Developmental, Behavioral, and Psychological Assessment
- 77 The Interview in Developmental-Behavioral Pediatrics
- 78 The Physical Exam: Laying on of Hands...or Not
- 79 Evaluation of Children Who Are Nonverbal/Minimally Verbal
- 80 Assessment of Temperament
- 81 Developmental Surveillance and Screening
- 82 Evaluation of Emotion and Behavior
- 83 Evaluation of School Readiness: Beyond ABCs
- 84 Observational Assessment in Developmental-Behavioral Pediatrics
- 85 Developmental, Cognitive, and Intelligence Testing
- 86 Educational Testing and Evaluation of Academic Performance
- 87 Neuropsychology in Developmental-Behavioral Pediatrics Practice
- 88 Evaluation of Adaptive Functioning
- 89 Assessments of the Central Nervous System
- 90 Integration of Data Sources and Uncertainty

SECTION 10 Interventions, Management, and Treatment of Developmental and Behavioral Conditions

- 91 Counseling and Readiness to Change
- 92 Common Factors and Lifestyle Interventions
- 93 Behavioral Parent Training and Consultation
- 94 Applied Behavior Analysis for Autism Spectrum Disorder
- 95 Crisis Management in Developmental-Behavioral Pediatrics
- 96 Individual Therapy for Children and Adolescents: Play Therapy and

Interpersonal Therapy as Developmentally Centered Relational Change
Modalities
97 Family Systems Therapy and Its Importance in Developmental-Behavioral
Pediatrics
98 Cognitive-Behavioral Therapy in Developmental- Behavioral Pediatrics
99 Psychopharmacology
100 Hypnosis, Biofeedback, and Meditation
101 Growth Mindset as a Brief Intervention: Research to Practice
102 Treatment of Developmental, Behavioral, and Mental Health Conditions via
Technology
103 Early Intervention
104 Special Education Services
105 Transition to Adulthood for Young Adults With Intellectual and
Developmental Disabilities
106 Rehabilitation Services: Occupational Therapy and Physical Therapy
107 Speech-Language Pathology for Developmental- Behavioral Disorders
108 Art and Music Therapy
109 Integrative Medicine for Disorders of Development and Behavior
110 Community-Based Interventions, 1050
111 Endocrine and Gynecologic Management of Children With Severe Disabilities

SECTION 11 Societal and Legal Contexts of Developmental-Behavioral Pediatrics

112 Social Inclusion
113 Education Law: Implications for Developmental-Behavioral Pediatrics
114 Health Care Systems for Children With Disabilities
115 Interprofessional Team-Based Care
116 Ethical Considerations
117 The Pitfalls of Guardianship (Conservatorship) and the Promise of
Alternatives

SECTION 12 Conclusion

118 The Right to Belong, The Right to be Different
