

# Table of Contents

<b>PREFACE</b> .....	9
----------------------	---

## **Liver**

Hepatorrhaphy / Liver Suture .....	12
Perihepatic Packing Procedure .....	14
Alternative Hepatic Bleeding Control Techniques .....	16
Open Resection of a Simple Cyst of the Liver .....	18
Laparoscopic Resection of a Simple Cyst of the Liver .....	20
Management of the Echinococcal Cyst of the Liver .....	22
Partial Pericystectomy and Drainage of the Residual Cavity .....	24
Total and Subtotal Pericystectomy .....	28
Laparoscopic Cystectomy and Partial Pericystectomy .....	30
Laparoscopic Total and Subtotal Pericystectomy .....	32
Management of the Residual Cavity after Echinococcal Cyst Excision .....	34
Puncture, Aspiration, Injection, Reaspiration (PAIR) Technique .....	36
Hepatic Abscess Drainage .....	38
Hepatectomy or Hepatic Resection .....	40
Modern Techniques and Devices for Liver Resections .....	42
Right Hepatectomy .....	44
Right Hepatectomy with a Bipolar RF Device .....	54
Laparoscopic Right Hepatectomy .....	56
Laparoscopic non-Anatomic Right Hepatectomy with a Bipolar Habib™ 4X RF Device .....	62
Left Hepatectomy .....	64
Laparoscopic Left Hepatectomy .....	68
Laparoscopic Non-Anatomic Left Hepatectomy with a Bipolar Habib™ 4X RF Device .....	72
Extended Right Hepatectomy .....	74
Laparoscopic Extended Right Hepatectomy .....	80
Extended Left Hepatectomy .....	84
Laparoscopic Extended Left Hepatectomy .....	88
Mesohepatectomy .....	90
Segmentectomy .....	94
Hepatic Tumor Enucleation .....	98
Tumorectomy and Minor Hepatic Resections .....	100

## **Biliary Tract**

Cholecystectomy .....	104
Open Cholecystectomy .....	106
Alternative Techniques of Cholecystectomy .....	108
A. Fundus-Down Open Cholecystectomy .....	108
B. Mini-Laparotomy Cholecystectomy .....	108

Bile Duct Exploration .....	110
Laparoscopic Cholecystectomy .....	112
Laparoscopic Bile Duct Exploration .....	118
A. Laparoscopic Transcystic Bile Duct Exploration .....	118
B. Laparoscopic Choledochotomy Bile Duct Exploration .....	118
Percutaneous Tube Cholecystostomy .....	120
Wedge Resection of the Gallbladder Bed and Regional Lymph Node Dissection (Glenn-Heys Operation) .....	122
Extended Radical Cholecystectomy .....	124
Aggressive Surgery for Gallbladder Carcinoma .....	126
Choledochal Cyst Resection .....	128
Resection of the Tumor in the Middle of the Bile Duct .....	130
Resection of a Proximal Cholangiocarcinoma (Klatskin Tumor) .....	132
Resection of a Type I Klatskin Tumor .....	134
Resection of a Type II, IIIa and IIIb Klatskin Tumor .....	136
A. Type II Klatskin Tumor .....	136
B. Type IIIa Klatskin Tumor .....	136
C. Type IIIb Klatskin Tumor .....	136
Cholecystogastrostomy .....	138
Cholecystojejunostomy .....	140
Choledochoduodenostomy .....	142
Choledochojejunostomy .....	144
Techniques for Protection of the Hepaticojejunostomy .....	146
A. Percutaneous Retrograde Transanastomotic Intubation and Decompression of the Biliary System .....	146
B. Percutaneous Transhepatic, Transanastomotic Intubation and Decompression of the Biliary System .....	146
C. Enlargement of the Bile Duct Orifice. Creation of a New Confluence .....	146

## **Pancreas**

Pancreatic Necrosis .....	150
Pancreatic Necrosectomy .....	152
Postoperative Removal of Debris and Exudation Techniques .....	154
Minimally Invasive Techniques of Necrosectomy .....	156
Laparoscopic Necrosectomy .....	156
Endoscopic Transgastric Necrosectomy .....	158
Retroperitoneal Endoscopic Necrosectomy .....	160
Videoscopic Assisted Retroperitoneal Debridement .....	162
Percutaneous Retroperitoneal Endoscopic Necrosectomy .....	164
Internal Drainage Procedures for Pancreatic Cystic Lesions .....	166
Transgastric Cystogastrostomy .....	166
Cystoduodenostomy .....	168
Cystojejunostomy .....	170

Laparoscopic Transgastric Cystogastrostomy .....	172
Laparoscopic Cystojejunostomy .....	174
PancreaticoDuodenectomy (Whipple Operation) .....	176
Pylorus Preserving PancreaticoDuodenectomy (Traverso - Longmire operation) .....	188
Laparoscopic PancreaticoDuodenectomy .....	194
Management of the Pancreatic Remnant after Pancreatico Duodenectomy .....	200
The Technique of Invaginated Pacreaticojejunostomy .....	202
The Technique of Anastomosis of the Duct of Wirsung and the Jejunum .....	202
The Technique of Binding Pancreaticojejunostomy .....	204
The Technique of Invaginated Pacreaticogastrostomy .....	204
Distal Pancreatectomy .....	206
Retrograde PancreaticoSplenectomy .....	208
Antegrade PancreaticoSplenectomy .....	212
Spleen Preserving Distal Pancreatectomy .....	214
A. The Technique of Spleen-Preserving Distal Pancreatectomy with Preservation of the Splenic Vessels (Kimura Procedure) .....	216
B. The Technique of Spleen-Preserving Distal Pancreatectomy with Sacrifice of the Splenic Vessels (Warshaw procedure) .....	216
Laparoscopic Distal Pancreatectomy .....	218
Laparoscopic Spleen-Preserving Distal Pancreatectomy .....	222
A. The Technique of LSPDP (Kimura Procedure) .....	222
B. The Technique of LSPDP (Warsaw Procedure) .....	222
Central Pancreatectomy .....	224
Total Pancreatectomy .....	226
Enucleation of a Pancreatic Lesion .....	228
A. Open enucleation .....	228
B. Laparoscopic enucleation .....	228
Longitudinal Pancreaticojejunostomy (Puestow Operation) .....	230
The Puestow-Gillesby Operation .....	232
The Puestow Operation Modified by Partington and Roshelle .....	234
Laparoscopic Longitudinal Pancreaticojejunostomy (Laparoscopic Puestow Operation) .....	238
Local Pancreatic Mass Resection of the Head of the Pancreas (Frey Operation) .....	240
Duodenum-preserving resection of the head of the pancreas (Beger operation) .....	242
Ninety-five percent distal pancreatectomy (Fry operation) .....	244
Other pancreatic decompression procedures .....	246
Palliative bypass operations .....	248

## Duodenum

Closure of a Perforation of the Duodenal Wall .....	252
Horizontal or Longitudinal Suture Repair of Duodenal Trauma .....	254
Duodenoduodenostomy and Duodenojejunostomy .....	256
Techniques of Protection of the Duodenal Suture Repair .....	258

Duodenal Exclusion .....	260
Duodenal Diverticulization .....	262
Duodenal Diverticulization (Cruz and Vincenzi modification) .....	264
Biliogastric diversion for high output duodenal fistulas .....	266
Segmental Resections of the Duodenum .....	268
A. Resection of the Second Portion of the Duodenum .....	268
B. Resection of the Third Portion of the Duodenum .....	268
C. Resection of the Fourth Portion of the Duodenum .....	268
Pancreas Preserving Distal Duodenectomy .....	270
Pancreas Sparing Total Duodenectomy .....	272
Wedge Resection of Duodenal Tumor .....	274
Duodenal Patch Techniques for the Repair of Duodenal Wall Defects .....	276
Transduodenal sphincteroplasty .....	278
Laparoscopic Transduodenal Sphincteroplasty .....	280
Transduodenal Ampullectomy .....	282
Laparoscopic Transduodenal Ampullectomy .....	284
Endoscopic Ampullectomy and Management of Non-ampullary Duodenal Lesions .....	286

## **Spleen**

Splenectomy .....	290
Operative technique of splenectomy .....	292
Laparoscopic Splenectomy .....	296
Anterior Laparoscopic Splenectomy .....	296
Lateral Laparoscopic Splenectomy .....	298
Partial Splenic Resection .....	300
A. Partial Splenic Resection with Preservation of the Splenic Vessels .....	300
B. Partial Splenic Resection with Sacrifice of the Splenic Vessels .....	300
Laparoscopic Partial Splenic Resection .....	302
A. Laparoscopic Partial Splenectomy with Splenic Vessels Preservation .....	302
B. Laparoscopic Partial Splenectomy with Sacrifice of the Splenic Vessels .....	302
Management of the Splenic Remnant .....	304
Splenorrhaphy for Splenic Trauma .....	306

<b>INDEX</b> .....	<b>309</b>
--------------------	------------
