| Preface to the Second Edition | <i>xvii</i> |
| Acknowledgments | <i>xix</i> |
| About the Companion Website | <i>xxi</i> |

Section One Fundamental Elements of Emergency and Critical Care Practice 1

- 1 Triage 3
Harold Davis
- 2 The Small Animal Emergency Room 13
Martin D. Miller and Sean D. Smarick
- 3 Intensive Care Unit Design 23
Joris H. Robben and Lindsey Dodd
- 4 Developing and Using Checklists in Practice 47
Elizabeth B. Davidow and Carmen King
- 5 Medical Charting 53
Karl E. Jandrey and Sharon Fornes
- 6 Point-of-Care Ultrasound for Emergency and Critical Care 75
Søren Boysen and Valerie Madden

Section Two Cardiovascular Procedures and Monitoring 81

- 7 Catheterization of the Venous Compartment 83
Andrea M. Steele and Jessica L. Oram
- 8 Arterial Puncture and Catheterization 103
Elisa M. Mazzaferro and Nicole van Sant
- 9 Ultrasound-Guided Vascular Access 117
Søren Boysen and Valerie Madden
- 10 Principles of Electrocardiography 127
Jamie M. Burkitt Creedon

- 11 Electrocardiogram Interpretation 135**
Casey J. Kohen

- 12 Fluid-Filled Hemodynamic Monitoring Systems 153**
Jamie M. Burkitt Creedon

- 13 Direct Systemic Arterial Blood Pressure Monitoring 169**
Edward Cooper and Stacey Cooper

- 14 Noninvasive Arterial Blood Pressure Monitoring 181**
Christopher L. Norkus and Nicholas L. Rivotuso

- 15 Central Venous Pressure Monitoring 191**
Rosalind S. Chow

- 16 Cardiac Output Monitoring 207**
Mack Fudge

- 17 Point-of-Care Cardiac Ultrasound 225**
Valerie Madden and Søren Boysen

- 18 Pericardiocentesis 241**
Simon P. Hagley

- 19 Monitoring Tissue Perfusion: Clinicopathologic Aids and Advanced Techniques 251**
Alexandra Nectoux and Guillaume L. Hoareau

- 20 Cardiopulmonary Resuscitation 261**
Sean D. Smarick

- 21 Open-Chest Cardiopulmonary Resuscitation 271**
Janelle R. Wierenga and Katherine R. Crosse

- 22 Defibrillation 281**
Casey J. Kohen

- 23 Temporary Cardiac Pacing 291**
Anna Grimes and H. Edward Durham, Jr

- Section Three Respiratory Procedures and Monitoring 309**

- 24 Oxygen Therapy 311**
Kate Farrell

- 25 Pulse Oximetry and Co-Oximetry 327**
Kate Farrell

- 26 Blood Gas Analysis 339**
Sarah Gray

- 27 Point-of-Care Lung and Pleural Space Ultrasound 347**
Søren Boysen and Valerie Madden

- 28 **Tracheal Intubation** 365
Marc Raffe and Rachel Bassett
- 29 **Temporary Tracheostomy** 377
F. A. (Tony) Mann
- 30 **Capnography** 389
Linda S. Barter and Alessia Cenani
- 31 **Mechanical Ventilation** 399
Kate Hopper and Julie Eveland-Baker
- 32 **Ventilator Waveform Analysis** 409
Deborah Silverstein and Justina Gerard
- 33 **Alternative Methods of Augmented Ventilation** 427
Jessica Schavone and Elizabeth Rozanski
- 34 **Pleural Space Drainage** 431
Amanda Arrowood and Lori S. Waddell
- Section Four Urinary and Gastrointestinal Procedures** 449
- 35 **Urethral Catheterization** 451
Jamie M. Burkitt Creedon
- 36 **Peritoneal Dialysis** 467
Michael D. Santasieri, Carolyn Tai, and Mary Anna Labato
- 37 **Technical Management of Hemodialysis** 481
Karen Poeppel and Cathy Langston
- 38 **Peritoneal Evaluation** 499
Laura Osborne and Lindsey Strang
- 39 **Point-of-Care Abdominal Ultrasound** 513
Søren Boysen and Valerie Madden
- 40 **Specialized Gastrointestinal Techniques** 523
Lisa Smart and Joyce Lau
- 41 **Postoperative Peritoneal Drainage Techniques** 539
Margo Mehl
- Section Five Nutrition** 545
- 42 **Nutritional Requirements in Critical Illness** 547
Daniel L. Chan
- 43 **Enteral Diets for Critically Ill Patients** 555
Sally C. Perea

44 Assisted Enteral Feeding 567

Wan K. A. Tan

45 Parenteral Nutrition 585

Jennifer Larsen

Section Six Analgesia and Anesthesia 599

46 Drug Administration 601

Damion Asselin and Jane Quandt

47 Pain Recognition and Management 617

Chiara Valtolina and Liza Lindeman

48 Systemic Analgesia 631

Sarah Haldane and Angela Chapman

49 Local Anesthesia 651

Christopher L. Norkus

50 Monitoring the Anesthetized Patient 665

Benjamin M. Brainard and Jessica Perlini

51 Nursing Care of the Long-Term Anesthetized Patient 681

Yekaterina Buriko and Bridget M. Lyons

52 Neuromuscular Blockade 691

Manuel Martin-Flores and Karen L. Basher

Section Seven Clinicopathologic Techniques 699

53 Blood Sample Collection and Handling 701

Courtney Waxman and Tami Lind

54 In-House Hematologic Evaluation 717

Karl Jandrey and Andrew Burton

55 In-House Evaluation of Hemostasis 739

April Summers, Jocey Pronko, and Julien Guillaumin

56 Electrolyte Evaluation 747

Louisa J. Rahilly and Katherine Vachon

57 Acid–Base Evaluation 763

Kate Hopper

58 Osmolality and Colloid Osmotic Pressure 771

Elke Rudloff and Angel Rivera

59 Body Fluid Collection and Handling 779

Adesola Odunayo and Eric Hilton

- 60 **Urinalysis in Acutely and Critically Ill Dogs and Cats** 787
Lucy Kopecny and Sean Naylor
- 61 **Cytology** 797
Rebecca J. Greer
- Section Eight Infection Control** 807
- 62 **Minimizing Healthcare-Associated Infections** 809
Jane E. Sykes
- 63 **Care of Indwelling Device Insertion Sites** 819
Helen Philp
- 64 **Antiseptics, Disinfectants, and Sterilization** 837
Samantha Jones, Krystle Reagan, and Nicole Saunders
- 65 **Personnel Precautions for Patients with Zoonotic Disease** 845
Sarah Fritz and Christopher G. Byers
- Section Nine Transfusion Medicine** 859
- 66 **Blood Typing and Crossmatching** 861
Sarah Musulin and Kenichiro Yagi
- 67 **Blood Transfusion** 879
Julien Guillaumin and Kristin Kofron
- 68 **Administration of Other Biological Products** 891
Jennifer E. Prittie and Jasmine De Stefano
- 69 **Blood Banking** 905
Marie K. Holowaychuk and Kenichiro Yagi
- Section Ten Nursing Care of Specific Populations** 921
- 70 **Care of the Patient with Intracranial Disease** 923
Marie K. Holowaychuk and Charlotte E. Donohoe
- 71 **Care of the Burned Animal** 935
Steven Epstein
- 72 **Care of the Environmentally Injured Animal** 941
Michael S. Lagutchik, Rufus W. Frederick, and James O. Barclay
- 73 **Blood Glucose Monitoring and Glycemic Control** 951
Erica L. Reineke
- 74 **Critical Nursing Care of the Neonate** 965
Autumn Davidson and Janice Cain

75 **Safe Handling and Care of Patients Exposed to Radioactive and Anti-Neoplastic Agents** 997
Michael S. Kent and Kristen Sears

76 **Handling the Suspected Cruelty Case** 1005
Alison Liu

Section Eleven Wellness for the Veterinary Health Care Team 1017

77 **Self-Compassion: The Cornerstone of Wellbeing** 1019
Deborah A. Stone

Index 1027
