

Preface	ix
Foreword	x
Editors	xi
List of Contributors	xii
1. Overview: Biochemical Basis of Metabolic Diseases	1
<i>Emmanuel Kwaku Ofori, Seth Kwabena Amponsah, and Yashwant V. Pathak</i>	
2. Molecular Basis of Chemical Pathologies.	17
<i>Abigail Aning, Seth Kwabena Amponsah, Kwasi Agyei Bugyei, and Yashwant V. Pathak</i>	
3. Metabolic Changes and Biochemical Monitoring during Pregnancy.	29
<i>Rumi Deori, Chinmoyee Deori, Jitu Das, and Tridip Kutum</i>	
4. Recent Trends in the Diagnosis of Metabolic Disorders.	48
<i>Jennifer Suurbaar, Zakaria Seidu, and Seth Kwabena Amponsah</i>	
5. The Role of Mitochondrial Dysfunction in Metabolic Syndrome.	60
<i>Emmanuel A. Tagoe and Sheila A. Santa</i>	
6. Artificial Intelligence in Metabolic Disorders.	86
<i>Surovi Saikia, AK Unais, Vishnu Prabhu Athilingam, AK Aparna, Partha P. Dutta, V. Vijaya Padma, and Yashwant Pathak</i>	
7. The Burden of Diabetes Mellitus: Biochemical and Nutritional Aspects	108
<i>Chinmoyee Deori, Raktim Borgohain, Gaurab Kumar Gogoi, and Migom Doley</i>	
8. Clinical Management of Diabetes Mellitus	121
<i>Patricia Underwood, Jordan Keels, and Andrew A. Dwyer</i>	
9. Lipids and Lipoprotein Metabolism, Dyslipidemias, and Management.	150
<i>Emmanuel Kwaku Ofori</i>	

10. Mineral Metabolism and Metabolic Bone Diseases171

Shradha Devi Dwivedi, Divya Sahu, Lokendra Singh Rathor, Deependra Singh, and Manju Rawat Singh

11. The Biochemical Basis of Renal Diseases.185

Elikem Kwami Kumahor

12. Clinical Management of Renal Diseases.201

Shivani Jani, Hitesh Katariya, and Bhupendra Prajapati

13. Metabolic Dysregulation in Cardiovascular Diseases: A Beat on Cardiometabolic Diseases.219

Patrick Diaba-Nuhoho and Michael Amponsah-Offeh

14. Consideration of the Pathophysiology and Treatment of Type 1 and Type 2 Diabetes Mellitus and Other Diabetes Mellitus Subtypes.235

Paige DeBlieux, Monica Stevens, Richard Kang, and Charles Preuss

15. Clinical Management of Cardiovascular Diseases.254

Jenifer L. Ferreir, Santhana Kumar, Arun Soni, Niyati Acharya, and Sanjeev Acharya

16. The Biochemical Basis of Neurological Disorders.279

Ngurzampuii Sailo, Dhritiman Roy, Rajashri Bezbaruah, and Bibhuti Bhusan Kakoti

17. Clinical Management of Neurological Disorders.292

Mohit Agrawal, Manmohan Singhal, Yash Jasoria, Hema Chaudhary, and Bhupendra Prajapati

18. Endothelial Dysfunction and Its Related Disorders.305

Jigar Vyas, Nensi Raytthatha, and Bhupendra Prajapati

19. Alcoholic and Non-alcoholic Liver Diseases: Biochemical Aspects.321

Kamaruz Zaman, Pompy Patowary, Arpita Paul, Nilayan Guha, and Madhusmita Gogoi

20. Common Pathogens Involved in Metabolic Diseases.
.. .335

Riya Patel, Santhana Kumar, Arun Soni, Sanjeev Acharya, and Niyati Acharya

Index.
