Foreword

Contributors

Part I: Introduction

1.1. Introduction to the Text

References

Part II: Global Burden of Musculoskeletal Disorders

2.1. Historic Management Perspectives

Chapter Outline

INTRODUCTION

HISTORY

A NEW BEGINNING

THE FUTURE

PATIENT-CENTERED APPROACH

HOW MUSCULOSKELETAL TREATMENT IS CHANGING

CONCLUSION

REFERENCES

2.2. Epidemiologic Measures of Musculoskeletal Disorders

Chapter Outline

INTRODUCTION

WHY IS IT IMPORTANT TO STUDY EPIDEMIOLOGY?

WHAT IS ORIGIN AND PURPOSE OF EPIDEMIOLOGY?

WHERE DOES EPIDEMIOLOGICAL DATA COME FROM?

BASIC RESEARCH DESIGNS CONTRIBUTING TO
EPIDEMIOLOGIC ESTIMATES

HOW DO MUSCULOSKELETAL CLINICIANS ADOPT
EPIDEMIOLOGICAL DATA INTO CLINICAL PRACTICE?

CONCLUSION

REFERENCES

2.3. An Overview of Contributors to Pain and Disability

Chapter Outline

INTRODUCTION

DISABILITY ASSOCIATED WITH MUSCULOSKELETAL
DISORDERS – A WORLDWIDE BURDEN

REHABILITATION MANAGEMENT OF PAIN AND DISABILITY
ASSOCIATED WITH MSD AND CLINICAL PRACTICE
GUIDELINES

DIAGNOSTIC FRAMEWORKS TO IDENTIFY
CONTRIBUTORS TO PAIN AND DISABILITY

THINKING BEYOND THE INITIAL DIAGNOSTIC LABEL

THE PAIN AND DISABILITY DRIVERS MANAGEMENT
MODEL

COMPREHENSIVE DIAGNOSIS GUIDED BY THE PAIN AND
DISABILITY DRIVERS MANAGEMENT MODEL

LIMITATIONS OF THE PAIN AND DISABILITY DRIVERS
MANAGEMENT MODEL

CLINICAL INTEGRATION OF THE PDDM INTO CLINICAL
PRACTICE

CONCLUSION

REFERENCES

2.4. Biological Contributors to Musculoskeletal Pain and
Disability

Chapter Outline

INTRODUCTION

INFLAMMATORY PROCESSES IN MUSCULOSKELETAL
PAIN AND DISABILITY

PERIPHERAL NEUROBIOLOGICAL PROCESSES

CENTRAL NEUROBIOLOGICAL PROCESSES

GENETIC AND EPIGENETIC CONTRIBUTORS TO
MUSCULOSKELETAL PAIN AND DISABILITY

CONCLUSION

References

2.5. Psychological Contributors to Musculoskeletal Pain

Chapter Outline

INTRODUCTION

PSYCHOLOGICAL CONTRIBUTORS TO
MUSCULOSKELETAL PAIN

PROTECTIVE “POSITIVE” PSYCHOLOGICAL
CONTRIBUTORS

VULNERABILITY PSYCHOLOGICAL CONTRIBUTORS: PAIN-
RELATED FEAR AND PAIN CATASTROPHIZING

THE EVALUATION OF PSYCHOLOGICAL CONTRIBUTORS

CLINICAL PERSPECTIVES

CONCLUSIONS

REFERENCES

2.6. Social Contributors to Pain and Disability

Chapter Outline

INTRODUCTION

WHAT ARE SOCIAL DETERMINANTS OF HEALTH?

EVOLVING UNDERSTANDING OF SOCIAL DETERMINANTS
OF HEALTH

PHYSIOLOGIC MECHANISMS OF SOCIAL DETERMINANTS
OF HEALTH

EMPIRICAL EVIDENCE OF SOCIAL DETERMINANTS’
EFFECTS ON HEALTH

EXTENDING THE INVESTIGATION OF SOCIAL
DETERMINANTS OF HEALTH TO POPULATIONS WITH
MUSCULOSKELETAL DISORDERS

TAKING ACTION ON SOCIAL DETERMINANTS OF HEALTH

CONCLUSION

REFERENCES

2.7. Musculoskeletal Models of Care

Chapter Outline

MUSCULOSKELETAL MODELS OF CARE – THE CRITICAL
ROLE FOR OPTIMIZING MUSCULOSKELETAL CARE

THE CURRENT GLOBAL LANDSCAPE FOR
MUSCULOSKELETAL CARE: LEVERS FOR HEALTH
SYSTEM REFORM

MoCs AS ENABLERS TO CONTEMPORARY SYSTEM
TRANSFORMATION

CONCLUSION

REFERENCES

Part III: Research Design and Navigating the Endless Wave of
Information

3.1. What Is Information, and Where Are People Getting It
From?

Chapter Outline

THE STOCK IN TRADE OF SCIENCE JOURNALISTS:
PREPRINTS

THE WOLF IN SHEEP'S CLOTHING: PREDATORY
JOURNALS AND PUBLISHERS

QUALITY EVIDENCE SYNTHESSES: TIMESAVERS AND HOW
TO SPOT THEM

REFERENCES

3.2. Information Credibility: Navigating the Endless Wave of
Information

Chapter Outline

INTRODUCTION

JOURNAL PUBLICATIONS

EVALUATING RESEARCH QUALITY

SOCIAL MEDIA: CHANGING HOW CLINICIANS ACQUIRE INFORMATION

REFERENCES

3.3. Levels of Evidence

Chapter Outline

INTRODUCTION

HISTORY

LEVELS OF EVIDENCE

THE HIERARCHICAL STRUCTURE OF RESEARCH DESIGNS

ALTERNATIVE EVIDENCE PYRAMID DESIGNS

IMPLICATIONS AND CHALLENGES

CONCLUSION

REFERENCES

Section 3.4: Research Designs

3.4.1. Quantitative Research

Chapter Outline

QUANTITATIVE RESEARCH

TYPES OF RESEARCH QUESTIONS

BIAS, INTERNAL, AND EXTERNAL VALIDITY

SPECIFIC TYPES OF QUESTIONS

COMMON ESTIMATORS

INTERPRETATION OF QUANTITATIVE RESEARCH

SUMMARY

REFERENCES

3.4.2. Introduction To Qualitative Design

Chapter Outline

Introduction

What is qualitative research?

Research philosophy

Methodology

Conclusion

References

3.4.3. Mixed Methods Research

Chapter Outline

WHAT IS MIXED METHODS RESEARCH?

WHY USE MIXED METHODS RESEARCH?

COMMON APPROACHES TO MIXED METHODS RESEARCH

MIXED METHODS CONSIDERATIONS

MIXED METHODS SYSTEMATIC REVIEWS

CONCEPTS SIMILAR TO MIXED METHODS RESEARCH

SUMMARY

REFERENCES

3.4.4. Living Evidence: Is the Randomised Controlled Trial the Missing Link?

Chapter Outline

INTRODUCTION

WHAT IS IN THE ROLE OF THE RCT IN THE ENDLESS WAVE OF EVIDENCE?

WHAT ARE ITS STRENGTHS AND WEAKNESSES?

IS THE TRADITIONAL RCT DESIGN AT RISK OR STAYING ALIVE?

RCT–THE FOUNDATION OF A LIVING EVIDENCE-BASED PATHWAY

REFERENCES

3.4.5. N-of-1 Research Designs

Chapter outline

CHAPTER OVERVIEW

BRIEF OVERVIEW OF SINGLE-CASE EXPERIMENTAL DESIGNS

STRENGTHS AND LIMITATIONS OF SCEDs

FACTORS TO CONSIDER WHEN DESIGNING OR ASSESSING THE QUALITY OF A SCED

IMPORTANCE OF SCEDs IN PHYSIOTHERAPY CLINICAL PRACTICE AND CLINICAL RESEARCH

SUMMARY AND KEY POINTS FOR CLINICIANS

REFERENCES

FURTHER READINGS

3.4.6. Standardized Data Collection, Audit, and Clinical Profiling

Chapter Outline

INTRODUCTION

QUALITY ASSURANCE OF PRACTICE – POSSIBLE IMPACTS

CHALLENGES OF SDC

ADVANTAGES OF RECONCILING DATA FROM SDC AND PROM/PREMS

REFERENCES

3.4.7. Systematic Reviews: Informing Evidence-Based Practice

Chapter Outline

INTRODUCTION

WHAT IS A SYSTEMATIC REVIEW?

METHODS TO PERFORMING A SYSTEMATIC REVIEW

TYPES OF SYSTEMATIC REVIEWS

META-ANALYSES

APPRAISAL OF SYSTEMATIC REVIEWS AND META-ANALYSES

SYSTEMATIC REVIEW GROWTH

INTEGRATION INTO CLINICAL PRACTICE

FINAL THOUGHTS

REFERENCES

3.4.8. Why Are Population-Based Cohorts Important in Progressing Our Understanding of Musculoskeletal Pain Conditions?

Chapter outline

INTRODUCTION

POPULATION-BASED COHORTS AND THEIR ROLE IN
DISENTANGLING THE COMPLEXITY OF
MUSCULOSKELETAL PAIN

METHODOLOGICAL UNDERSTANDING OF POPULATION-
BASED COHORTS

A CASE STUDY USING THE RAINE STUDY TO EXPLORE
THE EMERGENCE AND PROGRESSION OF
MUSCULOSKELETAL PAIN

FUTURE DIRECTIONS

REFERENCES

3.4.9. Implementation Research

Chapter Outline

CHAPTER OVERVIEW AND IMPLEMENTATION SCIENCE
DEFINED

IMPORTANCE OF IMPLEMENTATION SCIENCE FOR
PHYSIOTHERAPY OF MUSCULOSKELETAL CONDITIONS

RECOMMENDATIONS FOR INCORPORATING
IMPLEMENTATION SCIENCE INTO MUSCULOSKELETAL
PHYSIOTHERAPY RESEARCH

CONCLUSION

CONCLUDING CALL TO ACTION

REFERENCES

3.4.10. Consensus Research

Chapter Outline

INTRODUCTION

WHAT IS CONSENSUS RESEARCH?

TYPES OF CONSENSUS-BASED RESEARCH

SUMMARY

REFERENCES

3.4.11. Responder Analyses in Musculoskeletal Research

Chapter Outline

INTRODUCTION

WHY SHOULD WE TARGET RESPONDER ANALYSIS FOR MUSCULOSKELETAL RESEARCH?

WHAT ARE RESPONDER ANALYSES?

WHAT IS A “CLINICALLY MEANINGFUL CHANGE”?

EXAMPLES OF RESPONDER ANALYSES IN MSD RESEARCH

Conclusion

REFERENCES

Part IV: Measurements in Musculoskeletal Physiotherapy

4.1. Patient-Reported Outcome Measures in Musculoskeletal Physiotherapy

Chapter Outline

MEASUREMENT PROPERTIES OF PATIENT-REPORTED OUTCOME MEASURES

REFERENCES

4.2. Patient-Reported Experience Measures

Chapter Outline

INTRODUCTION

Defining Patient Experience

PATIENT-REPORTED EXPERIENCE MEASURES

SUMMARY

REFERENCES

4.3. Physical Performance Measures

Chapter Outline

INTRODUCTION

UPPER EXTREMITY RETURN TO SPORT TESTING

LOWER EXTREMTITY RETURN TO SPORT TESTING

REFERENCES

4.4. Assessing Cost Analyses and Value-Based Care in Rehabilitation

Chapter Outline

INTRODUCTION AND BOUNDARIES OF REVIEW

VALUE REQUIRES JUDGMENT

Economic Principles

ASSESSING COSTS

Assessing Health Outcomes and Types of Economic Evaluations

SUMMARY MEASURES AND GRAPHICAL REPRESENTATIONS OF COST-EFFECTIVENESS

SUMMARY

REFERENCES

Section 4.5: Advances in Measurement

4.5.1. Quantitative Sensory Testing and Clinical Sensory Testing

Chapter Outline

QUANTITATIVE AND CLINICAL SENSORY TESTING IN MUSCULOSKELETAL PAIN CONDITIONS

LABORATORY QST PARAMETERS, PROTOCOLS, AND INTERPRETATION

CHALLENGES OF APPLYING LABORATORY QST IN CLINICAL SETTINGS

QUANTITATIVE SENSORY TESTING IN MUSCULOSKELETAL PAIN CONDITIONS

FUTURE DIRECTIONS FOR QST RESEARCH AND CLINICAL APPLICATION IN MUSCULOSKELETAL CONDITIONS

REFERENCES

4.5.2. Pain in the Brain: The Role and Future of Functional Neuroimaging

Chapter Outline

WHY THE BRAIN? AN INTRODUCTION TO THE USE OF FUNCTIONAL BRAIN IMAGING IN PAIN

FUNCTIONAL MAGNETIC RESONANCE IMAGING IN A PAIN RESEARCH STUDY

REPRESENTATION OF PAIN IN THE BRAIN

NOCICEPTIVE PATHWAYS TO AND FROM THE BRAIN

ARE WE THERE YET? ONGOING DEBATE AROUND PAIN'S REPRESENTATION IN THE BRAIN

WHAT DOES THE FUTURE HOLD?

REFERENCES

4.5.3. Advances in Magnetic Resonance Imaging Measures

Chapter outline

INTRODUCTION

MAGNETIC RESONANCE IMAGING

MUSCLE COMPOSITION

BRAIN

SPINAL CORD

MEASUREMENT

CONCLUSIONS

REFERENCES

4.5.4. Ultrasound in Musculoskeletal Practice

Chapter Outline

INTRODUCTION

ULTRASOUND PHYSICS

SCOPE OF PRACTICE

STRENGTHS, LIMITATIONS, AND INDICATIONS OF
ULTRASOUND

MISMATCH BETWEEN PATHOLOGY AND PAIN

DIAGNOSTIC ULTRASOUND

INTERVENTIONAL ULTRASOUND

SUMMARY

REFERENCES

4.5.5. Surface Electromyography

Chapter outline

INTRODUCTION

APPLICATIONS IN MUSCULOSKELETAL PHYSIOTHERAPY

RECENT ADVANCES IN ELECTROMYOGRAPHY APPLIED
IN MUSCULOSKELETAL RESEARCH

REFERENCES

4.5.6. Movement Analysis and Musculoskeletal Modeling

Chapter Outline

INTRODUCTION

MARKERLESS MOTION ANALYSIS SYSTEMS

MUSCULOSKELETAL MODELING

REFERENCES

4.5.7. Electroencephalography

Chapter outline

INTRODUCTION

ELECTROENCEPHALOGRAPHY

SUMMARY

REFERENCES

4.5.8. Transcranial Magnetic Stimulation

Chapter Outline

INTRODUCTION

SINGLE PULSE TRANSCRANIAL MAGNETIC STIMULATION

NEUROMODULATION: A NEW TREATMENT STRATEGY IN PHYSIOTHERAPY

SAFETY CONSIDERATIONS

REFERENCES

Part V: Principles of Assessment and Management

5.1. Communication

Chapter Outline

WHAT IS EFFECTIVE COMMUNICATION?

IMPROVING COMMUNICATION IN MUSCULOSKELETAL CARE

THE MECHANICS OF GOOD COMMUNICATION

ARE WE REALLY TAKING A BIOPSYCHOSOCIAL APPROACH?

SHARED DECISION MAKING

EDUCATION

SUMMARY

REFERENCES

5.2. Red Flags

Chapter Outline

INTRODUCTION

COMMUNICATION

REFERENCES

Section 5.3: Lifestyle and Health

5.3.1. Lifestyle and Musculoskeletal Health: Basis for a Health and Lifestyle Framework

Chapter Outline

INTRODUCTION

LIFESTYLE BEHAVIOR CHANGE IN HEALTHCARE PRACTICE

EFFECT OF LIFESTYLE BEHAVIORS ON MUSCULOSKELETAL SYMPTOMS INCLUDING PAIN

CHANGING LIFESTYLE BEHAVIORS TO AUGMENT HEALING AND REDUCE SYMPTOMS INCLUDING PAIN: RATIONALE

SUMMARY AND CONCLUSIONS

REFERENCES

5.3.2. Implementing a Health and Lifestyle Framework: Competencies for Musculoskeletal Physiotherapists

Chapter Outline

INTRODUCTION

CLUSTERING OF UNHEALTHY LIFESTYLE-RELATED BEHAVIORS AND RISKS

PHYSIOTHERAPISTS AS HEALTH ADVOCATES

HEALTH AND RISK ASSESSMENTS AND INTERVENTIONS

HEALTH BEHAVIOR CHANGE INTERVENTIONS

CONCLUSION

Appendix A. Assessment of Lifestyle-Related Health Behaviors and Attributes

Appendix B. Prototype of a Lifestyle-Related Health Risk Assessment Tool: CANRISK

Appendix C. Multisystem Review

Appendix c. MULTISYSTEM REVIEW

REFERENCES

5.4. Clinical Reasoning and Models for Clinical Management

Chapter Outline

INTRODUCTION

PHILOSOPHICAL CONSIDERATIONS IN CLINICAL REASONING

THEORY OF CLINICAL REASONING IN MUSCULOSKELETAL PRACTICE

MAKING SENSE OF THEORY WITHIN A CASE STUDY DESIGN

TENSIONS AND CHALLENGES WITH “EVIDENCE” IN PHYSIOTHERAPY

CASE STUDY ANALYSIS

ACKNOWLEDGMENTS

REFERENCES

5.5. Consideration of Cognitive and Behavioral Influences on Physiotherapy Practice

Chapter Outline

INTRODUCTION

EVIDENCE FOR THE DELIVERY OF PSYCHOLOGICAL INTERVENTIONS BY PHYSIOTHERAPISTS FOR MUSCULOSKELETAL PAIN

PSYCHOLOGICAL CONSIDERATIONS IN THE PATIENT INTERVIEW

CONSIDERATIONS OF FEAR BELIEFS, PAIN CATASTROPHIZING, AND PSYCHOLOGICAL DISTRESS

CONSIDERATIONS FOR PHYSIOTHERAPY MANAGEMENT OF THE PATIENT WITH TRAUMATIC MUSCULOSKELETAL INJURY

WHEN TO REFER

CONCLUSION

REFERENCES

5.6. Educational Approaches to Pain Management

Chapter Outline

INTRODUCTION

References

5.7. Behavior Change and Self-Management

Chapter Outline

INTRODUCTION

HEALTH BEHAVIOR

SELF-MANAGEMENT

TIME TO CHANGE

CHOOSING A THEORY

DEVELOPING A BEHAVIOR CHANGE INTERVENTION USING THE BEHAVIOUR CHANGE WHEEL

EVALUATING EFFECTIVENESS

CONTENT VS CONTEXT

THERAPEUTIC ALLIANCE

MOTIVATION

THE EVIDENCE BASE

CONCLUSION

References

5.8. Hemodynamics and Clinical Practice

Chapter outline

LOWER QUADRANT HEMODYNAMICS

UPPER QUADRANT HEMODYNAMICS

CRANIOCERVICAL HEMODYNAMICS

SUMMARY

Key points

REFERENCES

5.9. Neurodynamics

Chapter Outline

ACKNOWLEDGMENTS/DISCLOSURES

NEURODYNAMICS

CONCLUSIONS

REFERENCES

5.10. Neuromuscular Adaptations to Exercise

Chapter Outline

INTRODUCTION

NEUROMUSCULAR ADAPTATIONS WITH PAIN

NEUROMUSCULAR ADAPTATIONS TO EXERCISE

CONCLUSION

REFERENCES

5.11. The Analgesic Effects of Exercise

Chapter Outline

INTRODUCTION

ANIMAL MODELS OF PAIN AND EXERCISE

PAIN RELIEF WITH EXERCISE TRAINING IN HUMANS

CONCLUSION

REFERENCES

5.12. Management of Sensorimotor Control in Musculoskeletal Disorders

Chapter Outline

WHAT IS SENSORIMOTOR CONTROL?

All Areas of the Body Provide Proprioceptive Input but the Cervical Spine Is Unique

Causes of Sensorimotor Control Disturbances

Implications of Altered Sensorimotor Control

Evidence of Sensorimotor Disturbance in Musculoskeletal Conditions

Clinical Assessment of SMC Disturbances

Patient Self-Reports and Outcome Measures

Clinical Tests

Other Considerations for Differential Diagnosis

Overall Management Approach

CONCLUSION

References

5.13. Manual Therapy

Chapter Outline

Introduction

Scope and Types of MT

Mechanisms of MT

Effects Dependent on the Intervention Independent of the Context

Effects Dependent on the Context of the Intervention

Effects Related to the Condition

Spinal Manipulation

Conclusions About MT

References

Section 5.14: Adjunct Modalities

5.14.1. Electrophysical Modalities

REFERENCES

5.14.2. Acupuncture and Its Role in Musculoskeletal Pain and Rehabilitation

Chapter outline

PHYSIOLOGICAL EFFECTS OF ACUPUNCTURE

ACUPUNCTURE IN THE TREATMENT OF MUSCULOSKELETAL PAIN

REFERENCES

5.15. Digital Rehabilitation Methods

Chapter Outline

INTRODUCTION

TECHNOLOGIES

EVIDENCE FOR THE EFFECTIVENESS OF MSK ASSESSMENT

EVIDENCE FOR THE EFFECTIVENESS OF MSK TREATMENT

SATISFACTION AND IMPLEMENTATION CONSIDERATIONS

CONCLUSION

REFERENCES

5.16. Advanced Practice in Physiotherapy

Chapter Outline

INTRODUCTION

FROM EXTENDED SCOPE PRACTICE TO ADVANCED PRACTICE (WHAT'S IN A NAME?)

ADVANCED PRACTICE WITHIN THE GLOBAL PHYSIOTHERAPY COMMUNITY

EDUCATION AND TRAINING OF ADVANCED PRACTICE PHYSIOTHERAPISTS

NEW AND EMERGING MODELS OF ADVANCED PRACTICE

FACILITATORS AND BARRIERS TO THE IMPLEMENTATION
OF ADVANCED PRACTICE ROLES

EVALUATION OF ADVANCED PRACTICE PHYSIOTHERAPY

IMPLEMENTATION OF ADVANCED PRACTICE
PHYSIOTHERAPY

CONCLUSION AND RECOMMENDATION

REFERENCES

Part VI: Region Specific Management

6.1. Idiopathic Neck Pain

Chapter Outline

EPIDEMIOLOGY

HISTORY AND INTERVIEW

PHYSICAL EXAMINATION

CONCLUSION

REFERENCES

6.2. Whiplash-Associated Disorders

Chapter Outline

EPIDEMIOLOGY OF WAD

HEALTH OUTCOMES AND PROGNOSIS

PATIENT INTERVIEW

PHYSICAL ASSESSMENT

MANAGEMENT OF ACUTE WAD

MANAGEMENT OF CHRONIC WAD

REFERENCES

6.3. Temporomandibular Disorders and Orofacial Pain

Chapter Outline

Epidemiology

INTERVIEW/MODELS

PHYSICAL TESTING

TREATMENT EVIDENCE FOR TMD

SUMMARY OF THE EVIDENCE

REFERENCES

6.4. Thoracic Pain

Chapter Outline

INTRODUCTION

EPIDEMIOLOGY OF THORACIC SPINE PAIN

INTERVIEW

PHYSICAL EXAMINATION

MANAGEMENT AND SUPPORTING EVIDENCE

SYNTHESIS OF INFORMATION/SUMMARY

REFERENCES

6.5. Low Back Pain Examination and Treatment

Chapter Outline

DEFINITIONS, HISTORICAL CONTEXT, PREVALENCE, AND GLOBAL BURDEN

EPIDEMIOLOGY OF LOW BACK PAIN

DIAGNOSTIC CRITERIA

ASSESSMENT

TREATMENT

FUTURE DIRECTIONS

REFERENCES

6.6. Clinical Reasoning in Sacroiliac Joint and Pelvic Girdle Pain: A Tunnel Vision of Physiotherapy Experts?

Chapter Outline

WHY IS IT THAT THE SACROILIAC JOINT REMAINS A “HOT TOPIC” IN CLINICAL REASONING OF PHYSIOTHERAPISTS?

THE CLINICAL REASONING MODEL ON SIJ DYSFUNCTION

INFORMATION TO THE PATIENTS BY CLINICAL EXPERTS

THE PARADIGM SHIFT IN CLINICAL REASONING

TO CONCLUDE

REFERENCES

6.7. The Shoulder

Chapter Outline

Introduction and Epidemiology

Patient Perspective

Evolution

Assessment

Conditions

Management

Conclusion

References

6.8. The Elbow

Chapter Outline

INTRODUCTION

CLINICAL INTERVIEW

PHYSICAL EXAMINATION OF THE ELBOW

CONSERVATIVE MANAGEMENT OF THE ELBOW

CONTROVERSIES, UNCERTAINTIES, AND FUTURE DIRECTIONS

References

6.9. Wrist and hand

Chapter Outline

PATIENT PERSPECTIVE/STORIES

EPIDEMIOLOGY

INTERVIEW

IMPACT ON PARTICIPATION

PHYSICAL ASSESSMENT

CLINICAL PRESENTATION

MANAGEMENT AND SUPPORTIVE EVIDENCE

SUMMARY

REFERENCES

6.10. The Hip

Chapter Outline

HIP-RELATED PAIN

CLINICAL PRESENTATIONS

EPIDEMIOLOGY

INTERVIEW

PHYSICAL ASSESSMENT

MANAGEMENT (AND SUPPORTING EVIDENCE)

SYNTHESIS OF INFORMATION

REFERENCES

6.11. Knee Conditions

Chapter Outline

Acute Knee Injuries

Patellofemoral Pain

Knee Osteoarthritis

REFERENCES

6.12. Foot and Ankle

Chapter Outline

LATERAL ANKLE INJURIES AND SEQUELA

Management

ACUTE MEDIAL ANKLE INJURIES

ANTERIOR ANKLE AND DORSAL FOOT PAIN

POSTERIOR ANKLE AND PLANTAR FOOT PAIN

Achilles Tendon Rupture

MEDIAL ANKLE AND FOOT PAIN
