

List of Contributors xvi

Foreword xx

Preface xxi

Part I Etiology -- Pathogenesis 1

1 Anatomy of the Peri-implant Soft Tissues 3

Anton Sculean, Edward Pat Allen, Dieter D. Bosshardt, and Georgios E. Romanos

2 Prevalence and Risk Factors for Peri-implant Diseases: The Global Diseases 8

Mingyue Lyu and Quan Yuan

3 Significance of Radiographic Findings for the Long-term Success of Dental Implants 18

Seyed Hossein Bassir and Georgios E. Romanos

4 Clinical, Microbiological, and Immunological Risk Indicators of Peri-implant Mucositis and Early Peri-implant Bone Loss 27

Georgios N. Belibasakis, Daniel Manoil, Ali Gürkan, and Nagihan Bostanci

5 Metallic Nanoparticles as a Risk Factor for Peri-implant Diseases 51

Mattias Pettersson and Georgios E. Romanos

Part II Management from Planning 71

6 Impact of Maintenance on Narrow Diameter Implants 73

Christian Peron and Giuseppe Bavetta

7 Prosthetic Abutment Characteristics and Implant--Abutment Maintenance 110

Rafael Delgado-Ruiz and Georgios E. Romanos

8 Considerations of Implant--abutment Connections for the Longevity of Dental Implants 144

Rafael Delgado-Ruiz, Fawad Javed, and Georgios E. Romanos

9 The Role of Bone Regeneration in the Maintenance of Dental Implants 178

Nikolaos Soldatos

10 Soft Tissue Around Implants to Maintain/Reestablish Peri-implant Tissue Health 194

Anton Sculean, Edward Pat Allen, Andrea Rocuzzo, Georgios E. Romanos, and Raluca Cosgarea

Part III Management of Peri-Implant Diseases 207

11 Periodontal Maintenance in Patients with Peri-implantitis 209

Hanae Saito, Caitlin Darcey, and Mark A. Reynolds

12 Surgical Treatment of Peri-implantitis 223

Georgios E. Romanos

13 Lasers in Surgical Therapy of Peri-implantitis 266

Nathan E. Estrin, Akira Aoki, Anton Sculean, Richard J. Miron, and Georgios E. Romanos

14 Implant Surface Modification as a Method of Implant Maintenance Applications, Limitations, and Risks of Implantoplasty 287

Philip L. Keeve and Fouad Khoury

15 Non-surgical Antimicrobial Photodynamic and Photothermal Therapy in Treatment of Peri-implant Mucositis and Peri-implantitis 317

Manolis Vlachos and Ioannis Fourmouzis

16 Removal of Implants: Guidelines of Explantation Techniques 335

Thomas G. Wiedemann

Part IV Contributing Factors 347

17 Risks and Opportunities for Cement-retained Implant Restorations 349

Kenneth S. Kurtz and Alexa Schweitzer

18 Implant Supportive Maintenance for Fixed Prosthetic Rehabilitations: The Patient with the Complete Arch Fixed Implant--supported Rehabilitation: Prosthetic Concepts to Optimize Maintenance Protocols 357

K. Michalakis, S. Misci, A. Abdallah, D. Vasilaki, and H. Hirayama

19 Prosthetic Rehabilitations to Optimize Maintenance and Implant Long-term Success 381

Silvia Brandt

20 Implant Prostheses Planning and Maintenance for the Aging Population 414

Judy Chia-Chun Yuan, Fatemeh S. Afshari, and Lily T. Garcia

21 Disinfection of Implant Prosthetic Components Before Delivery 427

Fawad Javed, Rafael Delgado-Ruiz, and Georgios E. Romanos

22 Home Care for the Implant Patient 435

Marisa Roncati

23 Role of Compliance in Oral and Implant Health Maintenance: Significance, Risk Factors and Suggestions 461

Fawad Javed, Abeer Al-Zawawi, and Georgios E. Romanos

24 Systemic Factors and Peri-implant Health 471

Fawad Javed

Part V Potential Future Solutions 483

25 Zirconia as a Viable Implant Material in Implant Dentistry 485

Sammy Noubissi and Saurabh Gupta

27 Photofunctionalization in the Treatment of Peri-implantitis 511

Robert Miller

28 Improvement of Osseointegration Through Autologous Growth Factors 522

Andrea Palermo

29 Plasma Cleaning for Implant Surfaces to Improve Implant Success 534

Kameron Farhadi and Georgios E. Romanos

30 Dental Implant Maintenance and Prosthetic Preventive Care for Implant Longevity 545

Rafael Delgado-Ruiz, Fawad Javed, and Georgios E. Romanos

Concluding Remarks 557
