Preface to the Second Edition	<i>xxv</i>
Preface to the Original Edition	<i>xxvii</i>
About the Author	<i>xxix</i>
Introduction	<i>xxxi</i>
1 What Is Holistic Medicine?	1
Definition of Holistic Medicine	1
History of Holistic Medicine	2
Holistic and Conventional Treatments	3
Holistic Veterinarians Versus Holistic Human Medicine Practitioners	4
Use of Holistic Medicine in Human Patients	5
Cases More Responsive to Holistic Medicine than to Conventional Medicine	6
Lay (Unlicensed) Practitioners	7
Integration with Conventional Medicine	7
Research	8
Telling the Difference Between Real and Fake	10
Conclusion	11
Summary	12
References	12
Bibliography	13
2 The Role of the Veterinary Technician or Veterinary Nurse in the Holistic Practice	15
What a Technician Can and Cannot Do	16
Holistic Examination Procedures	17
The Holistic Pharmacy	18
Summary	21
3 Legal Implications	23
Herbs	23
Herb Safety	24
Herb Quality	25
Chiropractors, Acupuncturists, and Veterinarians	25
Homeopathy and Herbalists	25
Telephone Consultations	25
Release Forms (Consent Forms)	26
Summary	26
Webliography	27

4 Introduction to Modalities 29

Modalities 30

- Rehabilitation Therapy (Chapter 5) 30
 - Cold Laser Therapy (Chapter 5) 30
 - Hydrotherapy (Chapter 5) 31
 - tPEMFT—Targeted Pulsed Electromagnetic Field Therapy (Chapter 5) 31
 - Hospice Care and Grief Therapy (Chapter 5) 31
 - Human–Animal Bond (Chapter 5) 31
 - TTouch (Chapter 6) 31
 - Massage Therapy (Chapter 6) 32
 - Traditional Chinese Medicine (TCM) Diagnosis (Chapters 6 and 10) 32
 - Tui-Na (Chapter 6) 32
 - Acupressure (Chapter 6) 32
 - Shiatsu (Chapter 6) 32
 - Trigger Point Therapy (Chapter 6) 32
 - Reiki (Chapter 6) 32
 - Detoxification and Fasting (Chapter 7) 32
 - Holistic Diet and Nutrition (Chapter 8) 33
 - Nutraceuticals (Chapter 9) 33
 - Traditional Chinese Medicine (Chapters 6 and 10) 33
 - Herbal Medicine (Chapter 10) 33
 - Western Herbal Medicine (Chapter 10) 34
 - Aromatherapy (Chapter 10) 34
 - Veterinary Orthopedic Manipulation (Chapter 10) 34
 - Homeopathy (Chapter 10) 34
 - Equine Osteopathy (Chapter 10) 34
 - Acupuncture (Chapter 10) 35
 - Chinese Herbal Medicine (Chapter 10) 35
 - Ayurvedic Herbal Medicine (Chapter 10) 35
 - Chiropractic (Chapter 10) 35
 - Applied Kinesiology (Chapter 10) 35
 - Nambrudipad’s Allergy Elimination Technique (NAET) (Chapter 11) 35
 - Bach Flower Remedies (Chapter 11) 36
 - Glandular Therapy (Chapter 11) 36
 - Magnetic Therapy (Chapter 12) 36
 - Ozone Therapy (Chapter 12) 36
 - Hyperbaric Therapy (Chapter 12) 36
 - Prolotherapy (Chapter 12) 36
 - Homotoxicology (Chapter 12) 36
 - Immuno-Augmentive Therapy (Chapter 12) 36
 - Color Therapy (Chapter 12) 37
 - Rife Machine (Chapter 12) 37
 - Electroacupuncture According to Voll, Biotron, and Other Electronic Diagnostic and Treatment Equipment (Chapter 12) 37
 - Animal Communicators (Chapter 12) 37
- Summary 37

5 Holistic Training for Veterinary Technicians: Rehabilitation and Hospice Care	39
Rehabilitation (Physical Therapy)	39
Definition	39
Purpose	39
History	39
Description	40
Veterinarian's Role	41
Technician's Role	42
Where to Learn How	42
Summary	43
Cold Laser Therapy (Also Called Photobiomodulation, Low-Level Laser Therapy, LLLT, and Therapeutic Laser)	43
Definition	43
Purpose	43
History	43
Description	44
Veterinarian's Role	45
Technician's Role	45
Where to Learn How	46
Summary	46
Hydrotherapy	46
Definition	46
Description	46
Veterinarian's Role	48
Technician's Role	49
Where to Learn How	49
Summary	49
targeted Pulsating Electromagnetic Field Therapy (tPEMFT)	49
Definition	49
Purpose	49
History	49
Description	50
Veterinarian's Role	51
Technician's Role	51
Where to Learn How	51
Summary	52
Hospice Care	52
Definition	52
Purpose	52
History	52
Description	53
Veterinarian's Role	53
Technician's Role	53
Where to Learn How	54
Summary	54
References	54

7 Detoxification and Fasting	87
Description	87
Purpose	88
When to Detoxify	89
Avoiding Toxic Detox	89

- History 89
- How It Works 90
 - What Are Toxins and Where Do They Come From? 90
 - Normal Liver Metabolism 91
 - How Toxins Are Normally Handled 91
- Detoxification Problems 92
 - Lab Tests 95
- How Detoxification Works 95
- How Improper Fasting and Detoxification May Increase Toxicity 96
 - Extreme Fasts 96
 - Toxic Detox 97
- Excess Phase I Enzymes 98
- How Proper Detoxification and Fasting Can Decrease Toxicity 98
 - Detoxification Using Herbs, Nutraceuticals, and Homeopathy or Homotoxicology 98
 - Detoxification Using a Modified Fast 99
- Putting It All Together 101
 - Veterinarian's Role 102
 - Technician's Role 102
 - Where to Learn How 102
- Summary 103
- Bibliography 103
- Webliography 104

- 8 Holistic Diet and Nutrition 105**
 - Description 105
 - Why "Natural"? 105
 - History 106
 - Definition 107
 - By-Products: Why Are They Unacceptable? 108
 - Other Ingredients 109
 - Diet and Dilated Cardiomyopathy (DCM) 110
 - Raw or Cooked? 111
 - Description of Natural Diets 112
 - How Much to Feed? 115
 - Changing the Diet 115
 - Prescribing Specific Diets 116
 - Specific Diets for Specific Conditions 116
 - Veterinarian's Role 118
 - Technician's Role 118
 - Where to Learn How 119
 - Summary 119
 - References 120
 - Webliography 121

- 9 Nutraceuticals 123**
 - Definition 123
 - How They Work 123

Purpose	124
History	124
Description	124
Antioxidants in General	125
Vitamins and Vitamin-Like Substances	126
Vitamin A and Carotenoids	126
Use	126
Suggested Dose	126
Possible Side Effects	126
Interference	126
Vitamin D	126
Use	126
Suggested Dose	127
Possible Side Effects	127
Interference	127
Vitamin E	127
Use	127
Suggested Dose	127
Possible Side Effects	127
Interferences	127
B Complex	128
Use	128
Suggested Dose	128
Possible Side Effects	128
Interferences	128
Vitamin B ₁ (Thiamine)	128
Use	128
Suggested Dose	128
Possible Side Effects (Mainly From Injection)	128
Interference	128
Vitamin B ₂ (Riboflavin)	129
Use	129
Suggested Dose	129
Possible Side Effects	129
Interferences	129
Vitamin B ₃ (Niacin)	129
Use	129
Suggested Dose	129
Possible Side Effects (High Doses)	129
Vitamin B ₆ (Pyridoxine)	129
Use	129
Suggested Dose	129
Possible Side Effects	130
Interference	130
Vitamin B ₁₂ (Cobalamin)	130
Use	130
Suggested Dose	130

Possible Side Effects	130
Interference	130
Folic Acid	130
Use	130
Dose	130
Possible Side Effects	130
Interference	130
Choline	131
Use	131
Suggested Dose	131
Possible Side Effects	131
Interference	131
Biotin	131
Use	131
Suggested Dose	131
Possible Side Effects	131
Interference	131
Vitamin C and Bioflavonoids (Such as Quercetin and Rutin)	131
Use	131
Dose	131
Possible Side Effects	132
Interference	132
Minerals	132
Calcium	132
Use	132
Suggested Dose	132
Possible Side Effects	132
Interference	132
Phosphorus	133
Use	133
Dose	133
Possible Side Effects	133
Interference	133
Sodium	133
Use (In the Form of Sodium Chloride)	133
Possible Side Effects	133
Potassium	133
Use	133
Suggested Dose	133
Possible Side Effects	133
Selenium	134
Use	134
Dose	134
Possible Side Effects	134
Magnesium	134
Use	134
Suggested Dose	134

Possible Side Effects	134
Manganese	134
Use	134
Suggested Dose	134
Possible Side Effects	134
Iron	135
Use	135
Suggested Dose	135
Possible Side Effects	135
Interference	135
Copper	135
Use	135
Dose	135
Possible Side Effects	135
Interference	135
Zinc	135
Use	135
Dose	135
Possible Side Effects	136
Interference	136
Iodine	136
Use	136
Suggested Dose	136
Possible Side Effects	136
Chromium	136
Use	136
Dose	136
Possible Side Effects	136
Trace Fatty Acids	136
Omega-3 (Eicosapentaenoic Acid and Docosahexaenoic Acid)	136
Use	137
Suggested Dose	137
Possible Side Effects	137
Omega-6 (Linoleic and Arachadonic Acids, and Gamma-Linolenic Acid)	137
Use	137
Suggested Dose	137
Possible Side Effects	137
Omega-9	137
Use	137
Suggested Dose	138
Possible Side Effects	138
Dietary Fiber	138
Use	139
IBD	139
Suggested Dose	139
Possible Side Effects	139
Amino Acids	139

DL-Methionine	139
Use	139
Suggested Dose	139
Possible Side Effects	139
L-Taurine	139
Use	139
Suggested Dose	139
Possible Side Effects	139
Interference	139
L-Carnitine (Formed From Lysine and Methionine)	140
Use	140
Suggested Dose	140
Possible Side Effects	140
Interference	140
L-Tryptophan	140
Use	140
Suggested Dose	140
Possible Side Effects	140
L-Lysine	140
Use	140
Suggested Dose	140
Possible Side Effects	140
DL-Phenylalanine (DLPA)	141
Use	141
Suggested Dose	141
Possible Side Effects	141
L-Arginine	141
Use	141
Suggested Dose	142
Possible Side Effects	142
Interference	142
L-Glutamine	142
Use	142
Suggested Dose	142
Possible Side Effects	142
Interference	142
Glycine	142
Use	142
Suggested Dose	142
Possible Side Effects	142
Cofactors—CoQ 10	142
Use	142
Suggested Dose	143
Possible Side Effects	143
Other	143
Inositol, IP6 (Inositol Hexaphosphate)	143
Use	143

Suggested Dose	143
Possible Side Effects	143
PABA	143
Use	143
Suggested Dose	143
Possible Side Effects	143
Probiotics	143
Use	143
Suggested Dose	144
Possible Side Effects	144
Interference	144
Glycosaminoglycans	144
Use	144
Suggested Dose	144
Possible Side Effects	144
Interference	144
MSM (Methyl Sulfonyl-Methane)	144
Use	144
Suggested Dose	144
Possible Side Effects	144
N-Acetyl-Cysteine	145
Use	145
Suggested Dose	145
Possible Side Effects	145
N-Acetylcarnosine	145
Use	145
Suggested Dose	145
Possible Side Effects	145
Caprylic Acid (From Coconut Oil)	145
Use	145
Suggested Dose	145
Possible Side Effects	145
DMG (Dimethyl Glycine)	145
Use	145
Dose	145
Possible Side Effects	145
Pycnogenol (Extract From the Bark of the Maritime Pine)	146
Use	146
Suggested Dose	146
Possible Side Effects	146
Undecylenic Acid (Derived From Castor Oil)	146
Use (Topically Only)	146
Suggested Dose	146
Possible Side Effects	146
SAM-e (s-Adenosyl Methionine)	146
Use	146
Suggested Dose	146

- Possible Side Effects 146
- Diatomaceous Earth (DE) 146
 - Use 147
 - Suggested Dose 147
 - Possible Side Effects 147
- Lactose 147
 - Use 147
 - Suggested Dose 147
 - Possible Side Effects 147
 - Interference 147
- Melatonin 147
 - Use 147
 - Suggested Dose 148
 - Possible Side Effects 148
- Phosphatidyl Serine 148
 - Use 148
 - Dose 148
 - Side Effects 148
- Phosphatidylcholine 148
 - Use 148
 - Dose 148
- Alpha Lipoic Acid (for Dogs Only) 148
 - Use 148
 - Dose 148
 - Side Effects 148
