

Features:

- Serves as a definitive resource, providing a comprehensive guide to acute surgical problems, incorporating up-to-date diagnostic modalities, staging and classification systems, and therapeutic approaches.
- Features engaging infographics that utilize basic illustrations, color-coded symbols, and concise text, making complex information easily understandable for readers.
- Each topic is efficiently covered through 1–3 infographic illustrations, allowing readers to grasp key information without the need for extensive text or complicated algorithms.

Table Of Contents:

Biography

Foreword

Preface

Acknowledgments

1. Preoperative labs and tests

Further reading

2. Preoperative cardiac evaluation

Further Reading

3. Preoperative pulmonary evaluation

Further reading

4. The ABCs of medical imaging

Further reading

5. Appendicitis

Further reading

6. Acute cholecystopathy

Further reading

7. Acute pancreatitis

Further reading

8. Acute diverticulitis

Further reading

9. Anorectal abscess

Fournier's gangrene

Further reading Anorectal abscess

Further reading fournier's gangrene

10. Clostridioides difficile colitis

Further reading

11. Infectious colitis

Further reading

12. Small bowel obstruction

Further reading

13. Large bowel obstruction (LBO)

Further reading

14. Upper gastrointestinal bleeding

Further reading

15. Lower gastrointestinal bleeding

Further reading

16. Variceal bleeding

Further reading

17. Gastroduodenal perforation

Further reading

18. Caustic ingestion

Further reading

19. Esophageal perforation

Further reading

20. Neutropenic enterocolitis

Further reading

21. Anal disease in neutropenic patients

Further reading

22. Acute mesenteric ischemia

Ischemic colitis

Further reading Mesenteric ischemia

Further reading ischemic colitis

23. Ruptured abdominal aortic aneurysm

Further reading

24. Aortic dissection

Further reading

25. Peripheral arterial embolism

Further reading

26. Hypercoagulability

Further reading

27. Bleeding disorders

Further reading

28. Renal colic

Further reading

29. Pyelonephritis

Further reading

30. Hematuria

Further reading

31. Urinary retention

Further reading

32. Acute scrotal emergencies

Further reading

33. Ovarian adnexal torsion

Further reading

34. Pelvic inflammatory disease

Further reading

35. Tubo-ovarian abscess

Further reading

36. Spontaneous abortion

Further reading

37. Postabortion endometritis

Further reading

38. Ectopic pregnancy

Further reading

39. Ruptured ectopic pregnancy

Further reading

40. Esophageal atresia

Meconium ileus

Hirschprung's disease

Hypertrophic pyloric stenosis

Intussusception

Malrotation and midgut volvulus

Further reading atresia, meconium ileus, Hirschprung's

Further reading hypertrophic pyloric stenosis

Further reading intussusception

Further reading malrotation and mid-gut volvulus
