

Section 1: Fundamentals

- Chapter 1: Cell, Tissue, and Body Fluid fundamentals
- Chapter 2: Immunology, Oncology, and Statistical Concepts
- Chapter 3: Micro-organisms and Antimicrobials
- Chapter 4: Hematology
- Chapter 5: Anesthesia and perioperative care
- Chapter 6: Laparoscopic principles

Section 2: Alimentary Tract & Adjunct Solid Organs

- Chapter 7: Esophagus
- Chapter 8: Stomach
- Chapter 9: Small Bowel
- Chapter 10: Colon
- Chapter 11: Anorectum
- Chapter 12: Liver
- Chapter 13: Biliary Tract
- Chapter 14: Pancreas
- Chapter 15: Spleen

Section 3: Soft Tissue & Endocrine

- Chapter 16: Skin and Soft Tissue
- Chapter 17: Hernia
- Chapter 18: Breast
- Chapter 19: Thyroid
- Chapter 20: Parathyroid
- Chapter 21: Adrenal

Section 4: Surgical Subspecialties

- Chapter 22: Critical Care
- Chapter 23: Trauma
- Chapter 24: Burn
- Chapter 25: Pediatrics
- Chapter 26: Neurosurgery & Orthopedics
- Chapter 27: Head and Neck
- Chapter 28: Cardiac
- Chapter 29: Thoracic
- Chapter 30: Vascular
- Chapter 31: Urology & Gynecology
