

CHAPTER 1

Overview of Transradial Access by *Sanjay Kumar Chugh*

CHAPTER 2

Setting Up a Radial Program: Equipment, Preparation, and Training by *Katherine Durham, Daniel Feldman, and Adhir Shroff*

CHAPTER 3

Appropriateness Ratings For Patient Selection and Physicians Performing Transradial Procedures: Transradial Appropriateness by *Tift Mann*

CHAPTER 4

Allen's Test and Barbeau's Test : Current Status and Relevance For Transradial Procedures by *Saurabh Mehrotra, Ganesh Paramasivam, and Sundeep Mishra*

CHAPTER 5

Radial Artery Access: Puncturing the Radial Artery by *Saurabh Mehrotra and Sourabh Agstam*

CHAPTER 6

Role of Color Doppler Ultrasound in Transradial Interventions by *Sunita Chugh*

CHAPTER 7

Choice of Diagnostic and Guide Catheters in Transradial Approach by *Sankaran Ramesh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 8

Technique of Engaging the Coronaries using Transradial Access by *Mirvat Alasnag and Waqar Ahmed*

CHAPTER 9

Challenging Anatomical Variation in Radial Angiography and Angioplasty by *Sudhakar George, Karim Ratib, and James Nolan*

CHAPTER 10

Tips and Tricks for Transradial Interventions by *Yashasvi Chugh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 11

Radial Access For Transradial Procedures: Right or Left by *C. Raghu, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 12

Transradial Approach For Complex Coronary Interventions by *Yves Louvard, Thomas Hovasse, Philippe Garot, and Hakim Benamer*

CHAPTER 13

Transradial Approach for Left Main and Bifurcation Stenting by *Tapan Ghose*

CHAPTER 14

Transradial Rotablation by *Fuminobu Yoshimachi*

CHAPTER 15

Trans-Radial Interventions in Chronic Total Occlusions and Post-CABG Patients by *Charan Lanjewar, Dhiraj Kumar, and Prafulla Kerkar*

CHAPTER 16

Transradial Intravascular Ultrasound (IVUS) and Optical Coherence Tomography (OCT) by *B. Dixit, M. A. Azeez Asad, and P. C. Rath*

CHAPTER 17

(i) Transradial Access Site Practice And Outcomes In Patients With Acute Coronary Syndromes by *Zaid Alirhayim and Mamas A. Mamas*

(ii) (Corollary to Chapter 17) Study Update: The SAFARI-STEMI Study and Editorial Comment by *Yashasvi Chugh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 18

(i) Transradial Access in the Elderly by *Justin Paul Gnanaraj and N. Nilavan*

(ii) Transradial Approach in Women—A Safe and Useful Alternative to the Transfemoral Approach by *Justin Paul Gnanaraj and Jeff Redlene*

CHAPTER 19

Complications of Transradial Access: Management and Prevention by *Yashasvi Chugh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 20

Radiation Exposure and Stroke Risk: The Radial Approach by *Devang S. Parikh and Mladen I. Vidovich*

CHAPTER 21

Transradial Access: Haemostasis, Anticoagulation, and the Anticoagulated by *Shahid Karim and Sanjay Sastry*

CHAPTER 22

Radial Artery Occlusion After Transradial Access by *Muhammad Rashid and Mamas A. Mamas*

CHAPTER 23

Moving to Forearm Access by *Yashasvi Chugh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 24

Transulnar Interventions by *M. A. Azeez Asad, B. Dixit, and P. C. Rath*

CHAPTER 25

Slender Percutaneous Coronary Interventions by *Transradial Approach by Giovanni Amoroso*

CHAPTER 26

Distal Radial Access for TransRadial Interventions by *Shobit Piplani, Yashasvi Chugh, Sunita Chugh, and Sanjay Kumar Chugh*

CHAPTER 27

Transradial Coronary Interventions: Research Round-up by *Helen Routledge*

CHAPTER 28

Transradial Peripheral Interventions by *N. N. Khanna and Dr. Suparna Rao*

CHAPTER 29

Transradial Carotid Artery Stenting by *Sasko Kedev*

CHAPTER 30

Complications of Transfemoral Access, Its Prevention, and Management by *Saurabh Mehrotra, Pavankumar P. Rasalkar, and Sundeep Mishra*

CHAPTER 31

STOP PRESS: Transradial Interventions in COVID times by *Yashasvi Chugh, Sunita Chugh, Sanjay Kumar Chugh*
