Drugs: An A–Z Guide	1	from Resuscitation Council UK	347
Short Notes	323	Management of Acute Severe Hyperkalaemia	350
Prescribing Using Generic or Brand Names	325	Management of Malignant Hyperthermia	354
Routes of Administration	325	Sedation, Analgesia and Neuromuscular Blockade	356
Loading Dose	327	Management of Status Epilepticus	363
Drug Metabolism	327	Prevention of Delirium Tremens and Alcohol Withdrawal Syndrome	366
Enzyme Systems	327	Prevention of Wernicke–Korsakoff Syndrome	368
Drug Excretion	328	Anti-Arrhythmic Drugs	368
Drug Tolerance	329	Inotropes and Vasopressors	369
Drug Interactions	329	Bronchospasm	374
Therapeutic Drug Monitoring	329	Anti-Ulcer Drugs	375
Target Range of Concentration	331	Corticosteroids	376
Pharmacology in the Critically Ill	332	Heparin-Induced Thrombocytopenia	377
Body Weight	333	NOAC/DOAC	377
Cardiopulmonary Resuscitation	334		
Drugs in Advanced Life Support	345		
Management of Acute Major Anaphylaxis 2021 Guidelines			

x	Contents
Guidelines for Patients with Absent or Dysfunctional Spleen	<i>Appendix C: Body Mass Index (BMI) Calculator</i>
Antimicrobial Drugs	<i>Appendix D: Lean Body Weight Charts</i>
Bacterial Gram Staining	<i>Appendix E: Estimated Height from Ulna Length</i>
Antibiotics: Sensitivities	<i>Appendix F: Infusion Rate/ Dose Calculation</i>
Alterations to Drug Dosing in Renal Dysfunction and Haemo(dia)filtration	<i>Appendix G: Drug Compatibility Chart</i>
Alternative Routes of Medication Administration within Critical Care	<i>Appendix H: Sodium Content of Oral Medications</i>
Chemical Pleurodesis of Malignant Pleural Effusion	<i>Appendix I: Drug Management of the Brain-Stem-Dead Donor</i>
Fluoroquinolone Antibiotics: New Restrictions and Precautions for Use	<i>Appendix J: Vancomycin by Continuous Infusion</i>
Suspected Sepsis	<i>Appendix K: Child–Pugh Score</i>
	<i>Appendix L: Insulin Guidelines</i>
Appendices	Drug Index
<i>Appendix A: Creatinine Clearance</i>	Inside back cover: IV compatibility chart
<i>Appendix B: Citrate-Based Anticoagulation for Renal Replacement Therapy</i>
