

## Features:

- **NEW and UPDATED! Art and illustrations** clarify concepts and show examples of equipment and procedures
- **UPDATED! Content highlights important technologic and professional updates** to the field of veterinary dentistry, such as updates on disease processes and applicable new procedural techniques and equipment
- **UPDATED! Current terminology**, based on the American Veterinary Dental College Nomenclature Committee, helps you master the proper language and improve office communication
- **Coverage of the essential dentistry-related tasks** in the Committee on Veterinary Technician Education and Activities (CVTEA)'s *Manual of Accreditation for Veterinary Technology Programs* enables faculty to evaluate your proficiency related to the essential tasks
- **Clear, abundantly illustrated procedures** provide a more detailed look at the skills you need to master
- **NEW! Chapter on medical communication** helps you understand the impact it has on clinical success
- **Radiography and imaging coverage** strengthens your understanding of radiographic anatomy, positioning, and the technologies available

## Table Of Contents:

### **1 Introduction to Veterinary Dentistry**

#### **Specialties of Dentistry**

#### **Dental Anatomy and Dental Terminology**

#### **General Anatomy**

#### **Osteology and Occlusion**

Types of Heads

Maxilla

Mandibles

#### **Normal Occlusion**

Tongue

#### **Tooth and Periodontium**

Tooth Anatomy

Gingiva

Alveolar Mucosa

Periodontium

#### **Dental Formula for the Puppy**

#### **Dental Formula for the Adult Dog**

#### **Dental Formula for the Kitten**

#### **Dental Formula for the Adult Cat**

## **Positional Terminology**

Line Angles

Coronal-Apical Directions

## **Anatomic and Triadan Numbering Systems**

Anatomic System

Triadan Numbering System

## **Dental Chart for the Dog**

## **Dental Chart for the Cat**

## **Dental Charting**

## **Four-Handed Dental Charting**

## **2 The Oral Examination and Disease Recognition**

### **Oral Examination**

#### **Pedodontics**

Missing Teeth

Persistent Deciduous Teeth

Abnormalities of Enamel Formation

Pericoronitis

Developmental Diseases of the Jaws

Fractured Deciduous Teeth

Supernumerary Teeth

Fusion and Gemination Teeth

Tooth Dilaceration

#### **Malocclusion**

Class I Malocclusion

Other Forms of Class I Malocclusion

Class II Malocclusion

Class III Malocclusion

Class IV Malocclusion, Maxillomandibular, Asymmetry

#### **Oropharyngeal Inflammation**

Specific Inflammatory Diseases Other Than

Periodontal Disease

Immune-Mediated Conditions Affecting the

Mouth

#### **Adverse Conditions of the Crown**

Surface Conditions

#### **Endodontic Disease**

Fracture Classification

Fractures of Specific Tooth Types

#### **Tooth Discoloration**

#### **Tooth Luxation and Avulsion**

#### **Tooth Resorption**

#### **Oral Medical Disease**

Oronasal Fistulas

Uremic Ulceration  
Hyperparathyroidism With Fibrous  
Osteodystrophy

### **Oral Neoplasia**

Clinically Nonaggressive Tumors  
Pyogenic Granuloma  
Clinically Aggressive Tumors  
Other Traumatic Oral Conditions  
Ballistic Trauma

## **3 Dental Instruments and Equipment**

### **Organization of the Dental Department**

#### **Periodontal Instruments**

Hand Instruments  
Explorers  
Periodontal Probes

#### **Hand Mirror**

Calculus Removal Forceps  
Hand Scalers  
Curettes

Curette and Scaler Care

Ultrasonic Instruments

Sonic and Rotary Scalers

#### **Dental Units for Polishing, Cutting Teeth, and Removing Bone**

Electric-Powered Systems  
Air-Powered Systems  
Air-Compressor Systems  
Low-Speed Handpieces  
Three-Way Syringes  
Suction

#### **Exodontia Instruments**

Hand Instruments for Exodontics  
Basic Oral Surgery Pack

#### **Sharpening Equipment**

Powered Instruments for Exodontics  
Troubleshooting High-Speed Handpieces  
Vet-Tome Powertome

#### **Lighting and Magnification**

Lighting  
Magnification

#### **Sterilization**

## **4 Personal Safety and Ergonomics**

## **HAZCOM**

### **Safety Requirements for Veterinary Dentistry**

#### **Types of Hazards**

#### **Eye Protection**

#### **Mouth and Lung Protection**

Masks

#### **Hand and Skin Protection**

#### **Handwashing**

Handwashing Agents

Handwashing Technique

Glove Concerns

#### **Sharps**

#### **Eye Shields**

#### **Safety with Products**

Material Safety Data Sheets

Labels

Composite Restoration Materials

Toxins

#### **Repetitive Motion Disorders**

Ergonomics in the Workplace

Lifestyle Ergonomics

Ergonomic Operatory Chairs and Tables

## **5 Local Anesthesia**

### **Mechanism of Local Anesthetics**

### **Benefits of Nerve Blocks**

### **Types of Blocks**

#### **Infiltration Blocks**

#### **Regional Nerve Blocks**

Equipment

General Technique

Technique

Increasing the Duration of Local Anesthesia

Complications of Local Anesthesia

## **6 Pathogenesis of Periodontal Disease**

### **Periodontal Disease**

Etiology and Pathogenesis

Systemic Effects of Periodontal Disease

Presenting Complaints and Initial Signs

Periodontal Disease Classification

## **7 Professional Dental Cleaning**

### **Preparation for the Procedure**

## **Steps to the Professional Dental Cleaning**

When to Use Antibiotics

Patient Care

Step 1: Preliminary Examination and Evaluation

Step 2: Supragingival Gross Calculus Removal

Step 3: Periodontal Probing (and Periodontal Charting)

Step 4: Subgingival Calculus Removal

Step 5: Detection of Missed Plaque and Calculus

Step 6: Polishing

Step 7: Sulcus Irrigation and Fluoride Treatment

Step 8: Application of a Sealer

Step 9: Imaging

Step 10: Final Charting

Step 11: Home Care

## **Nonprofessional Dental Scaling (NPDS)**

## **8 Homecare Instruction and Products**

### **Client Education**

Visual Aids

### **Plaque Control and Homecare**

Toothbrushing

Homecare Products

Selecting the Appropriate Homecare Regimen

Plaque-Removing Chew Toys

## **9 Nonsurgical Periodontal Therapy**

### **Root Scaling**

### **Root Planing**

Root Planing: Technique

### **Balance Between Root Scaling and Root**

### **Planing**

Ultrasonic Periodontal Therapy

### **Local Antibiotic Therapy**

Doxirobe

Arestin

Clindoral

### **Other Periodontal Therapy**

## **10 Feline Dentistry**

### **Feline Stomatitis**

Cause and Diagnosis

Treatment

### **Early Onset Gingivitis and Periodontitis**

## **Tooth Resorption**

Cause and Diagnosis

AVDC Stages and Types

Treatment of Tooth Resorption

Prevention of Tooth Resorption

## **Alveolar Bone Expansion**

## **Feline Orofacial Pain Syndrome**

## **Medication-Related Osteonecrosis of the Jaws**

## **PADS**

## **11 Intraoral Imaging**

### **Indications for Dental Radiography**

### **Goals of Dental Radiograph Acquisition**

### **Protective Measures**

### **Dental Radiographic Equipment**

Dental Radiograph Generators

Choosing a Dental Radiograph Generator

Image Capture

Intraoral Film

Digital Radiology

Computerized Radiography

Radiographic Technique

Patient Positioning

Overlapping Dental Structures

Four Simple Rules for Positioning

Complications in Dental Radiology

Failure to Position Film Sensor or Plate Properly

Blurred or Double Images

Elongation of Image

Foreshortening of Image

Radiographic Errors

Radiographic Findings

Radiographic Anatomy

Periodontal Disease

Endodontic Disease

Tooth Resorption

Retained Roots

Neoplasia

Unerupted or Impacted Teeth

Exodontics

Radiographic Training

Cone Beam Computed Tomography

## **12 Exodontics (Extractions)**

## **Indications for Exodontics**

### **The Technician and Extractions**

#### **Exodontic Principles**

Exodontic Technique

Root Extraction

#### **Extraction of Specific Teeth**

Maxillary Fourth Premolar

Maxillary First and Second Molars

#### **Complications of Extractions**

#### **Conclusion**

## **13 Advanced Veterinary Dental and Oral Surgery**

### **Procedures: Periodontal Surgery, Endodontics,**

### **Restorations, Orthodontics, and Maxillofacial**

### **Surgery**

#### **Periodontal Surgical Techniques**

Evaluation for Procedure

Goal of Periodontal Surgery

Instruments and Materials

Treatment Techniques

Follow-Up Recommendations for All Periodontal Surgery

#### **Endodontics**

Indications for Endodontic Therapy

Endodontic Therapy Versus Extraction

Endodontic Procedures

Endodontic Equipment

Radiographs

Surgical Root Canal Therapy

Root Canal Complications

Follow-Up for Endodontic Therapy

#### **Restorative Dentistry**

Instruments for Restoration

Composite Restoration

#### **Glass Ionomer**

Crown Restorations

#### **Orthodontics**

Bite Evaluation

Interceptive Orthodontics

Dental Models

## **14 Lagomorph, Rodent, and Ferret Dentistry**

### **General Information**

Lagomorphs

Rodents

Ferrets

**Dental Anatomy**

Dentition in the Lagomorph, Rodent, and

Ferret

Periodontal Ligament

Adult Lagomorph Dental Formulas

Adult Rodent Dental Formulas

Adult Ferret Dental Formula

**Instruments and Equipment Used to Treat  
Lagomorphs, Rodents, and Ferrets**

**Common Oral Problems and Diseases in  
Lagomorphs and Rodents**

Gingivitis

Periodontitis

Enamel Hypomineralization/Enamel Hypoplasia

Caries

Malocclusion

Tongue Entrapment

Incisor Tooth Overgrowth

Cheek Tooth Overgrowth

Jaw Abscess

Cheek Pouch Impaction

Stomatitis

Oral Tumors

Slobbers

**Common Oral Problems and Diseases in  
Ferrets**

Tooth Extrusion

Tooth Abrasion

Tooth Fracture

Malocclusion

Periodontal Disease

**Preparation for Procedures**

Preanesthesia Examination

Preanesthesia Preparation

Inhalant Anesthesia

Anesthesia Induction

Anesthesia Maintenance

Intubation

Stabilization and Monitors

Complete Oral Examination

**Charting**

**Treatment**

Professional Dental Cleaning

Floating or Odontoplasty of Teeth  
Abscess Treatment  
Extractions  
Vital Pulp Therapy  
Tooth Fillings  
Drug Treatment  
Home-Care Instructions

**15 Team Approach to Communication**

**Veterinary Team Communication**

**Client Communication**

**Interhospital Communication**
