

## Chapter 1

### Introduction to Gastrointestinal Inflammation and Gut Microbiota

Muneeb Ullah, Mishal Safdar, Jin-Wook Yoo, Raees Khan, Abdul Wahab, Khalid Nawaz, and Muhammad Naeem

## Chapter 2

### Pathophysiology and Risk Factors Associated with Gastrointestinal Inflammation

Sanjesh Kumar, Mansi Singh, Subhajit Mandal, Priyanka Goswami, Sumel Ashique, Mithun Bhowmick, Pratibha Bhowmick, and Ivan Kahwa

## Chapter 3

### Diagnosis, Screening, and Prevention Techniques of Gastrointestinal Inflammations

Hafiza Sehrish Kiani, Adeel Ahmad Khan, Fahad Thabet Alsulami, Yousef Saeed Alqarni, Abdullah Saleh Alruwaili, Ahmed Ramdan M. Alanazy, Abdul Malik, Rameesha Abid, Mithun Bhowmick, and Arshad Farid

## Chapter 4

### Influence of Gut-Brain Axis on Gastrointestinal Health and Benefits

Sindhu Priya E S, Sandhya Vasanth, Rokeya Sultana, Mohammed Gulzar Ahmed, and B.H. Jaswanth Gowda

## Chapter 5

### Interplay Between SCFAs, ROS, SODs, and Gastrointestinal Inflammations

Aniruddha Sen, Sanjesh Kumar, Pranshul Sethi, Sumel Ashique, Radheshyam Pal, Mithun Bhowmick, Neeraj Mishra, and Anoop Kumar

## Chapter 6

### Role of Probiotics, Prebiotics, and Postbiotics in Management of Gastrointestinal Inflammations

Aniruddha Sen, Krishnendu Adhikary, Pooja S, Murkute, Sumel Ashique, Radheshyam Pal, Pratibha Bhowmick, and Shriyansh Srivastava

## Chapter 7

### Role of Genetic Factor in Gastrointestinal Inflammation

Priyanka Ray, Tamalika Chakraborty, and Debojyoti Adak

## Chapter 8

Interaction of Antibiotics with Gut Microbiota and its Implications for Treating Gastrointestinal Inflammations

Md Sadique Hussain, Prince Ahad Mir, Nishant Kumar, Adil Farooq Wali, Sumel Ashique, Roohi Mohi-uddin, and Reyaz Hassan Mir

## Chapter 9

Role of the Immune system in Gastrointestinal Inflammation

Tahreen Taj, Venishaa S, Mithun Bhowmick, Pratibha Bhowmick, Sumel Ashique, Neeraj Mishra, and Farzad Taghizadeh-Hesary

## Chapter 10

Advancements in Diagnostic Techniques and Technology for Gastroenterology

Sunny Rathee, Vishal Pandey, and Sanjay K. Jain

## Chapter 11

Gut Microbiota Based Strategies for the Management of Gastrointestinal Inflammations

Sowmiya S, Jasmine R, Selvakumar B. N, Deena Priscilla H, and Rameshkumar Santhanam

## Chapter 12

Nanoparticles-Based Approaches for the Management of Gastrointestinal Inflammations

Vasu Peddinti, Biswajit Rout, Shyam Sudhakar Gomte, Tejas Girish Agnihotri, and Askanchha Jain

## Chapter 13

Experimental Animal Models and *In-Vitro* Models for Gastrointestinal Inflammation

Phool Chandra, Zeeshan Ali, Nishat Fatma, and Neetu Sachan

## Chapter 14

The Neuroinflammation Enigma: Cracking the Code of the Gut-Brain Connection

Abhimanyu Thakur, Dipanjan Ghosh, Rajesh Sarkar, Sera Averbek, Ashok Iyaswamy, Prabhat Upadhyay, Sarika Gupta, Vikas Kumar, and Amrendra K Ajay

## Chapter 15

Functional Foods and Nanocarriers for the Management of Gastrointestinal Inflammations

Amit Anand, Kenganora Mruthunjaya, Santhepete Nanjundiah.Manjula, Neeraj Kumar Fuloria, and Hemanth P.R. Vikram

## Chapter 16

Polysaccharide-Based Nanoparticles for the Management of Gastrointestinal Inflammations

Jitu Halder, Tushar Kanti Rajwar, Ajit Mishra, Guru Prasanna Sahoo, Biswakanth Kar, Goutam Ghosh, and Goutam Rath

## Chapter 17

Lipid Nanocarriers for the Treatment of Gastrointestinal Inflammations

Anas Islam, Ambareen Fatima Ahmed, Asad Ahmad, Usama Ahmad, and Yusuf Asad

## Chapter 18

Exosomes Mediated Nanocarriers for Gastrointestinal Inflammation Management

Sakshi Soni, Aashi Jain, Priyanshu Nema, Prof. Vandana Soni, and Sushil K. Kashaw

## Chapter 19

Plant-Based Bio-Actives Encapsulated Nanocarriers for Gastrointestinal Inflammations Management

Subhasundar Maji, Sandipan Dasgupta, Ria Das, and Slim Smaoui

## Chapter 20

Future Prospects and Clinical Studies for the Treatment of Gastrointestinal Inflammations

Sanjeeb Kumar Kar, Shubhrajit Mantry, Ashutosh Behera, Laliteshwar Pratap Singh, Brijyog, Deepak Kumar Patra
