About the companion website, xvi

Part I: Conceptual issues and research approaches

A: Developmental psychopathology

- 1** Development and psychopathology: a life course perspective, 5
Stephan Collishaw and Frances Rice
- 2** Diagnosis, diagnostic formulation, and classification, 19
Daniel S. Pine
- 3** Neurodevelopmental disorders, 31
Anita Thapar and Francesca Happé
- 4** Conceptual issues and empirical challenges in relation to disruptive and challenging behavior, 42
Essi Viding and Stephane De Brito
- 5** Emotion, emotion regulation and disorder: conceptual issues for clinicians and neuroscientists, 55
Argyris Stringaris
- 6** Attachment: normal development, individual differences, and associations with experience, 68
Kristin Bernard and Mary Dozier
- 7** Infant and early childhood mental health, 81
Brittnie Fowler and Charles H. Zeanah
- 8** Temperament mechanisms in developmental psychopathology, 94
Kristin A. Buss and Koraly Pérez-Edgar
- 9** Transdiagnostic perspectives, 107
Giovanni Abrahão Salum and Mauricio Scopel Hoffmann

B: Neurobiology

- 10** Neurobiological perspectives on the developing human brain, 123
Mark H. Johnson and Duncan E. Astle
- 11** Neuroimaging in child and adolescent psychiatry: the key elements, 137
Tonya White

- 12** Systems neuroscience, 151
Daniel S. Pine

C: Research approaches and service planning

- 13** Identifying causal effects using natural experiments and other designs, 165
Anita Thapar and Kate Tilling
- 14** The role of epidemiology and youth voice in planning, organizing, and improving mental health services, 178
Tamsin J. Ford and Tamsin Newlove-Delgado
- 15** Establishing the clinical effectiveness of interventions and implementations, 191
Helena Chmura Kraemer
- 16** What clinicians need to know about statistical methods, 203
Rachael Bedford and Daniel Stahl
- 17** How can economics help decision-makers to improve child and adolescent mental health equitably and efficiently?, 218
Martin Knapp and Sara Evans-Lacko
- 18** Public health challenges in child and adolescent mental health: dealing with global and local threats, 231
Lucie Cluver, Isang Awah and Andrea Danese
- 19** Legal issues in the care and treatment of children with mental health problems, 242
Brenda Hale and Jonathan Herring

Part II: Influences on psychopathology

- 20** Biological mechanisms linking childhood adversity to mental health problems, 255
Andrea Danese and Eamon McCrory
- 21** Genetics, 268
Anita Thapar and Matthew W. State
- 22** Psychosocial adversity, 283
Jennifer Jenkins, Sheri Madigan and Louise Arseneault
- 23** Resilience: a multilevel developmental psychopathology perspective, 295
Dante Cicchetti

- 24** Impact of parental psychiatric disorder on children's psychological outcomes, 307
Alan Stein, Rebecca M. Pearson and Gordon Harold
- 25** Child abuse and neglect, 319
Danya Glaser
- 26** Neurological disorders and psychopathology, 332
Isobel Heyman, David Skuse and Ashley Liew

Part III: Approaching the clinical encounter

A: The clinical assessment

- 27** Clinical assessment and formulation, 349
James F. Leckman
- 28** Use of structured interviews, rating scales, and observational methods in clinical settings, 361
Argyris Stringaris
- 29** Psychological assessment in the clinical context, 374
William Mandy, Jennifer L. Hudson and Tara Murphy
- 30** Physical examination and medical investigation, 386
Kenneth E. Towbin

B: Interventions

- 31** Psychological interventions: overview and critical issues for the field, 401
V. Robin Weersing and Michelle Rozenman
- 32** Prevention of mental, emotional, and behavioral disorders and promotion of well-being, 414
Nathaniel R. Riggs and Brittany Rhoades Cooper
- 33** Parenting programs, 428
Stephen Scott and Frances Gardner
- 34** Cognitive and behavioral therapies for children and young people, 441
Cathy Creswell and Eleanor Leigh
- 35** Systemic family therapy, 453
Mark Rivett, Hannah Sherbersky and Rick Miller
- 36** Relationship-based treatments, 465
Jonathan Green and Nick Midgley
- 37** Educational interventions for children's learning difficulties, 477
Charles Hulme, Enrica Donolato and Monica Melby-Lervåg
- 38** School-based mental health interventions, 490
Hiran Thabrew and Sally Merry
- 39** Pharmacological treatments, dietary-based interventions, and neuromodulation therapies, 502
Samuele Cortese and David Coghill

C: Contexts of the clinical encounter and specific clinical situations

- 40** Diversity: gender identity and sexual orientation, 519
Tomer Shechner and Aron Janssen
- 41** Refugee, asylum-seeking, and internally displaced children, 532
Mina Fazel
- 42** Residential care, foster care, and adoption, 547
Helen Minnis and Rachel Hiller
- 43** Pediatric consultation and psychiatric aspects of somatic disease, 558
Eric P. Hazen and Jessica E. Becker
- 44** Children with specific sensory impairments, 570
Naomi Dale and Fionna Bathgate
- 45** Child and youth mental health services in community health care settings, 584
J.L. Henderson and Skye Barbic
- 46** Working in low-resource settings, 593
Dan J. Stein and Lauren Franz
- 47** Forensic child and adolescent psychiatry, 605
Alexandra Lewis, Seena Fazel and Rohan Borschmann
- 48** Intensive community services, day units, and inpatient services, 619
Andy Cotgrove, Bernadka Dubicka and Gabrielle A. Carlson
- 49** Digital technology: assessment and treatment, 633
Chris Hollis, Maria Loades and Charlotte L. Hall

Part IV: Clinical syndromes: neurodevelopment, emotional, behavior, somatic/body-brain

A: Neurodevelopment

- 50** Autism, 651
Peter Szatmari, Stephanie H. Ameis and Meng-Chuan Lai
- 51** Developmental language disorders, 674
Courtenay Norbury
- 52** Specific learning disorders, 692
Margaret J. Snowling and Charles Hulme
- 53** Intellectual disability, 712
Emily Simonoff and Maria Rogdaki
- 54** Attention deficit hyperactivity disorder, 732
Samuele Cortese and Luis Augusto Rohde
- 55** Tic disorders, 752
James F. Leckman and Michael H. Bloch

- 56** Schizophrenia and psychosis, 771
Marinos Kyriakopoulos

B: Emotional

- 57** Disorders of attachment and social engagement related to deprivation, 793
Julianna Finelli and Charles H. Zeanah
- 58** Post-traumatic stress disorder, 807
Richard Meiser-Stedman, Patrick Smith and William Yule
- 59** Anxiety disorders, 824
Daniel S. Pine
- 60** Obsessive–compulsive disorder, 842
Philip Shaw and Judith L. Rapoport
- 61** Body dysmorphic disorder, 860
Georgina Krebs and David Mataix-Cols
- 62** Bipolar disorder in childhood and adolescence, 880
Daniel P. Dickstein and Danella M. Hafeman
- 63** Depressive disorders in children and adolescents, 898
John T. Walkup and Jeffrey R. Strawn

- 64** Self-harm in young people, 915
Dennis Ougrin and Michael Kaess

C: Behavior

- 65** Oppositional defiant and conduct disorders, 937
Stephen Scott and Christian Bachmann
- 66** Substance use and substance use disorder, 956
Eilish Gilvarry
- 67** Personality disorders, 975
Jonathan Hill and Carla Sharp

D: Somatic/body–brain

- 68** Sleep and sleep disorders in children and adolescents, 995
Eleanor L. McGlinchey and Judith A. Owens
- 69** Feeding and eating disorders, 1016
Rachel Bryant-Waugh and Julian Baudinet
- 70** Somatic symptom and related disorders, 1035
Charlotte Ulrikka Rask, Laura Markley and Eva Szigethy

Index, 1054
