UNIT 1	Principles of Caring for the Older Person	1
Chapter 1	Ageing and Ageing Populations	3
	<i>Elaine Francis</i>	
	Introduction	3
	What Is Ageing?	4
	What Age Is 'Old Age'?	4
	Trends in Population Ageing	4
	Exploring Representations of Ageing and Older People	6
	Interpersonal Ageism	7
	Self-directed Ageism	8
	Institutional Ageism	8
	Ageing, Health and Society	9
	Conclusion	10
	References	10
Chapter 2	Healthy Ageing	13
	<i>Stuart Nicholson and Laura Graham</i>	
	Introduction	13
	Healthy Ageing and Ageing Well	14
	Public Health Approaches	16
	Psychological Well-being	17
	Positive Relationship Support (Sexuality and Sexual Relationships)	19
	Social Prescribing	21
	Conclusion	22
	References	22
	Further Reading	24
Chapter 3	Person-Centred Care – Caring for Older People	25
	<i>Sue Tiplady, Jane Murray, and Isabel Quinn</i>	
	Introduction	25
	Person-Centred Care	26
	Personhood	28
	Person-Centred Communication	29
	Cultural Considerations	32
	Becoming More Person-Centred	33
	Conclusion	33
	References	34
	Further Reading	35

Chapter 4	Legal and Professional Context of Care	37
	<i>James Mingham, Esther Clift, and Isabel Quinn</i>	
	Introduction	37
	Professional Regulation	38
	Professional Codes of Conduct	40
	Duty of Care	40
	Information Governance	40
	Confidentiality	40
	Information Sharing	41
	Consent	41
	Mental Capacity Act	42
	Lasting Power of Attorney	43
	Best Interest Decision-Making	44
	Deprivation of Liberty Safeguards	44
	Health and Social Care Act (2012)	44
	The Care Act (2014)	45
	Safeguarding and Raising Concerns	45
	Conclusion	46
	References	46
	Further Reading	47
Chapter 5	Communication	49
	<i>Eilaine White</i>	
	Introduction	49
	Communication, Ageing and Health	50
	Cultural Considerations	52
	Good Communication Practice When Assessing Older Adults	52
	Shared Decision-Making	52
	Health Literacy	53
	Advocacy	54
	Caring Conversations	55
	Professional Communications Across Teams	56
	Transitions of Care	57
	Conclusion	57
	References	58
	Further Reading	58
Chapter 6	Approaches to Care for Working with Older People	59
	<i>Donna Massey, Hayley Bamber, Ursula Roberts, and Kirsty Marshall</i>	
	Introduction	59
	An Outline of the Approaches to Care of the Older Person	60
	Co-production	60
	Multidisciplinary	60
	Interdisciplinary	61
	Transdisciplinary	61
	Integrated Care	61
	Technology-Enhanced Care and Its Role in Models of Care	62
	Caring for a Person Living with Dementia in the Community: Discussion	63
	The Importance of Comprehensive Assessment: Discussion	65
	Conclusion	67
	References	67

Chapter 7	Settings of Care	69
	<i>Stacey Louise Finlay, Philip Hodgson, and Kevin Murphy</i>	
	Introduction	69
	Place and Importance of Place	70
	Enablers of Ageing in Place	72
	Adult Social Care	72
	Alternative Housing	73
	Community Support	73
	Intermediate Care and Reablement	74
	Emergency and Urgent Care for Older People	75
	Urgent Community Response	75
	Hospital at Home	75
	Emergency Department	76
	Same Day Emergency Care	76
	Care Homes	76
	Care of Older People in Prison	78
	Conclusion	78
	References	79
	Further Reading	81
Chapter 8	Carer and Family Support	83
	<i>Elaine Francis and Judy Mattison</i>	
	Introduction	83
	Definition	84
	What Matters to Carers?	85
	Caring for Carers	87
	Wider Health and Care Issues	89
	Health Care Costs and Accessibility	89
	Conclusion	91
	References	91
	Further Reading	92
Chapter 9	Multimorbidity	93
	<i>Jenny Allen and Esther Clift</i>	
	Introduction	93
	Definitions	93
	Prevalence	94
	Impact of Multimorbidity	94
	Research and Impact on Care Guidelines	95
	Conclusion	99
	References	100
	Further Reading	102
Chapter 10	Frailty and Comprehensive Geriatric Assessment	103
	<i>Stacey Louise Finlay and Claire Pryor</i>	
	Frailty as a Syndrome	103
	Risk Factors	104
	Ageism	105
	Biological Sex and Frailty	106
	Identification and Assessment of Frailty	106
	Assessing Frailty	108
	The Domains of the CGA	109

	The Problem List	111
	Care and Support Planning	112
	Conclusion	113
	References	113
	Further Reading	114
UNIT 2	Anatomy and Physiology of Ageing	115
Chapter 11	The Anatomy and Physiology of the Brain and Nervous System	117
	<i>Barry Hill and Alison Young</i>	
	Introduction	117
	Structural Changes in the Ageing Brain	118
	Functional Changes in the Ageing Brain	118
	Clinical Implications	119
	Delirium	120
	Dysphasia	122
	Altered Pathophysiology in the Older Person	122
	Considerations of the Impact for People and Care	124
	Caring for Carers	124
	Epilepsy in Older People	125
	Medicines Management	125
	Stroke in Older People	126
	Conclusion	128
	References	128
Chapter 12	The Anatomy and Physiology of the Senses	131
	<i>Debbie Findlay</i>	
	Introduction	131
	Anatomy and Physiology of Ageing on Hearing	131
	Anatomy and Physiology of Ageing on Taste	133
	Anatomy and Physiology of Ageing on Smell (Olfaction)	134
	Anatomy and Physiology of Ageing on Touch	135
	Anatomy and Physiology of Ageing on Vision	135
	Anatomy and Physiology of Ageing on Cranial Nerves which Impact the Senses	136
	The Impact of Sensory Changes with Ageing	137
	Considerations of the Impact on People and Care	138
	Conclusion	139
	References	139
Chapter 13	The Anatomy and Physiology of the Cardiovascular System	143
	<i>Stuart Barker</i>	
	Introduction	143
	The Heart	143
	The Ageing Heart	144
	The Conduction System of the Heart	145
	The Ageing Conduction System	146
	The Vascular System	147
	Peripheral Vascular Disease	149
	Coronary Artery Disease	149
	Regulation of Blood Pressure	150
	The Baroreceptor Reflex	150

	Heart Failure	152
	Conclusion	153
	References	153
Chapter 14	The Anatomy and Physiology of the Respiratory System	155
	<i>Karen Corder and Elaine Henderson</i>	
	Introduction	155
	The Respiratory System	155
	Gas Exchange	156
	Changes in the Ageing Body that Affect the Respiratory System	159
	Psychological Considerations for People with Respiratory Diseases	161
	The Impact for People and Care	163
	Conclusion	164
	References	164
Chapter 15	The Anatomy and Physiology of the Gastrointestinal System	167
	<i>Claire Norman</i>	
	Structures	168
	The Small and Large Intestines	170
	The Processing of Food	174
	Circulation	175
	Dysphagia	175
	Bowel Care	176
	Constipation	176
	Conclusion	177
	References	177
Chapter 16	The Anatomy and Physiology of the Renal and Genitourinary System	179
	<i>Barry Hill and Claire Pryor</i>	
	Introduction	179
	The Renal System	180
	Age-Related Changes	180
	Renal Blood Flow and Filtration Efficiency	181
	Electrolyte Imbalances and Fluid Overload	181
	Excretion and Waste Management in Ageing	182
	Anatomy and Physiology of an Ageing Genitourinary System	183
	Reproductive Health and Sexual Health in Ageing	184
	Medicines Management	185
	Discussion	187
	Conclusion	187
	References	188
Chapter 17	The Anatomy and Physiology of the Endocrine System	191
	<i>Barry Hill and Dominic Simpson</i>	
	Introduction	191
	Changes to the Endocrine System in Ageing	192
	Understanding Hormonal Changes in Older People	193
	Diabetes in Older People	196
	Principle of Pharmacology	199
	Conclusion	202
	References	203

Chapter 18	The Anatomy and Physiology of the Immune and Haematological Systems	205
	<i>Helen Evans and Claire Pryor</i>	
	Introduction	205
	The Ageing Immune System	206
	B-Cell and T-Cell Lymphocytes	206
	Dendritic Cells	207
	Macrophages	207
	Natural Killer Cells	208
	The Innate and Acquired Immune System	209
	Vaccinations in Older People	209
	The Ageing Haematological System	210
	Conclusion	212
	References	212
Chapter 19	The Anatomy and Physiology of the Musculoskeletal System	215
	<i>Alex Hemsley and Sue Tiplady</i>	
	Introduction	215
	The Musculoskeletal System and Age-Related Changes	215
	Sarcopenia	216
	Osteoporosis	220
	Osteo-sarcopenia	223
	Osteoarthritis	224
	Conclusion	226
	References	227
	Further Reading	228
Chapter 20	The Anatomy and Physiology of the Integumentary System	229
	<i>Sue Tiplady</i>	
	Introduction	229
	Effects of Ageing on the Skin	229
	Skin Care	234
	Skin Assessment	234
	Skin Tears	237
	Moisture-Associated Skin Damage	238
	Personal Hygiene	238
	Considerations for Personalised Care Planning for Personal Hygiene	239
	Conclusion	240
	References	240
	Further Reading	241
UNIT 3	Care Management	243
Chapter 21	Assessing and Managing Pain in Older People	245
	<i>Isabel Quinn</i>	
	Introduction	245
	Pain Classification	246
	Pain Assessment in Older People	250
	Pain Management	252
	Conclusion	255
	References	255

Chapter 22	Mental Health and Learning Disability in Ageing	257
	<i>Lynette Harper and Sarah Mackay</i>	
	Introduction	257
	Functional Mental Health	257
	Substance Misuse	259
	Pain Assessment	260
	Neurodiversity in Older Adults	263
	Capacity and Consent for All	264
	Conclusion	265
	References	266
Chapter 23	Dementia	269
	<i>Shibley Rahman and Claire Pryor</i>	
	Introduction	269
	Diagnosis	271
	Prevention and Risk Reduction	273
	Communication	274
	Meaningful Activities and Independence	274
	Living Well with Dementia	275
	Carer Support	275
	Distress and Communication	277
	Medicines Management	277
	Conclusion	279
	References	279
Chapter 24	Nutrition and Hydration Care	281
	<i>Philip Hodgson, Sarah Docherty, and Glenda Cook</i>	
	Introduction	281
	Nutrition Care: Assessment	282
	Nutrition Care: Practices	284
	Hydration Care: Assessment	285
	Hydration Care: Practices	286
	Conclusion	288
	References	288
Chapter 25	The Recognition and Assessment of the Acutely Ill Older Person	291
	<i>Tony Conner, Deborah Leetham, and Sue Tiplady</i>	
	The Importance of Recognising Acute Illness in the Older Person	291
	Atypical Presentation	292
	The Influence of Comorbidities	293
	The Importance of Social Support	293
	The Assessment of the Acutely Unwell Older Person	293
	Sepsis in the Older Person	297
	Typical and Atypical Presentation of Sepsis in Older People	298
	The Assessment of Sepsis	299
	The Treatment of Sepsis	300
	Prevention of Sepsis	302
	Conclusion	303
	References	303
	Further Reading	305

Chapter 26	Pharmacology and Medicines Management	307
	<i>Joanne Dunn, Claire Pryor, Janet Wilkinson, and Patrick Dawodu</i>	
	Introduction	307
	Anticholinergic Burden	312
	Deprescribing	312
	Screening Tool of Older Persons' Potentially Inappropriate Prescriptions (STOPP) and the	
	Screening Tool to Alert to Right Treatment (START)	313
	Concordance Support	313
	Social and Support Consideration for Medication and Medication Optimisation	314
	Conclusion	315
	References	315
Chapter 27	End-of-Life Care	317
	<i>Nicola Payne and Isabel Quinn</i>	
	Introduction	317
	Death and Dying in Older People	317
	End-of-Life Care	318
	The Relationship Between Supportive Care, Palliative Care and Terminal Care	318
	When Is 'End of Life'	319
	Advance Care Planning	321
	Preferred Place of Death	322
	Ethical Challenges	323
	Emotional Support	323
	End-of-Life Symptoms	324
	Care in the Last Days and Hours of Life	324
	Care After Death	326
	Conclusion	326
	References	326
	Further Reading	327
