

1. Introduction

- 1: Being a good doctor, *Peter Chapman*
- 2: The rights of the patient, *Martyn Patel*
- 3: Anaesthetics for otolaryngology, *Simon Fletcher*
- 4: Practicing otolaryngology in the COVID era, *Andrew Thamboo*

2. Otolology and Audiology

- 5: Clinical and audiological assessment of hearing, *Gemma Crundwell*
- 6: Tinnitus and disorders of sound tolerance, *Don McFerran*
- 7: Vertigo, *Peter Rea and Joel Goebel*
- 8: Otagia and otorrhoea, *Phil Clamp*
- 9: Aural fullness, *Holger Sudhoff*
- 10: Facial nerve palsy, *Richard Irving*
- 11: Sensorineural hearing loss, *Ted Meyer*
- 12: Conductive (or mixed) hearing loss with an intact tympanic membrane, *Paul Merkus and Thade Goderie*
- 13: Abnormalities of the external auditory canal, *Pablo Reyes and Miguel Vaca González*
- 14: Meniere's disease and vestibular migraine, *Louisa Murdin*
- 15: Benign paroxysmal positional vertigo, *Jeffery Sharon and Danielle Gillard*
- 16: Audiovestibular implants, *Neil Donnelly and Patrick Axon*
- 17: Noise induced hearing loss, *Peter Webber*
- 18: Lateral skull base disease, *Walter Kutz and Daniel Killeen*
- 19: Cholesteoma, *Neil Baillie*
- 20: Stapes surgery, *Chris Aldren*
- 21: Ossiculoplasty, *Chris Aldren*
- 22: Tympanoplasty, *Matthew Clark*
- 23: Temporal bone trauma, *Nicola Quaranta*
- 24: Necrotising otitis externa, *Emma Stapleton and Glen Watson*

3. Rhinology

- 25: Clinical assessment of the nose and paranasal sinuses, *Andrew Swift*
- 26: Disturbances of olfaction, *Carl Philpott*
- 27: Epistaxis, *Raj Bhalla and John Phillips*
- 28: Septal perforation, *Tim Woolford*
- 29: Rhinorrhoea, *Amin Javer*
- 30: Post-nasal drip, *Isma Iqbal*
- 31: Headache and facial pain, *Iain Hathorn*
- 32: Epiphora, *Ashok Rokade*
- 33: Nasal obstruction, *Peter Andrews*
- 34: Nasal crusting, *Catherine Rennie*
- 35: Rhinoplasty, *Fazil Apaydin*
- 36: Acute sinus disease, *Isam Alobid*
- 37: Endoscopic sinus surgery, *Claire Hopkins*
- 38: Chronic sinus disease, *Richard Harvey*
- 39: Sinonasal tumours, *Carl Snyderman*
- 40: Surgical facial rejuvenation, *Ozcan Cakmak and Mahmoud Daoud*

- 41:Non-surgical facial rejuvenation, *Alwyn D Souza and Chew Lip Ng*
42:Allergy, *Richard Douglas*
43:Hereditary haemorrhagic telangiectasia, *Simon Gane*
44:Endoscopic approaches to the anterior skull base, *Shahz Ahmed*
45:Anterior skull base reconstruction, *Caroline Smith, Omar Pathmanaban, and Raj Bhalla*

4. Head and Neck Surgery

- 46:Approach to the patient presenting with head and neck symptoms, *Vinidh Paleri*
47:Dysphonia, *Yakubu Karagama*
48:Dysphagia, *Somiah Siddiq and Reza Nouraie*
49:Sore throat, *Jenny Montgomery*
50:Neck mass, *Cameron Davies-Husband and David Walker*
51:Snoring and sleep apnoea, *Khalid Ghuffoor and Jahangir Ahmed*
52:Acute and subacute airway compromise, *Navin Mani and Sofia Clegg*
53:Head and neck trauma, *Jai Manick*
54:Oral ulcer, *Stefano Fedele*
55:Laryngeal precancer and cancer, *David Hamilton and Anna Thompson*
56:Oropharyngeal cancer, *Zaid Awad and Dorothy Gujral*
57:Oral precancer and cancer, *Deepa Nair*
58:Salivary gland tumours, *Nitin Pagedar*
59:Thyroid cancer, *Neil Sharma*
60:Pharyngeal pouch and hypopharynx cancer, *Laura Warner*
61:Nasopharyngeal cancer, *Shree Bhide and Pablo Nencares*
62:Neck space infections, *Zi-Wei Liu*
63:Parathyroid disease, *Mimi Irune*
64:Reconstruction of the head and neck, *Vijay Haribakti*
65:Non-surgical treatments for head and neck cancer, *Shahid Iqbal*
66:Rehabilitation of the head and neck cancer patient, *Jo Patterson and Sarah Stephen*
67:Benign neck lumps, *Samantha Hassid*
68:Head and neck pathology, *Max Robinson*
69:Head and neck imaging, *Dev Ap Daffyd*
70:Tracheostomy care, *Asit Arora*
71:Phonosurgery, *Kate Heathcote*
72:Movement disorders of the Larynx, *Julia Selby*

5. Paediatrics

- 73:Assessment of the neonate, infant, child and adolescent, *Hasnaa Ismail Koch and Andrea Burgess*
74:Acute airway compromise, *Sanjay Parikh and Sean Evans*
75:Snoring and Noisy Breathing, *Kate Stephenson and Michael Kuo*
76:Sore throat, *Nico Jonas and Alex Millington*
77:The runny nose, *Su De and Ravi Sharma*
78:Blocked nose, *Neil Chadha*
79:Dysphonia, *Scott Rickert and Eadaoin O'Cathain*
80:Dysphagia, *Michelle Wyatt and Vicky Thorpe*
81:Neck masses, cysts, and sinuses, *Haytham Kubba and Tash Kunanandam*
82:Droling and salivary glands, *Neil Bateman*

- 83:Paediatric hearing loss, *Ian Bruce, Jaya Nichani, and Adam Walker*
- 84:The painful or discharging ear, *Ricky Pal and Mark Felton*
- 85:The dizzy child, *Alok Sharma and Gundula Thiel*
- 86:Laryngotracheal Stenosis, *Ben Hartley and Claire Fauensfelder*
- 87:Tonsillectomy and Adenoidectomy, *Keith Trimble*
- 88:Otitis Media with Effusion, *Mat Daniel*
- 89:Cleft and craniofacial abnormalities, *Louisa Ferguson*
- 90:Common paediatric ENT syndromes, *Ravi Thevasagayam and Sanj Gupta*
