

Contributors

Chapter 1: Epidemiology and World View of Genetic Eye Disease

David A. Mackey

Chapter 2: Genetic Counseling for Inherited Eye Disorders

Joanne E. Sutherland, Alexandria Haseley, & Meghan J. DeBenedictis

Chapter 3: Breaking Bad News

Moriah Edwards & Diana Brightman

Chapter 4: Vision Rehabilitation of the Patient with Genetic Eye Disorder

Kelly Lusk & Terry Schwartz

Chapter 5: Embryology and Development of the Eye

Robert B. Hufnagel

Chapter 6: Malformations of the Ocular Adnexae

Jessica Crawford, Cameron B. Nabavi, Elias I. Traboulsi, & Jill A. Foster

Chapter 7: Nanophthalmos

Eduardo Duarte Silva

Chapter 8: Anophthalmia, Colobomatous Microphthalmia, and Optic Fissure Closure Defects

Matthew D. Benson, Elias I. Traboulsi, & Brian P. Brooks

Chapter 9: Cornea Plana

Arif O. Khan

Chapter 10: Malformations of the Anterior Segment of the Eye

James E.H. Smith, Elias I. Traboulsi, & Janey L. Wiggs

Chapter 11: Aniridia and PAX6

Robert B. Hufnagel, Reecha S. Bahl, & Elias I. Traboulsi

Chapter 12: Congenital Anomalies of the Optic Nerve

Matthew D. Benson, Elias I. Traboulsi, & Brian P. Brooks

Chapter 13: Congenital Abnormalities of the Retinal Pigment Epithelium

Megan S. Steinkerchner, Arturo Santos, Morton F. Goldberg, & Elias I. Traboulsi

Chapter 14: Prenatal Imaging of Eye and Ocular Adnexa

Saloni Kapoor, Olivia W. Foley, & Arun D. Singh

Chapter 15: Ocular Manifestations of Syndromes with Craniofacial Abnormalities

Nasrine Anais El-Salloukh & Elias I. Traboulsi

Chapter 16: Ocular Manifestations of Chromosomal Abnormalities

Lorena M. Haefeli, Sorath Noorani Siddiqui, & Alex V. Levin

Chapter 17: Clinical Diagnosis of the Child with a Syndrome that Includes Ocular Anomalies

Onochie Ike Okoye & Alex V Levin

Chapter 18: Corneal Dystrophies

Walter Lisch, Elias I. Traboulsi, Natalie A Afshari, & Dimitri T. Azar

Chapter 19: The Genetics of Keratoconus and Related Diseases

Katarzyna Jaskiewicz & Marzena Gajecka

Chapter 20: Genetics of Primary Congenital Glaucoma

Arif O. Khan

Chapter 21: Molecular Genetics of Juvenile and Adult-Onset Primary Open Angle Glaucoma

Mansoor Sarfarazi

Chapter 22: Genetics of Cataract

Alaa Tayyib, Madhavan Jagadeesan, & Elise Héon
Chapter 23: Molecular Genetics of Closed Angle Glaucoma
Elise Héon, Kavin Selvan, Alaa Tayyib, & Ajoy Vincent
Chapter 24: Electrophysiological Testing in Genetic Eye Disease
Rebecca M. Schur, Neal S. Peachey, & Alex Yuan
Chapter 25: Electroretinography in Children
Wanda L. Pfeifer & Arlene V. Drack
Chapter 26: Genetic Pathways in Inherited Retinal Disorders and Targets for Therapy
Ashley Z. Zhou, Esra Sahli, Laura A. Jenny, Jinjie Ling, & Stephen H. Tsang
Chapter 27: Imaging in Inherited Retinal Dystrophies
Matthew W. Russell, Elias I. Traboulsi, & Justis P. Ehlers
Chapter 28: Imaging in Congenital and Genetic Optic Nerve Anomalies
Tais Estrela, Nathan Troy Tagg, & Mays El-Dairi
Chapter 29: Retinitis Pigmentosa
David G. Birch & Abigail Fahim
Chapter 30: Juvenile Retinoschisis
Lucia Ziccardi & Paul A. Sieving
Chapter 31: Achromatopsia-Rod Monochromacy
Susanne Kohl, Stylianos Michalakis, & Katarina Stingl
Chapter 32: Cone Dysfunction Syndromes, Cone Dystrophies, and Cone-Rod Degenerations
Sarah Hull & Elias Traboulsi
Chapter 33: North Carolina Macular Dystrophy (NCMD/MCDR1/MCDR3/PRDM13/IRX1), Progressive Bifocal Chorioretinal Atrophy (PBCRA), and Congenital Posterior Polar Chorioretinal Hypoplasia (CPPCRH)
Kent Small & Fadi Shaya
Chapter 34: Bestrophinopathies
Filip Van den Broeck & Bart P. Leroy
Chapter 35: NR2E3-Linked Retinal Degenerations: Enhanced S-Cone Sensitivity Syndrome, Goldmann-Favre Syndrome, Clumped Pigmentary Retinal Degeneration, and Retinitis Pigmentosa
Pascal Escher
Chapter 36: Disorders of Color Vision
Maureen Neitz & Jay Neitz
Chapter 37: Stargardt Disease (ABCA4-associated Retinopathies)
Virginia Miraldi Utz & Elias I. Traboulsi
Chapter 38: Congenital Stationary Night Blindness
Christina Zeitz & Isabelle Audo
Chapter 39: Choroideremia
Ian M. MacDonald, Fay Zhai, Manlong Xu, Alina Radziwon, & Miguel Seabra
Chapter 40: Leber Congenital Amaurosis and Early-Onset Severe Inherited Retinal Degenerations: Clinical, Genetic, and Therapeutic Perspectives
Tomas S. Aleman & Robert K. Koeneke
Chapter 41: Norrie Disease, Familial Exudative Vitreoretinopathy, and Other Developmental Retinal Vascular Disorders
Johane M. Robitaille

Chapter 42: Pattern Dystrophies of the RPE
Kevin C. Allan & Alex Yuan

Chapter 43: Hereditary Optic Neuropathies
Veeral S. Shah, Razek Coussa, & Elias I. Traboulsi

Chapter 44: The Genetics of Infantile Nystagmus and Associated Inherited Diseases
Veeral S. Shah, Elias I. Traboulsi, & Irene Gottlob

Chapter 45: The Genetics of Strabismus and Associated Disorders
Mary C. Whitman, Gena Heidary, Elias I. Traboulsi, & Elizabeth C. Engle

Chapter 46: Mitochondrial Inherited Primary Retinopathies and Optic Neuropathies
Razek Georges Coussa, Tomas S. Aleman, & Marni J. Falk

Chapter 47: Ectopia Lentis and Associated Systemic Disease
Elias I. Traboulsi, Noor Ghali, & Suneel B. Apte

Chapter 48: Ocular Manifestations of Peroxisomal Disorders
Lesley A. Everett & Mark E. Pennesi

Chapter 49: Albinism
Alina V Dumitrescu

Chapter 50: Ocular Manifestations of Neuro-Oculo-Cutaneous Syndromes
Manikum Moodley, Mary E. Aronow, Karla Robles-Lopez, & Virginia A. Miraldi Utz

Chapter 51: Ciliopathies: Basic Mechanisms
Brian D. Perkins

Chapter 52: Usher Syndrome: Phenotype and Molecular Insights
Sudan Puri, Wadih M. Zein, Sehar Riaz, Robert Hufnagel, Saima Riazuddin, & Zubair M. Ahmed

Chapter 53: Pigmentary Retinopathy in Systemic Inherited Disease
Eduardo Silva, Reecha Bahl, & Elias I. Traboulsi

Chapter 54: Ocular Manifestations of Inherited Neurodegenerative Disorders
Laryssa A. Huryn

Chapter 55: Genetic Inflammatory Diseases with Ocular Involvement
Marci Macaraeg, Arjun Sood, Mehmet Eren Guner, Melis Kabaalioglu Guner, Grant Schulert, Vinit B. Mahajan, Virginia Miraldi Utz, & Sheila T. Angeles-Han

Chapter 56: Systemic Associations of Eyelid Tumors
Saloni Kapoor, Elias I. Traboulsi, & Arun D. Singh

Chapter 57: Genetic Aspects of Uveal Melanoma
Valeria Visconte, Nakul Singh, & Arun D. Singh

Chapter 58: Genetics of Retinoblastoma
Nasrine Anais El Salloukh & Arun Singh

Chapter 59: Emerging Instruments for Measuring Patient-Reported Outcomes in Inherited Retinal Diseases
Alejandra M. Maiz, Rebhi Abuzaitoun, & K. Thiran Jayasundera
