

1. GENERAL PRINCIPLES

- o *Toolkit A* – Radiation Protection Principles: Repetita Iuvant
- o *Toolkit B* – Tips & Tricks for Percutaneous Access
- o *Toolkit C* – Handling Guidewires
- o *Toolkit D* – Handling Catheters
- o *Toolkit E* – Tips & Tricks for Managing Hemostasis of Percutaneous Access

2. TIPS & TRICKS IN INFRAINGUINALE PATHOLOGY

- o *Toolkit A* – Tips & Tricks in CTO Recanalization
- o *Toolkit B* – Tips & Tricks in Complex Recanalizations
- o *Toolkit C* – CTO Crossing Algorithm
- o *Toolkit D* – Tips & Tricks in Vessel Preparation
- o *Toolkit E* – Tips & Tricks for the Use of Drug-Eluting Balloons
- o *Toolkit F* – Tips & Tricks for Anastomotic PTA and Stenotic Patch PTA
- o *Toolkit G* – Tips & Tricks in the Endovascular Treatment of Acute Arterial Lesions
- o *Toolkit H* – Tips & Tricks in Popliteal Aneurysms

3. TIPS & TRICKS IN AORTO-ILIAC OBSTRUCTIVE PATHOLOGY

- o *Toolkit A* – Management of Percutaneous Access in Aortoiliac Pathology
- o *Toolkit B* – Tips & Tricks for Aortoiliac Stenoses and Occlusions
- o *Toolkit C* – The CERAB Technique
- o *Toolkit D* – Hybrid Procedures in the Context of Iliac-Femoral Recanalizations

4. TIPS & TRICKS IN ABDOMINAL AORTIC ANEURYSMS

- o *Toolkit A* – Tips & Tricks in infrarenal AAAs
- o *Toolkit B* – Tips & Tricks for Challenging Necks in AAA
- o *Toolkit C* – Tips & tricks in the Choice of Infrarenal Endograft

5. TIPS & TRICKS IN ILIAC ANEURYSMS

- o *Toolkit A* - Isolated aneurysms of the iliac arteries
- o *Toolkit B* - Algorithm for the Treatment of Iliac Aneurysms
- o *Toolkit C* - Tips & Tricks in the Management of Hypogastric Aneurysms

6. ADVANCED TIPS & TRICKS IN THE MANAGEMENT OF ENDOLEAKS AND PSEUDOANEURYSMS

- o *Toolkit A* - Tips & Tricks in Endoleak Treatment
- o *Toolkit B* - Tips & Tricks in the Percutaneous Treatment of Iatrogenic Femoral Pseudoaneurysms
