

Χαρακτηριστικά:

- Suitable for every level of medical student in Australia and New Zealand as well as those in the UK, Ireland, Canada and across Asia and Africa – from pre-clinical studies through to final exams
- Offers a systematic approach to physical examination and history taking
- Includes all important specialties – including women’s health, paediatrics, mental health, and acute care
- Fully updated with the latest evidence, references and historical notes
- Content organised to maximise comprehension, with supporting full-colour figures, comments, footnotes and aide-memoires
- Additional online material to support learning
- New section on dermatology and skin colour and the racial differences in disease
- Content displayed separately for junior and more advanced students
- New videos demonstrating physical examination techniques

Περιεχόμενα:

1. Basic physician training
2. The written examination
3. The clinical examination
