

## Χαρακτηριστικά:

- Comprehensive coverage uses a **system-by-system approach to clinical pathophysiology** for the occupational therapist or occupational therapy assistant
- Includes both cognitive pathophysiology and pathophysiology affecting mental health with application for occupational therapy
- Clear guidelines help you learn to **recognize yellow flags and red flags** in the occupational therapy setting
- **Case studies** enhance your understanding and highlight the practical application of key concepts to occupational therapy practice
- **Coverage across the life span** addresses conditions affecting pediatric, adolescent, adult, and older adult populations
- **Enhanced eBook version**, *included with every new print purchase*, allows digital access to all the text, figures, and references, with the ability to search, customize content, make notes and highlights, and have content read aloud

## Περιεχόμενα:

### Section I: Pathophysiology Through the Lifespan

#### Part I: The Client Interview

1. Screening for Occupational Therapy
2. Red Flags and the Occupational Therapy Scope of Practice

#### Part II: Pediatric Conditions

3. Prenatal and Genetic Pathophysiology
4. Typical Development and Pathophysiology During Infancy
5. Typical Development and Pathophysiology During Early and Middle Childhood

#### Part III: Adolescent Conditions

6. Typical Development and Pathophysiology During Female Adolescence
7. Typical Development and Pathophysiology During Male Adolescence

#### Part IV: Adult and Older Adult Conditions

8. Typical Development and Pathophysiology During Early and Middle Adulthood
9. Typical Development and Pathophysiology During Late Adulthood

### Section II: Pathophysiology by System

10. Cellular Pathophysiology and Neoplasms
11. Hematologic Pathophysiology

12. Integumentary Pathophysiology
13. Cardiovascular Pathophysiology
14. Pulmonary Pathophysiology
15. Gastrointestinal Pathophysiology
16. Hepatic and Biliary Pathophysiology
17. Urogenital Pathophysiology
18. Endocrine and Metabolic Pathophysiology
19. Environmental Pathogens and Neoplasms
20. Neuromusculoskeletal Pathophysiology

### **Section III: Pathophysiology Affecting Cognition**

21. Cognition: Theoretical Constructs and Historical Overview
22. Cognitive Pathophysiology

### **Section IV: Pathophysiology Affecting Mental Health**

23. Mood Disorders
24. Anxiety Disorders
25. Personality Disorders
26. Psychotic Disorders
27. Eating Disorders
28. Posttraumatic Stress Disorder
29. Substance Use Disorders

### **Section V: Pathophysiology and the Occupational Therapy Practitioner**

30. Pathophysiology and the Role of the Occupational Therapy Practitioner

Glossary of Pathophysiological Conditions

Glossary of Medical Conditions and Comorbidities
